groundbreaking works on the practice of magick ever written. They are considered to be the masterpiece of occultist magician and philosopher Aleister Crowley and the core texts for the religion of Thelema. Their influence on alternative western thought and philosophy cannot be exaggerated. Also known as Book Four or Liber ABA, the four parts bring together many rituals, received texts, theorems, and unequalled insights into the practice of magick, culminating in *The Book of the Law*, the central sacred text dictated to Crowley by a preternatural entity. Anyone interested in yoga, ceremonial magic, esoteric thought, invocation, divination, and beyond, or those looking to delve into the fascinating, playful, and illuminating writings of a unique man, will find inspiration. For the first time, one of the world's leading experts on Western esoteric traditions and magic, Dr. Stephen Skinner, introduces the text, sharing his insights into Crowley's take on yoga, ceremonial magick, and Thelema. His long involvement with magick, both as an academic and as a practitioner, enabled Dr. Skinner to highlight the differences between the psychological and the spirit-orientated approaches to magick and to show how that dilemma shaped Crowley's practice and his founding of Thelema, enlightening the reader to many previously unknown connections.
