**a handbook for ready reference on the great war** Frederic Logan Paxson, 1918 *The Current Business Cyclopedia*, 1918 *Friends and enemies* Karen Garner, 2021-08-17 This history of Anglo American efforts to overturn Ireland s neutrality policy during the Second World War adds complexity to the grand narrative of the Western Alliance against the Axis Powers exploring relatively unexamined emotional personalised and gendered politics that underlay policymaking and alliance relations Friends and enemies combines the methodologies of diplomatic history through its close reliance on archival documentation with attention to new theoretical understandings regarding the roles played by personal friendships and enmities and competing masculine ideologies among national leaders Including Winston Churchill Franklin Roosevelt and Eamon de Valera and their close foreign policy advisers in London Washington DC and Dublin as they constructed

Board, 1918 *Federal Law Quarterly* ,1918 **Chicago Commerce** ,1917 **Alliance of Enemies** Agostino von  
Hassell, Sigrid MacRae, Simone Ameskamp, 2008-04-15 Alliance of Enemies tells the thrilling history of the secret World War  
II relationship between Nazi Germany's espionage service the Abwehr and the American OSS predecessor of the CIA By  
mining secret WWII files only recently declassified personal interviews diaries and previously unpublished accounts to  
unearth some of history's surprises authors von Hassell and MacRae shed new light on Franklin Roosevelt's surprising stance  
toward Hitler before the United States entered the war and on the relationship of American business to the Third Reich They  
offer vivid details on the German resistance's desperate efforts first to avert war and then to make common cause with  
enemy representatives to end it And their work details the scope and depth of German resistance and its many plots to  
eliminate Hitler and why they failed Alliance of Enemies fills a huge void in our knowledge of the hidden layered warfare and  
the attempts for peace of World War II Nowhere has such a complete and provocative history of the wars behind WWII been  
told until now **Cicero's De Provinciis Consularibus Oratio** Luca Grillo, 2015-02-17 Perhaps no other single Roman  
speech exemplifies the connection between oratory politics and imperialism better than Cicero's De Provinciis Consularibus  
pronounced to the senate in 56 BC Cicero puts his talents at the service of the powerful triumviri Caesar Crassus and  
Pompey whose aims he advances by appealing to the senators imperialistic and chauvinistic ideology This oration then yields  
precious insights into several areas of late republican life international relations between Rome and the provinces Gaul  
Macedonia and Judaea the senators view on governors publicani tax farmers and foreigners the dirty mechanics of high  
politics in the 50s driven by lust for domination and money and Cicero's own role in that political choreography This speech  
also exemplifies the exceptional range of Cicero's oratory the invective against Piso and Gabinius calls for biting irony the  
praise of Caesar displays high rhetoric the rejection of other senators recommendations is a tour de force of logical and  
sophisticated argument and Cicero's justification for his own conduct is embedded in the self-fashioning narrative which is  
typical of his post reditum speeches This new commentary includes an updated introduction which provides the readers with  
a historical rhetorical and stylistic background to appreciate the complexities of Cicero's oration as well as indexes and maps
