Holy Matter Sara Ritchey, 2014-04-01 A magnificent proliferation of new Christ centered devotional practices including affective meditation imitative suffering crusade Eucharistic cults and miracles passion drama and liturgical performance reveals profound changes in the Western Christian temperament of the twelfth century and beyond This change has often been attributed by scholars to an increasing emphasis on God s embodiment in the incarnation and crucifixion of Christ In Holy Matter Sara Ritchey offers a fresh narrative explaining theological and devotional change by journeying beyond the human body to ask how religious men and women understood the effects of God s incarnation on the natural material world She finds a remarkable willingness on the part of medieval Christians to embrace the material world its trees flowers vines its worms and wolves as a locus for divine encounter Early signs that perceptions of the material world were shifting can be seen in reformed communities of religious women in the twelfth century Rhineland Here Ritchey finds that in response to the constraints of gendered regulations and spiritual ideals women created new identities as virgins who like the mother of Christ impelled the world s re creation their notion of the world s re creation held that God created the world a second time when Christ was born In this second act of creation God was seen to be present in the physical world thus making matter holy Ritchey then traces the diffusion of this new religious doctrine beyond the Rhineland showing the profound impact it had on both women and men in professed religious life especially Franciscans in Italy and Carthusians in England Drawing on a wide range of sources including art liturgy prayer poetry meditative guides and treatises of spiritual instruction Holy Matter reveals an important transformation in late medieval devotional practice a shift from metaphor to material from gazing on images of a God made visible in the splendor of natural beauty to looking at the natural world itself and finding there God s presence and promise of salvation

**The Bernward Gospels** Jennifer P. Kingsley, 2016-05-12 Few works of art better illustrate the splendor of eleventh century painting than the manuscript often referred to as the precious gospels of Bishop

Bernward of Hildesheim with its peculiar combination of sophistication and naïveté its dramatically gesturing figures and the saturated colors of its densely ornamented surfaces In *The Bernward Gospels* Jennifer Kingsley offers the first interpretive study of the pictorial program of this famed manuscript and considers how the gospel book conditioned contemporary and future viewers to remember the bishop The codex constructs a complex image of a minister caring for his diocese not only through a life of service but also by means of his exceptional artistic patronage of a bishop exercising the sacerdotal authority of his office and of a man fundamentally preoccupied with his own salvation and desire to unite with God through both his sight and touch Kingsley insightfully demonstrates how this prominent member of the early medieval episcopate presented his role to the saints and to the communities called upon to remember him **Publication** ,1994 *The Anarch Lords* A. Bertram Chandler,2016-01-28 His wild career as a space pirate ended Grimes faced his toughest assignment he was punished by being made governor of the anarchists own planet John Grimes living legend of the spaceways had been in and out of some cosmic catastrophes but this threatened to reach his luck's ultimate breaking point An influx of planetary refugees had made that world a paradise of cheap labor and the original anarchist colonists had become such masters of wealth that no mere outsider could hope to dictate law and order to them They had their own ideas which included slavery treachery and utter villainy Grimes first task as governor would be simply to stay alive with a whole world plotting his murder Merchant Vessels of the United States ,1989 *To Keep The Ship* A. Otis,1905 *The Cistercian Fathers and Their Monastic Theology* Thomas Merton,2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard's Marian sermons his treatise *On the Love of God* his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and

cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God
