EXIT RHODESIA

FROM UOI
TO MANDATE

by Pat Scully

Exit Rhodesia

Ruth Craggs, Claire Wintle

Exit Rhodesia:

Exit Rhodesia Pat Scully, 1984 *Garfield Todd: The End of the Liberal Dream in Rhodesia* Susan Woodhouse, 2018-04-17 Against the backdrop of a politically approved view that Europeans did little to further the Zimbabwean nationalist freedom movements before Independence in 1980 this book will help to nail that misconception against a wall The story of Garfield Todd and his various roles as Christian missionary liberal prime minister of southern Rhodesia high profile opponent of UDI and its architect Ian Smith from 1965 to 1980 will surely be an eye opener for many young people in central and southern Africa who may never have heard of this great man who spent his life in education and public service The role of Garfield Todd and some of the people who worked with him has been effectively airbrushed from the pages of the official Zimbabwean story Why is the question Susan Woodhouse gives us the answer by telling the story of a small but influential group of men and women who dared swim against the racial current in Africa after the Second World War Its a story told with warmth personal insight and often great humour This Edinburgh based author who Sir Garfield said knew the Todds better than anyone else has introduced a small but dedicated group of long forgotten activists to a new generation of readers **Unpopular Sovereignty** Luise White, 2015-03-23 A truly satisfactory history of Rhodesia one that takes into account both the African history and that of the whites has never been written That is until now In this book Luise White highlights the crucial tension between Rhodesia as it imagined itself and Rhodesia as it was imagined outside the country Using official documents novels memoirs and conversations with participants in the events taking place between 1965 when Rhodesia unilaterally declared independence from Britain and 1980 when indigenous African rule was established through the creation of the state of Zimbabwe White reveals that Rhodesians represented their state as a kind of utopian place where white people dared to stand up for themselves and did what needed to be done It was imagined to be a place vastly better than the decolonized dystopias to its north In all these representations race trumped all else including any notion of nation Outside Rhodesia on the other hand it was considered a white supremacist utopia a country that had taken its own independence rather than let white people live under black rule Even as Rhodesia edged toward majority rule to end international sanctions and a protracted guerilla war racialized notions of citizenship persisted One man one vote became the natural logic of decolonization of this illegally independent minority ruled renegade state Voter qualification with its minutia of which income was equivalent to how many years of schooling and how African incomes or years of schooling could be rendered equivalent to whites illustrated the core of ideas about and experiences of racial domination White s account of the politics of decolonization in this unprecedented historical situation reveals much about the general processes occurring elsewhere on the African continent *Exits and Entrances* Mary Goodlet Clyde, 2008 Exits and Entrances is the story of the authors early life in Belfast It is also a story of travel to distant lands by ocean liners before the age of air travel *Fighting and Writing* Luise White, 2021-02-08 In *Fighting and Writing* Luise White brings the force of her historical insight to bear on

the many war memoirs published by white soldiers who fought for Rhodesia during the 1964-1979 Zimbabwean liberation struggle. In the memoirs of white soldiers fighting to defend white minority rule in Africa long after other countries were independent, White finds a robust and contentious conversation about race difference and the war itself. These are writings by men who were ambivalent conscripts generally aware of the futility of their fight, not brutal pawns flawlessly executing the orders and parroting the rhetoric of a racist regime. Moreover, most of these men insisted that the most important aspects of fighting a guerrilla war—tracking and hunting knowledge of the land and of the ways of African society—were learned from black playmates in idealized rural childhoods. In these memoirs, African guerrillas never lost their association with the wild, even as white soldiers boasted of bringing Africans into the intimate spaces of regiment and regime.

An African Volk Jamie Miller, 2016-09-20

The demise of apartheid was one of the great achievements of postwar history, sought after and celebrated by a progressive global community. Looking at these events from the other side, *An African Volk* explores how the apartheid state strove to maintain power as the world of white empire gave way to a post-colonial environment that repudiated racial hierarchy. Drawing upon archival research across Southern Africa and beyond, as well as interviews with leaders of the apartheid order, Jamie Miller shows how the white power structure attempted to turn the new political climate to its advantage. Instead of simply resisting decolonization and African nationalism in the name of white supremacy, the regime looked to co-opt and invert the norms of the new global era to promote a fresh ideological basis for its rule. It adapted discourses of nativist identity, African anti-colonialism, economic development, anti-communism, and state sovereignty to rearticulate what it meant to be African. *An African Volk* details both the global and local repercussions. At the dawn of the 1970s, the apartheid state reached out eagerly to independent Africa in an effort to reject the mantle of colonialism and redefine the white polity as a full part of the post-colonial world. This outreach both reflected and fuelled heated debates within white society, exposing a deeply divided polity in the midst of profound economic, cultural, and social change. Situated at the nexus of African decolonization and Cold War history, *An African Volk* takes readers into the corridors of white power to detail the apartheid regime's campaign to break out of isolation and secure global acceptance.

A Cradle of the Revolution Nyathi, Pathisa, Clarke, Marieke, 2018-11-05

Cradle of the Revolution is a compelling book of stories by former Inyathi School students in the period before Zimbabwean independence. The stories render moving accounts of evictions in the colonial period, conditions at Inyathi school, and in particular, the leadership qualities of Kenneth Maltus Smith, who was the school head. After leaving Inyathi school, many of the students participated in the struggle for independence. The book is an expose of the colonial conditions and efforts to dislodge colonialists and usher in independence and dignity for the black majority.

State, Land and Democracy in Southern Africa Arrigo Pallotti, Corrado Tornimbeni, 2016-03-03 Each country in southern Africa has a unique history but in all of them socio economic inequalities and high poverty levels weaken the governments legitimacy and represent a challenge to models of economic development One key issue appears to be the solution of the land question This vital concern affects both citizenship and democracy in the political systems of the region yet no government has shown the capacity or commitment to solve it In this volume leading European American and African scholars explore in detail the relationship between state land and democracy They examine the historical background of asset allocation and its impact on questions of nationality the definition of citizenship human rights and the current political and economic processes in southern Africa

Robert Mugabe and the Betrayal of Zimbabwe Andrew Norman, 2015-04-22 Instead of leading his people to the promised land Mugabe the first prime minister of the newly named Zimbabwe has amassed a fortune for himself his family and followers and has presided over the murder torture and starvation of those who oppose him This biography offers some explanations

for Mugabe s behavior With the death of his wife in 1992 a moderating influence was lost and as the years go by he continues to show himself intolerant of any opposition as he proceeds toward the creation of a one party state even though evidence suggests that his country is in terminal decline **Awaken the Dawn** Anne Bland,2018-04-01 When Anne Bland and her husband find themselves in Africa without a home an estate agent offers them the perfect house The only problem is they are missionaries and penniless But God intervenes and the house becomes theirs Soon they find people being led to their home to receive hospitality to hear the Gospel to grow in their faith and even to get married However when Anne discovers that her husband has been unfaithful to her her world falls apart Soon she finds herself fighting for her home her family and her health Yet in the midst of everything she finds hope and strength in the faithfulness and unfailing love of God Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1965
