Instructor's Manual for Generalist Practice, a Task-centered Approach Eleanor Reardon Tolson, 1994

The Task-Centred Book Peter Marsh, 2005 Mark Doel s and Peter Marsh s new book teaches the necessary practical skills by setting the approach in the context of the major concerns of modern social work and by linking it to its research basis

Theoretical Perspectives for Direct Social Work Practice Nick Coady, 2007-10-22 Print CourseSmart

Social Work Treatment 4th Edition Francis J. Turner, 1996-09-01

Social Work Treatment Francis J. Turner, 2017-03-23 First published in 1974 Social Work Treatment remains the most

popular and trusted compendium of theories available to social work students and practitioners It explores the full range of theoretical approaches that drive social work treatment and knowledge development from psychoanalysis to crisis intervention A treasure trove of practice knowledge the text equips professionals with a broad array of theoretical approaches each of which shine a spotlight on a different aspect of the human condition Emphasizing the importance of a broad based theoretical approach to practice it helps readers avoid the pitfalls of becoming overly identified with a narrow focus that limits their understanding of clients and their contexts This sweeping overview of the field untangles the increasingly complex problems ideologies and value sets that define contemporary social work practice The result is an essential A to Z reference that charts the full range of theoretical approaches available to social workers regardless of their setting or specialty

The Blackwell Companion to Social Work Martin Davies, 2013-04-01 Fully revised and restructured this fresh edition offers students and trainee social workers an incisive and authoritative introduction to the subject As well as entirely new sections on theory and practice the expert contributions which have shaped the companion's leading reputation have been updated and now include innovative standalone essays on social work theory Comprehensively reworked new edition comprising six substantive sections covering essential topics for trainee social workers in effect six books in one Includes an extensive introduction and chapters by leading experts on the focus and purpose of social work Provides a unified textbook for trainees and an invaluable professional reference volume Features a wealth of new material on theory and practice alongside detailed expositions of the social and psychological framework stages in the human life cycle and the objectives and core components of social work Each chapter lists five key points to remember questions for discussion and recommendations for further reading

Evidence-Based Practice Manual Albert R. Roberts, Kenneth Yeager, 2004-01-15 This book provides an interdisciplinary approach summarising the key elements issues concepts and procedures in developing and applying evidence based practice Discussions include programme evaluation quality and operational improvement strategies research grant applications utilising statistical procedures and more

Critical Practice in Social Work Robert Adams, Lena Dominelli, Malcolm Payne, 2009-04-16 What do social workers need to know in order to practise skilfully and effectively Edited by three Social Work's leading scholars the second edition of this highly respected textbook helps bridge the gap between social work theory and the challenges of day to day practice Versatile and thoughtful the book's simultaneous accessibility and depth make it essential reading suited for both social work students at undergraduate and post qualifying level Practitioners too will learn and benefit from the insights collected together in this valuable addition to their bookshelf

Fortune, Philip McCallion, Katharine Briar-Lawson, 2010-09-21 Social work professionals must demonstrate their effectiveness to legislators and governments not to mention clients and incoming practitioners A thorough evaluation of the activities ethics and outcomes of social work practice is critical to maintaining investment and interest in the profession and improving the lives of underserved populations Incorporating the concerns of a new century into a consideration of models for practice research this volume builds on the visionary work of William J Reid 1928 2003 who transformed social work research through empirically based and task centered approaches and more recently synthesized intervention knowledge for framing future study This collection reviews the task centered model and other contemporary Evidence Based Practice models for working with individuals families groups communities and organizations Essays demonstrate the value of these pragmatic approaches in the United States and international settings Contributors summarize state of the art methods in several key fields of service including children and families aging substance abuse and mental health They also evaluate the research movement itself outlining an agenda for today s sociopolitical landscape and the profession This volume inspires practice research to prioritize evidence as a base for the profession Social Workers' Desk Reference, 2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and

develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Theory & Practice in Clinical Social Work Jerrold R. Brandell, 2010-02-16 This thoroughly updated resource is the only comprehensive anthology addressing frameworks for treatment therapeutic modalities and specialized clinical issues themes and dilemmas encountered in clinical social work practice Editor Jerrold R Brandell and other leading figures in the field present carefully devised methods models and techniques for responding to the needs of an increasingly diverse clientele Key Features Coverage of the most commonly used theoretical frameworks and systems in social work practice Entirely new chapters devoted to clinical responses to terrorism and natural disasters clinical case management neurobiological theory cross cultural clinical practice and research on clinical practice Completely revised chapters on psychopharmacology dynamic approaches to brief and time limited clinical social work and clinical practice with gay men Content on the evidentiary base for clinical practice New detailed clinical illustrations in many chapters offering valuable information about therapeutic process dimensions and the use of specialized methods and clinical techniques Accompanied by Robust Ancillaries The password protected Instructor Teaching Site of the companion site includes a test bank recommended readings and relevant Internet websites The open access Student Study Site offers chapter summaries keywords recommended Web sites and recommended readings The extensive breadth of coverage makes this book an essential source of information for students in advanced practice courses and practicing social workers alike **Foundations of**

Evidence-Based Social Work Practice Albert R. Roberts Professor of Social Work and Criminal Justice Rutgers University, Kenneth R. Yeager Director of Quality and Operational Improvement Ohio State University Medical School, 2006-01-07 This concise introduction to evidence based social work practice culls the most salient chapters from the interdisciplinary Evidence Based Practice Manual to form a student friendly overview of the issues and interventions they will encounter throughout their BSW or MSW program Part I defines terms and critical issues introducing students to the language and importance of evidence based practice and critical thinking Chapters will explain how to search for evidence how to evaluate what evidence really is how to ask the right questions how to develop standards and how practitioners make

use of research Part II consists of practical applications with each chapter focusing on a particular intervention or population Topics include cognitive behavioral approaches to suicide risks manualized treatment with children treating juvenile delinquents and interventions for OCD anxiety disorders substance abuse PTSD depression and recovery Several chapters from the special edition of Brief Treatment Crisis Intervention on evidence based practice as well as two original chapters round out this much needed introduction to evidence based social work practice

Foundations of Evidence-Based Social Work Practice Albert R. Roberts, Kenneth R. Yeager, 2006-02-02 This concise introduction to evidence based social work is a student friendly overview of the issues and methods most frequently encountered while preparing for evidence based social work practice Part I defines terms and critical issues introducing students to the language and importance of evidence based practice and critical thinking Chapters will explain how to search for and evaluate evidence how to ask the right questions how to develop standards and how to make use of the best research Part II illustrates practical applications including such topics as cognitive behavioral approaches to suicide risks manualized treatment with children treating juvenile delinquents and interventions for OCD anxiety disorders substance abuse PTSD depression and recovery This much needed overview familiarizes students with the process and practice of evidence based social work teaching them to be critical thinkers and judicious decision makers The guidelines it distills are equally valuable to seasoned practitioners seeking to better serve their clients making this an excellent foundation for the study and practice of evidence based social work

Encyclopedia of Social Work with Groups Alex Gitterman, Robert Salmon, 2009-06-02 What do you have to know today to be an effective group worker and what are the different group work approaches With 110 articles and entries this book provides a comprehensive overview of social work with groups from its initial development to its astounding range of diverse practice today with many populations in different places The articles have been written by social workers trained in the group approach from the United States Canada England Australia Spain and Japan and all involved are well known group workers acknowledged as experts in the area The book covers all aspects of social work with groups including its history values major models approaches and methods education research journals phases of development working with specific populations and ages plus many more Each article includes references which can be a major resource for future exploration in the particular subject area Both editors have many years of productive work in group work practice and other areas and are board members of The Association for the Advancement of Social Work with Groups The Encyclopedia of Social Work with Groups will be of interest to students practitioners social work faculty novice and experienced group workers
