

DISCOURSE ANALYSIS

Discourse analysis is an approach to the study of language that demonstrates how language shapes reality and reveal dominant ways of thinking an acting.

OVERVIEW

Discourse analysis involves the examination of how the 'ways of speaking about things' normalizes and privileges some frames of thinking about things while marginalizing others.

As a simple example, if movies consistently frame the ideal female as passive, silent, and submissive, then this becomes normalized in the "dominant discourse" of gender.

EXAMPLE

Studying Government Policies: A discourse analysis of policy texts would involve looking at the keywords, metaphors, and phrases used in the text and how they reveal ideological frameworks and viewpoints of the government of the day. These sorts of studies often demonstrate how the language of policy texts normalizes some behaviors and marginalizes others.

Dentith,2002-09-11 Parody is part of all our lives It occurs not only in literature but also in everyday speech in theatre and television architecture and films Drawing on examples from Aristophanes to The Simpsons Simon Dentith explores the place of parody in the history of literature parody as a subversive or conservative mode of writing parody s pivotal role in debates about postmodernism parody in the culture wars from ancient times to the present This lively introduction situates parody at the heart of literary and cultural studies and offers a remarkably clear guide to this sometimes complex topic Parody will serve as an essential resource to be read and re read by students of all levels **Deconstructing Macbeth** Harald William Fawcner,1990 Macbeth is discussed in relation to Derrida s notion of the metaphysics of presence Fawcner argues that the quest for metaphysical certitude in Macbeth is related to the hero s transformation from a heroic to a post heroic status

The Idea of the Labyrinth from Classical Antiquity through the Middle Ages Penelope Reed Doob,2019-03-15 Ancient and medieval labyrinths embody paradox according to Penelope Reed Doob Their structure allows a double perspective the baffling fragmented prospect confronting the maze treader within and the comprehensive vision available to those without Mazes simultaneously assert order and chaos artistry and confusion articulated clarity and bewildering complexity perfected pattern and hesitant process In this handsomely illustrated book Doob reconstructs from a variety of literary and visual sources the idea of the labyrinth from the classical period through the Middle Ages Doob first examines several complementary traditions of the maze topos showing how ancient historical and geographical writings generate metaphors in which the labyrinth signifies admirable complexity while poetic texts tend to suggest that the labyrinth is a sign of moral duplicity She then describes two common models of the labyrinth and explores their formal implications the unicursal model with no false turnings found almost universally in the visual arts and the multicursal model with blind alleys and dead ends characteristic of literary texts This paradigmatic clash between the labyrinths of art and of literature becomes a key to the metaphorical potential of the maze as Doob s examination of a vast array of materials from

the classical period through the Middle Ages suggests She concludes with linked readings of four labyrinths of words Virgil's Aeneid Boethius Consolation of Philosophy Dante's Divine Comedy and Chaucer's House of Fame each of which plays with and transforms received ideas of the labyrinth as well as reflecting and responding to aspects of the texts that influenced it Doob not only provides fresh theoretical and historical perspectives on the labyrinth tradition but also portrays a complex medieval aesthetic that helps us to approach structurally elaborate early works Readers in such fields as Classical literature Medieval Studies Renaissance Studies comparative literature literary theory art history and intellectual history will welcome this wide ranging and illuminating book *Ideas & Production*, 1985 *Literary Labyrinths in Franco-Era Barcelona* Colleen P. Culleton, 2016-07-22 Bringing together works by Salvador Espriu Juan Goytisolo Merc Rodoreda Esther Tusquets and Juan Marsa that portray memory as a disorienting narrative enterprise Colleen Culleton argues that the source of this disorientation is the material reality of life in Barcelona in the immediate post Civil War years Barcelona was the object of harsh persecution in the first years of the Franco regime that included the erasure of marks of Catalan identity and cultural history from the urban landscape and made Barcelona a moving target for memory The literature and film she examines show characters struggling to produce narratives of the remembered past that immediately conflict with the dominant version of Spain's historical narrative formulated to legitimize the Civil War Culleton suggests the trope of the laberinto used as an image or device in all five of the works she considers and translated into English as both maze and labyrinth opens up a space that enables readers to take vulnerability to outside interference into account as an inseparable part of remembrance While the narratives all have maze like qualities involving a high level of reader participation and choice the exigencies of the labyrinth with its unicursal demands for patience perseverance and faith always prevail Thus do the Francoist narrative and social structure in the end resurface and reassert themselves over the narrating character's perspective **The Cumulative Book Index**, 1985 A world list of books in the English language [Conversations with Contemporary Chicana and Chicano Writers](#) Hector Avalos Torres, 2007 Interviews with major Chicana o authors are the basis for this examination of the commonality of issues in the work of each of them [Yeats Eliot Review](#), 1989 [Literary Criticism Register](#), 1985 *Blackness* Femi Abodunrin, 1996 **The Double, the Labyrinth and the Locked Room** Ilana Shiloh, 2011 The present book explores detective and crime mystery fiction and film from the perspective of their entrenched metaphors of paradox Book Jacket *Southern Review*, 1987
