Enemies Within:

Enemies Within Franca Iacovetta, Roberto Perin, Angelo Principe, 2000-01-01 Enemies Within is the first study of its kind to examine not only the formulation and uneven implementation of internment policy but the social and gender history of internment It brings together national and international perspectives Enemies Within María Sierra, 2015-11-25 Can citizenship rights be denied to significant groups in a society that regards itself as civilized and self governing Is it possible to exclude such people in the name of freedom and reason Is it plausible to explain classifications that differentiate between first and second class citizens as natural This is the paradox inherent in modern politics born of the revolutions that ended the Ancien R gime in the western world Throughout the nineteenth century and at the beginning of the twentieth liberalism inspired a representative form of government that appealed to citizenship yet marginalized many social groups including natives women immigrants workers slaves and nomads In the Hispanic dimension of the Atlantic world that this book deals with modern politics was based on exclusions explained as natural and necessary In both Europe and America a distinction was made between the responsible citizen and those others in society potential enemies within who had to be controlled and supervised This book explains the success of this political operation by analysing the historical construction of figures of alterity that were fundamental to the definition of national civic identities Its basic premise is that imaginaries that were constructed in the nineteenth century can be found even today in western political conceptions. The cultural complexity of enduring political images is revealed by exploring the inner workings of virtuous figures in relation to their opposites readers will find the mosaic of representations of civic alterity both recognisable and surprising The contributors to this volume provide historical perspectives on the debate on political legitimacy in open societies Reinventing democracies involves understanding the historicity of inherited formulae of governance and considering them therefore as amenable to improvement The readiness to do this is not a threat to democracy but rather a commitment to looking for it Enemies Within Scott Radnitz, 2022 The invocation of fifth columns in the political arena whether contrived or based on real fears has recurred periodically throughout history and is experiencing an upsurge in our era of democratic erosion and geopolitical uncertainty Fifth columns accusations can have baleful effects on governance and trust as they call into question the loyalty and belonging of the targeted populations They can cause human rights abuses political repression and even ethnic cleansing Enemies Within is the first book to systematically investigate the roots and implications of the politics of fifth columns In this volume a multidisciplinary group of leading scholars address several related questions When are actors likely to employ fifth column claims and against whom What accounts for changes in fifth column framing over time How do the claims and rhetoric of governments differ from those of societal groups How do accusations against ethnically or ideologically defined groups differ Finally how do actors labeled as fifth columns respond To answer these questions the contributors apply a common theoretical framework and work within the tradition of qualitative social science to analyze cases from three

continents oftentimes challenging conventional wisdom Enemies Within offers a unique perspective to better understand contemporary challenges including the rise of populism and authoritarianism the return of chauvinistic nationalism the weakening of democratic norms and the persecution of ethnic or religious minorities and political dissidents Within Jacqueline Foertsch, 2001 She considers the false binaries straight gay patriot traitor healthy infected that promise protection from an invasive threat and the utopian impulse to purge homogenize and relocate problematic individuals outside **Enemies Within** Matt Apuzzo, Adam Goldman, 2014-09-16 Two Pulitzer Prize winning the city walls BOOK JACKET journalists take an unbridled look into one of the most sensitive post 9 11 national security investigations a breathtaking race to stop a second devastating terrorist attack on American soil In Enemies Within Matt Apuzzo and Adam Goldman reveal how New York really works James Risen author of State of War and lay bare the complex and often contradictory state of counterterrorism and intelligence in America through the pursuit of Najibullah Zazi a terrorist bomber who trained under one of bin Laden's most trusted deputies Zazi and his co conspirators represented America's greatest fear a terrorist cell operating inside America This real life spy story uncovered in previously unpublished secret NYPD documents and interviews with intelligence sources shows that while many of our counterterrorism programs are more invasive than ever they are often counterproductive at best After 9 11 New York Police Commissioner Ray Kelly initiated an audacious plan for the Big Apple dispatch a vast network of plainclothes officers and paid informants called rakers and mosque crawlers into Muslim neighborhoods to infiltrate religious communities and eavesdrop on college campuses Police amassed data on innocent people often for their religious and political beliefs But when it mattered most these strategies failed to identify the most imminent threats In Enemies Within Appuzo and Goldman tackle the tough questions about the measures that we take to protect ourselves from real and perceived threats They take you inside America's sprawling counterterrorism machine while it operates at full throttle They reveal what works what doesn t and what Americans have unknowingly given up Did the Snowden leaks trouble you You ain t seen nothing yet Dan Bigman Forbes editor **Enemies Within** Robert Alan Goldberg, 2008-10-01 divdivThere is a hunger for conspiracy news in America Hundreds of Internet websites magazines newsletters even entire publishing houses disseminate information on invisible enemies and their secret activities subversions and coverups Those who suspect conspiracies behind events in the news the crash of TWA Flight 800 the death of Marilyn Monroe join generations of Americans from the colonial period to the present day who have entertained visions of vast plots In this enthralling book Robert Goldberg focuses on five major conspiracy theories of the past half century examining how they became widely popular in the United States and why they have remained so In the post World War II decades conspiracy theories have become more numerous more commonly believed and more deeply embedded in our culture Goldberg contends He investigates conspiracy theories regarding the Roswell UFO incident the Communist threat the rise of the Antichrist the assassination of President John Kennedy and the Jewish plot against black America in each case

taking historical social and political environments into account Conspiracy theories are not merely the products of a lunatic fringe the author shows Rather paranoid rhetoric and thinking are disturbingly central in America today With media validation and dissemination of conspiracy ideas and federal government behavior that damages public confidence and faith the ground is fertile for conspiracy thinking DIV DIV **Enemies Within the Gates?** William J. Chase, 2001-01-01 This compelling work of documentary history tells a story of idealism betrayed a story of how the Comintern Communist International an organization established by Lenin in 1919 to direct and assist revolutionary movements throughout the world participated in and was ultimately destroyed by the Stalinist repression in the late 1930s Presenting and drawing on recently declassified archival documents William J Chase analyses the Comintern's roles as agent instrument and victim of terror In both principle and practice the Comintern was an international organization with a staff that consisted primarily of Communist emigres who had fled dictatorial regimes in Europe and Asia It was however headquartered in Moscow and controlled by Soviet leaders This book examines the rise of suspicions and xenophobia among Soviet and Comintern leaders and cadres for whom many foreigners were no longer the heroes of the class struggle but rather possible enemy agents Some Comintern members internalised and acted on Stalin's theories about the infiltration of foreign spies into Soviet society supplying the Soviet police with information that led to the exile or execution of emigres Thousands of other emigres also became victims of the purges Together the text and documents of this book convey graphically the essential roles played by the Comintern providing a unique perspective on the era of Stalinist repression and terror The Enemy Within Seumas Milne, 2014-04-01 Margaret Thatcher branded the leaders of the 1984 85 miners strike the enemy within In this classic account Seumas Milne reveals the astonishing lengths to which her government and its intelligence machine were prepared to go to destroy the power of Britain's miners union In this 30th anniversary edition new material brings the story up to date with further revelations about the secret war against organized labour and political dissent and the devastating price paid for the Thatcher administrations onslaught by communities across Britain The Enemy Within John Demos, 2008 A cultural history of witch hunting from the ancient world through the McCarthy era traces the factors that contribute to outbreaks of cultural paranoia and how people were able to accept hysteria based beliefs about unlikely supernatural powers and occult activities 35 000 first printing The Enemy Within Michael Savage, 2005-03-06 America's bravest brashest voice is back as ferocious and cutting as ever Where has six decades of radical mad dog liberalism brought us Savage asks in his electrifying new book I ll tell you where America is teetering on the cliffs of insanity Written with the fire the conviction and the clear vision of a modern day prophet Savage returns with a vengeance in this lightning rod of a book speaking for all Americans who are fed up and ticked off at the corrosive influence of today s psycho liberals the Democrats as he calls them They re speeding down the pathway of good intentions Their mantra Celebrate perversity embrace ultra tolerance pay rape a nations so called reparations support affirmative racism and provide government subsidies for every illegal who sneaks across the

border In their haste to push failed socialist ideals the libs have placed us on a crash course of total destruction Even while the heated controversy of his New York Times bestseller The Savage Nation still simmers Michael Savage raises his weapons of matchless wit and moxie again this time aiming his sights on the liberal assault on our most cherished institutions and taking a stand for our schools our faith our police and armed forces and most important our families It isn t always pretty You might even at times become uncomfortable But as you read on you ll find these pages always contain the Savage truth That is how to fight the Enemy Within Filled with riotous rage and blistering humor this book inspires as it enflames encouraging Americans to reclaim our country our government our national integrity The Enemy Within Is Real Shelia Benjamin Inusah, 2018-04-20 Riveting with twists that defy your expectations It reads like no other book Its an exceptional piece of writing that ushers you directly into the heart and nature of God and is life changing Finally a book written by a woman who had fallen into the darkness and could not see the light at the end of the tunnel This book will encourage you to never give up It shows how to come back from being dead spiritually even when everyone else looks at you and sees a failure God looks beyond your mistakes The writer shares with us how she was blessed to receive many chances through the grace of Gods unconditional love Bishop Antonio Thomas director of economic development senior pastor business owner Within Anu Koskivirta, 2003-09-27 This work explores the quantitative and qualitative development of homicide in eastern Finland in the second half of the eighteenth century and the early years of the nineteenth The area studied comprised northern Savo and northern Karelia in eastern Finland At that time these were completely agricultural regions on the periphery of the kingdom of Sweden Indeed the majority of the population still got their living from burn beating agriculture The analysis of homicide there reveals characteristics that were exceptional by Western European standards the large proportion of premeditated homicides murders and those within the family is more reminiscent of modern cities in the West than of a pre modern rural society However there also existed some archaic forms of Western crime there Most of the homicides within the family were killings of brothers or brothers in law connected with the family structure the extended family that prevailed in the region This study uses case analysis to explore the causes for the increase in both familial homicide and murder in the area One of the explanatory factors that is dealt with is the interaction between the faltering penal practice that then existed and the increase in certain types of homicide Despite the fact that it focuses on a particular region the study and the questions it poses have both international and current relevance This work builds a bridge between research into legal history and the sociologically oriented study of the history of criminality **Rome's Enemies Within** John S McHugh, 2024-10-30 The greatest danger to Roman emperors was the threat of deadly conspiracies arising among the Senate the imperial court or even their own families All the emperors that reigned from Augustus to the end of the first century AD faced such efforts to overthrow or assassinate them John McHugh uncovers these conspiracies narrating them and seeking to explain them The underlying cause in many cases was the decline in influence patronage and status granted

by emperors to the Senatorial class leading some to seek power for themselves or a more generous candidate Attempted assassinations or coups led the emperors to mistrust the Senate and rely more on freedmen causing more resentment Paranoid emperors often reacted to the merest hint of treason real or imagined with punishments and executions leading more of those around them to consider desperate measures out of self preservation And of course amid this vicious circle of poisonous mistrust there were ambitious family members promoting their own or their offspring s claims to the purple and the duplicitous Praetorian Guard John McHugh brings to light a century of assassination conspiracy and betrayal exploring the motives and aims of the plotters and the bloody cost of success or failure Myanmar's Enemy Within Francis Wade, 2017-08-15 For decades Myanmar has been portrayed as a case of good citizen versus bad regime men in jackboots maintaining a suffocating rule over a majority Buddhist population beholden to the ideals of non violence and tolerance But in recent years this narrative has been upended In June 2012 violence between Buddhists and Muslims erupted in western Myanmar pointing to a growing divide between religious communities that before had received little attention from the outside world Attacks on Muslims soon spread across the country leaving hundreds dead entire neighbourhoods turned to rubble and tens of thousands of Muslims confined to internment camps This violence breaking out amid the passage to democracy was spurred on by monks pro democracy activists and even politicians In this gripping and deeply reported account Francis Wade explores how the manipulation of identities by an anxious ruling elite has laid the foundations for mass violence and how in Myanmar's case some of the most respected and articulate voices for democracy have turned on the Muslim population at a time when the majority of citizens are beginning to experience freedoms unseen for half a century

The Enemy Within Elizabeth Clare Prophet, Mark L. Prophet, 2004 In The Enemy Within Mark L Prophet and Elizabeth Clare Prophet bring a clear understanding and spiritual tools to help us deal with that enemy within They reveal what we can fully become when we have overcome the not self The Enemy Within Dominick Pratico, 2007-03-21 As a society the Interstellar Web was dying Enormous fortunes were amassed in the face of unspeakable want and avarice thrived as sport With no villains left to fight but each other quarreling factions stood prepared to devour one another at the slightest provocation None of this mattered to Zoeicelli K Galvin Black Ops Commander and ex Marine Exiled to a remote command on The Frontier nobody was looking for him until he was ordered to investigate the disappearance of a fellow Black Ops commander What starts as a routine search and recovery operation rapidly escalates into something more sinister as Galvin suddenly finds himself caught up in a web of deceit and corruption On the very edge of civilization from the coldest of barrens to blistering infernos Galvin is not only forced to confront The Enemy but also The Enemy Within The enemy within Henry Landau, 1937 Enemies in the Empire Stefan Manz, Panikos Panayi, 2020-02-27 During the First World War Britain was the epicentre of global mass internment and deportation operations Germans Austro Hungarians Turks and Bulgarians who had settled in Britain and its overseas territories were deemed to be a potential danger to the realm through

their ties with the Central Powers and were classified as enemy aliens A complex set of wartime legislation imposed limitations on their freedom of movement expression and property possession Approximately 50 000 men and some women experienced the most drastic step of enemy alien control namely internment behind barbed wire in many cases for the whole duration of the war and thousands of miles away from the place of arrest Enemies in the Empire is the first study to analyse British internment operations against civilian enemies during the First World War from an imperial perspective The narrative takes a three pronged approach In addition to a global examination the volume demonstrates how internment operated on a proto national scale within the three selected case studies of the metropole Britain a white dominion South Africa and a colony under direct rule India Stefan Manz and Panikos Panayi then bring their study to the local level by concentrating on the three camps Knockaloe Britain Fort Napier South Africa and Ahmednagar India allowing for detailed analyses of personal experiences Although conditions were generally humane in some cases suffering occurred The study argues that the British Empire played a key role in developing civilian internment as a central element of warfare and national security on a global **The Enemies Within** Ian Kinloch MacGregor, Rodney Tyler, 1986 Rice-feeding Insects and Selected Natural scale Enemies in West Africa E. FAOs About Enemies Within Books

What is a Enemies Within PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. How do I create a Enemies Within PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. How do I edit a Enemies Within **PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. How do I convert a Enemies Within PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. How do I password-protect a Enemies Within PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file?
