Half Human:

What Is a Human? John H. Evans, 2016-07-01 What is a human Are humans those with human DNA those in possession of traits like rationality or those made in the image of God The debate over what makes human beings unique has raged for centuries Many think that if society accepts the wrong definition of what it is to be human people will look at their neighbor as more of an animal object or machine making maltreatment more likely In the longest running claim for over 150 years critics have claimed that taking a Darwinist definition results in people treating each other more like animals Despite their seriousness these claims have never been empirically investigated In this groundbreaking book John H Evans shows that the definitions promoted by biologists and philosophers actually are associated with less support for human rights Members of the public who agree with these definitions are less willing to sacrifice to stop genocides and are more supportive of buying organs from poor people of experimenting on prisoners against their will and of torturing people to potentially save lives It appears that the critics are right However Evans finds that few Americans agree with these academic definitions Looking at how most of the public defines humanity we see a much more nuanced picture In a fascinating account he shows that the dominant definitions are unlikely to lead to human rights abuses He concludes that the critics are right about the definitions of a human promoted by academic biologists and philosophers and are therefore justified in their vigilance However because at present few Americans agree with these definitions the academic definitions would have to spread much more extensively before impacting how the general public acts Evans book is a major corrective to the more than century long debate about the impact of definitions of a human

Disembodied Brains John H. Evans, 2024 Until recently brains in vats and animals with partly human brains have been the realm of science fiction but recent research is making them real In *Disembodied Brains* John H Evans examines the viewpoints of professional ethicists and scientists on the implications of these new technologies and how those viewpoints contrast with the fearful intuitions of the general public

Waves of Seduction Rachel Kenley, 2017-08-24 How many times can you be hurt before you stop being willing to love In this third title in the Mesuline's Daughters mermaid trilogy Nerine has lived most of her life on her own terms even though it meant being isolated and not being with the man she loved As a mermaid lamia mix and wearer of the Stone of Love her life is complicated in so many ways that she finds it best to handle everything herself Especially when it comes to caring for the people who live on Azov the island she helped create for others of mixed blood who were rejected by their communities And then mortally injured Fiero comes back into her life The man who's always had her heart Fiero known to most as a Sea Dragon because of his mermaid kelpie heritage believed everyone he cared for had either abandoned or left him After a misguided attempt to control the Stones of Power the one person he thought he could trust committed the ultimate betrayal Now Fiero is determined to heal so he can have his vengeance First however he has to figure out who the mysterious and

beautiful woman caring for him is Although Nerine and Fiero share a connection that cannot be broken they also have reasons to guard their feelings and not let others help them But if a threat to the safety of the Oceans is to be conquered they will each have to risk everything and work with those who fear them or the future they want for themselves and others will be destroyed

Carrying the Torch Steven Payne, 2010-12-10 When I want to read a book I write one So wrote the 19th century politician and novelist Benjamin Disraeli Washington Irving said something very similar and its a maxim which Ive adopted as my own Almost all of the writing Ive done over many years has been based on wanting to read a book on a particular subject a book which research told me didnt currently seem to exist *Carrying the Torch* like all my other books to date was born out of the desire to read a good book on an interesting subject finding nothing available that quite matched up to my expectations I decided to write it myself I wanted a good general book about the phenomenon of unrequited love in the worlds art how important a theme it has been in novels poems music and film for so long why artists keep coming back to it again and again what it actually is what it feels like and how it might be explained and so forth I like to think that thats the book Ive written All the world loves a lover and most people whether they openly admit it or not and that includes a great many men love a good love story as I make clear in the book it doesnt seem to matter if the story has a tragic or at least unhappy ending we dont enjoy it any less and may even enjoy it all the more as the popularity of weepies in book or film form attests *Leaving the Seventh Day Adventist Church* Sonia Nicole Levi, 2023-05-28 Have you tried to be one who submits not realizing that is Islamic That is what happens when someone is groomed into a cult It becomes a way of life until one finds that they are blending several religions into one and assuming that God is there without the Holy Spirit There may be a god there but it is not the God of the Jews Tetragrammaton shortened to the syllables YHVH He extended salvation through all Jews not just Jesus John 4 22 says You worship what you do not know we worship what we do know for salvation is from the Jews These words were stated in red denoting that they spoken by Jesus himself Jesus died on the cross with the inscription INRI for the King of the Jews only YHVH also changed his name to symbolically reflect that he is the God of the Jews and Gentiles to Jehovah JHVH still the shortened form of Tetragrammaton Sabbath services are strictly forbidden on Saturdays in Judaism and Islam When Ellen G White received her vision to create a new christian denomination she thought in her mind that she had carteblanche to create an entirely new church system She did not have carteblanche from Jesus or Jehovah as Seventh

Day Adventists were an extension of bewildered Jehovah's Witnesses Seventh Day Adventists are considered one of The Asherah's cults This denomination is well known for attracting everyone to do the same things the same way when this is NOT wisdom It is Satanic Discover the meaning behind the man Jesus and all that Judaism Kabbalah and Christianity has to offer to the neophyte and seasoned believer arrive at a place of truism where witches are stunned and find freedom in bowing at the name of Kyrios who is Jesus Emmanuel and JHVH **The Underworld Clerk** Lan Mao,2019-11-07 Geng Yun the man with a broken heart had occasionally become an accomplice of the underworld From then on he had changed his identity in the world of life and death fear and excitement becoming the main hues of his life Surrounded by all kinds of beauties including the cold female doctor the tyrannical female special police and the pure little Daoist nun Geng Yun was growing up in pain and happiness A wealthy merchant Political pride Evil spirits All of you behave Geng Yun went from being frightened at first to enjoying his work later on Advancing from a small police officer to the deputy chief of the police department of the Underworld step by step he completed the magnificent transition from a little otaku to the most ferocious man in the Underworld *The Ascension Legacy* Gary Richardson,2022-05-02 After their fight at the shrine Riorik and his friends press on with their search for the legendary Ascension Armor With their wounds slowing them down and their food supply running low the party must choose between their lives and their quest Meanwhile the unseen king's troops prepare to strike **The Greatest Philosopher Who Ever Lived** Peter Kreeft,2021-10-14 In 2019 Peter Kreeft published *Socrates Children* a four volume series on the hundred greatest philosophers of all time spanning from ancient Greece to contemporary Germany But he made a terrible mistake he somehow left out women and with this he overlooked the greatest mind of them all He forgot her a mysterious housewife from a desert village because he had forgotten what philosophy means Philosophy is not the cultivation of cleverness Kreeft explains or the sophistications of scholarship or the analysis of analysis or the refutation of refutations or the deconstruction of deconstructions No philosophy is a romance a love affair the love of wisdom This book is a one of a kind study on Mary of Nazareth the mother of Jesus If Jesus Christ is wisdom incarnate and if Mary loved Him more than anyone else ever did then it holds that Mary is the greatest philosopher the greatest wisdom lover With precision and humor Kreeft not only unpacks the thought and spirit of Mary as we know her through Scripture and Church doctrine but offers a heartfelt crash course in the basics of philosophy methodology epistemology logic metaphysics cosmology ethics politics aesthetics and more all through the lens of the Mother of God Fans of Kreeft will find here another fine example of his characteristic freshness creativity depth and readability But above all those who are curious about the mother of Jesus whether they are new to Christian faith or simply hoping to discover it anew will likely find themselves swept up in the tide of Mary's wise love for God Dusssie Nancy Springer,2007-10-02 At age thirteen Dusie makes the horrifying discovery that she like her New York artist mother is a Gorgon a Greek mythological monster sprouting snakes from her head and capable of turning humans into stone with one angry look A Cultural History of Fairy Tales in the Age of the

Marvelous Suzanne Magnanini, 2021-07-15 How have fairy tales from around the world changed over the centuries What do they tell us about different cultures and societies Drawing on the contributions of scholars working on Italian French English Ottoman Turkish and Japanese tale traditions this book underscores the striking mobility and malleability of fairy tales written in the years 1450 to 1650 The essays examine how early modern scientific theories debates on the efficacy of witchcraft conceptions of race and gender religious beliefs the aesthetics of landscape and censorial practices all shaped the representations of magic and marvels in the tales of this period Tracing the fairy tale's swift movement across linguistic and geographic borders through verse and prose versions from the printed page to the early modern stage this volume demonstrates the ways in which these fantastic literary texts explored the ideological borders constructed by different societies An essential resource for researchers scholars and students of literature history and cultural studies contributors explore themes including forms of the marvelous adaption gender and sexuality humans and non humans monsters and the monstrous space socialization and power A Cultural History of Fairy Tales 6 volume set A Cultural History of Fairy Tales in the Age of the Marvelous is also available as a part of a 6 volume set A Cultural History of Fairy Tales tracing fairy tales from antiquity to the present day available in print or within a fully searchable digital library accessible through institutions by annual subscription or on perpetual access see www.bloomsburyculturalhistory.com Individual volumes for academics and researchers interested in specific historical periods are also available digitally via www.bloomsburycollections.com

Monsters in the Italian Literary Imagination Keala Jewell, 2001-02-01 They each share a critical interest in how monsters reflect a culture's dominant ideologies **Fiery Winds of Chaos** Juli Hamlin, 2022-08-01 WATER dripped from the next cell over and faint screams echoed off the walls of the dungeon corridor Rats squeaked and scurried outside the cell door but were too plump to fit through the gap between the cold stone floor and iron band holding together the rotten wooden planks of the door Weak torch light from the hall filtered into the room from the iron grate at the top of the door but it failed to illuminate the straw littering the chipped and pitted stone floor Being musty and dank it did little to alleviate the cold for the one who huddled upon it Sitting in the corner on the thickest pile of worn out straw Salina shivered arms wrapped around her drawn up knees Unable to see the sun in this underground pit of terror agony and unimaginable misery she wasn't sure how long she'd been here Nine months Ten Had a year passed already since being knocked out and bound then dragged here Everyone else who'd arrived at the same time had long since been released from their pain and misery for Death had come for them But not her Because of her cursed healing ability Death never even looked her way If this kept up if no one came for her and Death continued avoiding her she could only imagine what her future held Lifting her head to glance at the faint light seeping into the cell she murmured Death be a dark knight and save me Please In a land rife with strife and overrun with evil the Fates are hard pressed to find someone with enough strength courage and mental fortitude to champion their cause Someone who possessed not only a will of iron to stand up for what is right no matter who might

oppose him but also the compassion and mercy needed to make a difference in the lives of the common people So when a half breed dragon mage appears with the ability to sense evil they know they ve found their man But in a land torn apart by war and attacked by vicious creatures of the Underdark can Callidor Blackfury with his inhuman looks tainted blood and hellsteed mount convince anyone to let him help And if so can one man alone even with the magic powers bestowed by his mixed heritage and dual nature be enough to combat the forces of evil Not only on the battlefield but on the home front as well It won t be easy He is going to need help A select few an elite group that has the strength skill and resolve to do whatever it takes to wipe out darkness in all its vile forms to protect those who cannot protect themselves and to save those who sit in hopeless darkness with pain and misery their only companions Yes with the right men and plenty of resources the forces of evil just met their match

Justice, Humanity and Social Toleration Xunwu Chen, 2008-02-15 Justice Humanity and Social Toleration develops the concept of normative justice as setting human affairs right in accordance with the principles of human rights human goods and human bonds Defending the ideas of global justice and modernity Professor Xunwu Chen explores social toleration and democracy as embodiments of normative justice in our time The approach of this text is groundbreaking By giving equal emphasis to normative justice as distributive justice and corrective justice Chen shifts the paradigm for a new view on global justice The discourse on global justice is furthered by the context of Eastern Western dialogues This thoughtful and groundbreaking work is a stimulating work for professionals and both graduate and undergraduate students
