Wind Power Policies and Diffusion in the Nordic Countries Jon Birger Skjærseth, Teis Hansen, Jakob

Donner-Amnell, Jens Hanson, Tor Håkon Jackson Inderberg, Helle Ørsted Nielsen, Birgitte Nygaard, Markus Steen, 2023-07-03

This book focuses specifically on policy mixes and wind power diffusion in four Nordic countries Denmark Finland Norway and Sweden Although these Nordic welfare states have much in common they have adopted different wind power policies and experienced dissimilar diffusion trajectories Understanding these patterns across the Nordic countries is the central puzzle that this book investigates Empirically this book provides a first of its kind comparative study of wind power policies in the Nordic countries Analytically the authors contribute to the transition policy mix literature which remains largely insensitive to political feasibility This book will be of interest to researchers and students as well as private and public decision makers looking for tools to enable the energy transition
