 fifth of the world s energy consumption Population growth and the associated growth in housing commercial floor space
 transportation goods and services is expected to cause a 0.7 percent annual increase in energy demand for the foreseeable
 future The energy used by the commercial and residential sectors represents approximately 40 percent of the nation s total
 energy consumption and the share of these two sectors is expected to increase in the future The Commercial Buildings
 Energy Consumption Survey CBECS and Residential Energy Consumption Survey RECS are two major surveys conducted by
 the Energy Information Administration The surveys are the most relevant sources of data available to researchers and policy
 makers on energy consumption in the commercial and residential sectors Many of the design decisions and operational
 procedures for the CBECS and RECS were developed in the 1970s and 1980s and resource limitations during much of the
