

# FRAGILE EDGE

LOSS  
on  
EVEREST

*Maria Coffey*

with a foreword by

**Chris Bonington**

# Fragile Edge

**Carol Endler Sterbenz**

## **Fragile Edge:**

The Fragile Edge Julia Whitty, 2007 A mesmerizing scientifically rich portrait of the teeming coral reefs of Rangiroa in French Polynesia and the island of Moorea in the South Pacific

Fragile Edge Maria Coffey, 2003 **Fragile Edge** Maria Coffey, 2012-10-02 Maria Coffey's tale is at once a deeply personal love story and a penetrating look into the world of professional climbers. Such clarity and honesty are seldom seen in mountain writing. Greg Child, author of *Postcards from the Ledge*. Critically acclaimed *Fragile Edge* won the coveted International Literary Mountain prize for Maria Coffey's eloquently written story of how climbing tragedies affect those who are left behind. This is a powerful story that describes how she survived the loss of her long time partner, dealing with the sorrow and confusion, anger and healing. With openness and honesty, Coffey describes her love affair with elite British mountaineer Joe Tasker, who perished with his climbing partner Peter Boardman while attempting Everest's then unclimbed Northeast Ridge in 1982. She relives her experiences first within the hard partying mountaineering scene and then during her long journey to understanding and acceptance of the tragedy that cost her the man she loved. She gives us an insider's view of the life of a world class mountaineer and recounts her deeply moving pilgrimage with Boardman's widow across Tibet, a journey that retraced Tasker and Boardman's steps to their abandoned Advance Base Camp at 21,000 feet on Everest.

*Pilgrims of the Vertical* Joseph E. Taylor, 2010-10-15 Few things suggest rugged individualism as powerfully as the solitary mountaineer testing his or her mettle in the rough country. Yet the long history of wilderness sport complicates this image. In this surprising story of the premier rock climbing venue in the United States, *Pilgrims of the Vertical* offers insight into the nature of wilderness adventure. From the founding era of mountain climbing in Victorian Europe to present day climbing gyms, *Pilgrims of the Vertical* shows how ever-changing alignments of nature, technology, gender, sport, and consumer culture have shaped climbers' relations to nature and to each other. Even in Yosemite Valley, a premier site for sporting and environmental culture since the 1800s, elite athletes cannot be entirely disentangled from the many men and women seeking recreation and camaraderie. Following these climbers through time, Joseph Taylor uncovers lessons about the relationship of individuals to groups, sport to society, and nature to culture. He also shows how social and historical contexts influenced adventurers' choices and experiences and why some became leading environmental activists, including John Muir, David Brower, and Yvon Chouinard. In a world in which wild nature is increasingly associated with play and virtuous play with environmental values, *Pilgrims of the Vertical* explains when and how these ideas developed and why they became intimately linked to consumerism.

**Standing at the Edge** Joan Halifax, 2018-05-01 Joan Halifax is a clearheaded and fearless traveler, and in this book she offers us a map of how to travel courageously and fruitfully for our own benefit and the benefit of all beings. From the foreword by Rebecca Solnit, *Standing at the Edge* is an evocative examination of how we can respond to suffering, live our fullest lives, and remain open to the full spectrum of our human experience. Joan Halifax has enriched thousands of lives around the world through her work as a humanitarian, a social

activist an anthropologist and as a Buddhist teacher Over many decades she has also collaborated with neuroscientists clinicians and psychologists to understand how contemplative practice can be a vehicle for social transformation Through her unusual background she developed an understanding of how our greatest challenges can become the most valuable source of our wisdom and how we can transform our experience of suffering into the power of compassion for the benefit of others Halifax has identified five psychological territories she calls Edge States altruism empathy integrity respect and engagement that epitomize strength of character Yet each of these states can also be the cause of personal and social suffering In this way these five psychological experiences form edges and it is only when we stand at these edges that we become open to the full range of our human experience and discover who we really are Recounting the experiences of caregivers activists humanitarians politicians parents and teachers incorporating the wisdom of Zen traditions and mindfulness practices and rooted in Halifax s groundbreaking research on compassion Standing at the Edge is destined to become a contemporary classic A powerful guide on how to find the freedom we seek for others and ourselves it is a book that will serve us all

**Close to the Edge: The Story of Yes** Chris Welch,2009-11-11 Yes have now been on the rock circuit for an incredible 34 years Jon Anderson Steve Howe Rick Wakeman Chris Squire and Bill Bruford are just some of the star players who helped to make the band one of the greatest ever names in classic rock Their turbulent story spans the early days of pub and club gigs international supergroup status in the heyday of rock and various line ups since Chris Welch s definitive biography of Yes is once again updated to include the historic return of Rick Wakeman to the classic Yes line up during 2002 and their subsequent highly successful tour of America *Fragile Edge* Maria Coffey,1990 **Electron Microscopy** John J. Bozzola,Lonnie Dee Russell,1999 New edition of an introductory reference that covers all of the important aspects of electron microscopy from a biological perspective including theory of scanning and transmission specimen preparation darkroom digital imaging and image analysis laboratory safety interpretation of images and an atlas of ultrastructure Generously illustrated with bandw line drawings and photographs Annotation copyrighted by Book News Inc Portland OR *Classic Hand Tools* Garrett Hack,1999-10-01 Classic Hand Tools by Garrett Hack is a beautifully crafted tribute to the elegance utility and enduring legacy of traditional woodworking tools This richly illustrated volume is a deep dive into the evolution craftsmanship and continued relevance of traditional woodworking tools Hack shares insights on how to choose restore and use these tools effectively blending practical advice with reverence for their design and tactile satisfaction With the eye of a craftsman and the heart of a historian Hack explores the form and function of hand tools from chisels and planes to saws scrapers and marking gauges revealing how they shaped the art of woodworking long before the rise of machines Whether you re a seasoned woodworker a collector or simply fascinated by the quiet precision of handwork Classic Hand Tools is a visual and intellectual feast that reconnects readers with the soul of the craft **The Devouring** Renie Tagliatela,2022-08-19 BLURB The Devouring by Renie Tagliatela contains six slightly twisted tales of everyday events after

forty years a son comes home to his family two little boys are found at the bottom of a well a county sheriff goes on the hunt to find who is responsible a vengeful horse teaches his rider a valuable lesson a scam artist relentlessly pursues an old man with unexpected results a hospital wing experiences shadowy visitors when a stroke victim is admitted as a John Doe and an AI seeks refuge in a small community following the collapse of modern civilization *The World on Edge* Edward S. Casey, 2017-07-12

From one of continental philosophy's most distinctive voices comes a creative contribution to spatial studies environmental philosophy and phenomenology Edward S Casey identifies how important edges are to us not only in terms of how we perceive our world but in our cognitive artistic and sociopolitical attentions to it We live in a world that is constantly on edge yet edges as such are rarely explored Casey systematically describes the major and minor edges that configure the human and other than human realms including our everyday experience He also explores edges in high stakes situations such as those that emerge in natural disasters moments of political and economic upheaval and encroaching climate change Casey's work enables a more lucid understanding of the edge world that is a necessary part of living in a shared global environment
