The Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la R publique du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict The Anglophone Question cannot vanish by some political maneuver as Cameroon s senile nonagenarian president has done over the decades with his ossified knee excruciatingly painful on the nation s neck That is my takeaway after reading this insightful well argued exhaustively researched highly intellectualized yet practical compendium of chapters that bear an unapologetic witness to the horrific Anglophone Problem I celebrate the authors fearlessness articulation and lucid presentation as the establishment continues to seal its ears with candle wax I ll reverse President Paul Biya s mantra and say Rule 1 There is an Anglophone Problem Rule 2 When in doubt consult Rule 1 Uche Onyebadi PhD Texas Christian University Texas USA *African Multilingualisms* Pierpaolo Di Carlo,Jeff Good,2020-01-17

Cameroon is a land of much promise but a land of unfulfilled promises It has the potential to be an economically developed and democratic society but the struggle to live up to its potential has not gone well Since independence there have been only two presidents of Cameroon the current one has been in office since 1982 Endowed with a variety of climates and agricultural environments numerous minerals and substantial forests and a dynamic

population this is a country that should be a leader of Africa Instead we find a country almost paralyzed by corruption and poor management a country with a low life expectancy and serious health problems and a country from which the most talented and highly educated members of the population are emigrating in large numbers To all of this is recently added a serious terrorism problem Boko Haram in the north a separatist movement in the Anglophone west refugee influxes in the north and east and bandits from the Central African Republic attacking eastern villages This fifth edition of Historical Dictionary of the Republic of Cameroon contains a chronology an introduction and an extensive bibliography The dictionary section has over 300 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Republic of Cameroon

The Art of the Bambui Kingdom (Western Grassfields, Cameroon) Mathias Fubah Alubafi, 2014-03-26 Written as part of the Bambui Museum and Ecotourism Project BMEP this stunningly illustrated book introduces readers to the history of the Bambui fondom in the western Grassfields of Cameroon and presents an exhaustive interpretation of the artistic and cultural heritage of the fondom Initially conceived as part of an initiative launched in 2001 by Centro Orientamento Educativo an Italian NGO aimed at creating museums in some palaces of the Cameroon Grassfields the book serves as a pilot endeavour towards addressing problems associated with antiques and other cultural assets such as theft and the illegal traffic of objects the exploitation of poor fondoms by African art dealers and researchers from the West and the lack of education about the different ways and means the fondoms could employ to transform these resources to the benefit of all For anyone aspiring to learn about the rich and diverse art of Bambui in particular and the western Grassfields as a whole this book will prove useful especially since it is written by someone who has lived and is still living the Bambui experience

Ambazonian Nation: Dimensions of Identity and Freedom Harry A. Akoh,2024-02-21 This book documents the unusual courage by different generations of Ambazonians fighting to build a modern postcolonial nation state in Africa Written by experts in the field the chapters analyze the Ambazonia liberation struggle from different perspectives Examining the tangled origins of the Ambazonian war as well as documenting the region s extensive history of foreign occupation up until recent uprisings erupting in 2016 the contributors expose the unwillingness of the international systems to stand up to mandates and call for complete decolonization of the territory from French Cameroun This book forces a re examination of colonialism neo colonialism and post colonialism in West Africa especially in the relatively obscure area of black on black colonization and the inadequacy of international instruments in enforcing the universally accepted ideas from the previous century

Zintgraffs Explorations in Bamenda, Adamawa and the Benue Lands 1889/1892 E.M. Chilver,2010-08-30 The following pages initially prepared for limited circulation in 1961 contain brief extracts and summaries of those parts of Eugen Zintgraffs book NORD KAMERUN 1895 of most interest concerning the colonial Bamenda and Wum Division Zintgraffs book the first by a European about the Grassfields has not been translated and is hard to get second hand In using these notes the following points should be borne in mind Zintgraffs knowledge of Bali Mungaka and Hausa was very slight and his discussions of character motives and political institutions are consequently superficial and open to criticisms He had no means of checking what he was told or thought he was told He had no previous knowledge of any similar culture and no training in ethnographical method He was however a good observer and his descriptions of tools dress weapons and the like can be regarded as fairly reliable Finally it must be remembered that Zintgraff wrote the book to justify his own actions and to support that small but influential section of public opinion in Germany which favoured rapid imperial expansion A full account of the actions and motives of Zintgraffs opponents in the Kamerun Government and in the Colonial Bureau of the

German Foreign Office has not been written we only have one side of the story But there are some suggestive points made in Rudins GERMANS IN THE CAMEROONS and others referred to in these notes What is perhaps most striking about Zintgraffs account is the fact that the people of the Western Grassfields were not so isolated from one another or their neighbours as might be thought A network of trade friendships covered the country and big men exchanged gifts over long distances These links must be set beside the insecurity due to raids and slave catching and are well worth investigation
