The Overwhelmed Empath - A Guide For Sensitive Souls Kelly Wallace,2020-11-19 Being an empath is a double edged sword On the one hand most of us like having such deep emotions We can feel a sunset clear through to our soul and love more deeply than any normal person could imagine We also tend to have intuitive knowledge about people and places that can be truly helpful if we listen On the other hand we usually absorb

far too much energy from those around us and can easily feel overwhelmed to say the least With sensitive souls our brains are hardwired differently When people ask me what it feels like to be an empath I can only explain it as being wide open all the time I know that being a highly sensitive person can often feel like a curse and more stress than it's worth Once you learn to protect and strengthen yourself inside and out I'm hoping that you'll see what a wonderful gift it is to be an empath Sensitive people make some of the best psychics artists musicians writers counselors friends and parents as well as other roles where compassion and deep feeling are helpful We see the world in ways others can't and we experience life at an unmatched level In this book I want to show you that you're unique not crazy or neurotic and that with practice you can feel far less overwhelmed In my practice I've seen clients who spent years as anxiety-ridden introverts come to understand and work with their empathy In doing so they've become stronger calmer more outgoing and far happier I want this for you too

The Mended Soul - Healing Your Mind, Body, & Spirit From Anxiety & Depression Kelly Wallace, 2020-10-21 If you suffer from anxiety or depression it could be a sign that you're going through a spiritual awakening Older souls are far more sensitive and tend to be plagued with emotional highs and lows but that doesn't mean you need to live your life always on edge or in darkness You can get control of your thoughts and moods while still progressing as a spiritual being and I want to show you how Many people include me believe that hyper or hypo moods can often be rooted in the soul When we find ourselves feeling anxious or depressed it's an indicator that your spirit is going through a growth process or wants to For introverts and sensitive people this is extremely common though I've known plenty of extroverts who experience this as well Right now though some things are standing in the way and blocking the free flow of energy between your mind body and spirit Maybe you know what it is or perhaps you need help uncovering it We'll work on that You'll probably also want tips on how to heal and strengthen yourself mentally physically emotionally and spiritually We'll cover that too I wrote this book to offer you help and guidance and to share a bit of my own journey as well Most of all I want to show you that you aren't alone you aren't going crazy and you will be okay In fact you might end up feeling better than you have in a long long time Now let's start the healing process
