Half Man A Novel:

The Half Man George Packer, Packer, Lester, 1992-12 The Post-Apocalyptic Novel in the Twenty-First Century H. Hicks, 2016-04-08 Since the beginning of the twenty first century major Anglophone authors have flocked to a literary form once considered lowbrow genre fiction the post apocalyptic novel Calling on her broad knowledge of the history of apocalyptic literature Hicks examines the most influential post apocalyptic novels written since the beginning of the new millennium including works by Margaret Atwood David Mitchell Cormac McCarthy Jeanette Winterson Colson Whitehead and Paolo Bacigalupi Situating her careful readings in relationship to the scholarship of a wide range of historians theorists and literary critics she argues that these texts use the post apocalyptic form to reevaluate modernity in the context of the new century's political economic and ecological challenges In the immediate wake of disaster the characters in these novels desperately scavenge the scraps of the modern world But what happens to modernity beyond these first moments of salvage In a period when postmodernism no longer defines cultural production Hicks convincingly demonstrates that these writers employ conventions of post apocalyptic genre fiction to reengage with key features of modernity from historical thinking and the institution of nationhood to rationality and the practices of literacy itself **Hanif Kureishi** Kenneth C. Kaleta, 2010-01-01 Hanif Kureishi is a proper Englishman Almost So observes biographer Kenneth Kaleta Well known for his films My Beautiful Laundrette and Sammy and Rosie Get Laid the Anglo Asian screenwriter essayist and novelist has become one of the leading portrayers of Britain's multicultural society His work raises important questions of personal and national identity as it probes the experience of growing up in one culture with roots in another very different one This book is the first critical biography of Hanif Kureishi Kenneth Kaleta interviewed Kureishi over several years and enjoyed unlimited access to all of his working papers journals and personal files From this rich cache of material he opens a fascinating window onto Kureishi's creative process tracing such works as My Beautiful Laundrette Sammy and Rosie Get Laid The Buddha of Suburbia London Kills Me The Black Album and Love in a Blue Time from their genesis to their public reception Writing for Kureishi fans as well as film and cultural studies scholars Kaleta pieces together a vivid mosaic of the postcolonial hybrid British culture that has nourished Kureishi and his work **The Human-Animal Boundary** Nandita Batra, Mario Wenning, 2018-11-27 Throughout the centuries philosophers and poets alike have defended an essential difference rather than a porous transition between the human and animal Attempts to assign essential properties to humans e.g. language reason or morality often reflected ulterior aims to defend a privileged position for humans This book shifts the traditional anthropocentric focus of philosophy and literature by combining the questions What is human and What is animal What makes this collection unique is that it fills a lacuna in critical animal studies and the growing field of ecocriticism It is the first collection that establishes a productive encounter between philosophical perspectives on the human animal boundary and those that draw on fictional literature The objective is to establish a dialogue between those disciplines with the goal of

expanding the imaginative scope of human animal relationships The contributions thus do not only trace and deconstruct the boundaries dividing humans and nonhuman animals they also present the reader with alternative perspectives on the porous continuum and surprising reversal of what appears as human and what as nonhuman **The Novel in India** T. W.
