European Scene A Geographic Perspective

Gregory Ioffe, Tatyana Nefedova

European Scene A Geographic Perspective:

The European Scene James R. McDonald, 1997 Provides both systematic and regional geography of Europe Systematic studies of the complex physical cultural and economic landscapes of the continent are given followed by regional and national summaries

Europe Zoran Pavlovic, 2006 This new series teaches students about the most important geographic concepts and shows them how people are affected by and respond to economic social and political forces at both the global and local scales The authors are educators who have been trained to teach geography at the high school or college levels This series meets national geography and social science standards Although Eastern Europe has typically been known to shun ideas of democracy and freedom the difference between it and Western Europe has become more economic than political in recent years

EU Enlargement and the Environment JoAnn Carmin, Stacy D. VanDeveer, 2023-05-31 This volume focuses attention on key environmental and institutional changes associated with eastern expansion of the European Union assessing and challenging prevailing views about the outcomes and processes of this historic development Looking at four central themes capacity changes and limitations the EU's mixed messages and conflicting priorities non state actor roles and developments and the exchange of ideas and information the volume shows that enlargement will change the EU not just make it bigger and that EU officials and programs are improving aspects of environmental policy in CEE countries even as they are making others less sustainable This book was previously published as a special issue of the journal *Environmental Politics*

The Shaping of America: A Geographical Perspective on 500 Years of History D. W. Meinig, 1986-01-01 This study discusses how an immense diversity of ethnic and religious groups became sorted into a set of distinct regional societies in North America

Geography in America at the Dawn of the 21st Century Gary L. Gaile, Cort J. Willmott, 2004-02-05 Geography in America at the Dawn of the 21st Century surveys American geographers current research in their specialty areas and tracks trends and innovations in the many subfields of geography As such it is both a state of the discipline assessment and a topical reference It includes an introduction by the editors and 48 chapters each on a specific specialty The authors of each chapter were chosen by their specialty group of the American Association of Geographers AAG Based on a process of review and revision the chapters in this volume have become truly representative of the recent scholarship of American geographers While it focuses on work since 1990 it additionally includes related prior work and work by non American geographers Includes a foreword by the eminent geographer Gilbert White

Patterns of Poverty Across Europe Richard Berthoud, 2004-03-31 Using new EU wide data this report shows very different patterns of poverty across Europe depending on the benchmark used The findings have important implications for the spatial distribution of poverty within and between countries including the UK and for the development of anti poverty policy across the EU

Film and Place in an Intercultural Perspective Krzysztof Stachowiak, Hania Janta, Jani Kozina, Therese Sunngren-Granlund, 2023-09-26 The book offers an interdisciplinary overview of the film and place relationship from an

intercultural perspective It explores the complex domain of place and space in cinema and the film industry's role in establishing cultural connections and economic cooperation between India and Europe With contributions from leading international scholars various case studies scrutinise European and Indian contexts exploring both the established and emerging locations The book extends the dominantly Britain oriented focus on India's cinema presence in Europe to European countries such as Italy Switzerland Poland Slovenia Finland and Sweden where the Indian film industry progressively expands its presence The chapters of this book look at Indian film production in Europe as a cultural bridge between India and Europe fostering mutual understanding of the culture and society of the two regions This interdisciplinary book will be of interest to researchers in film studies cultural anthropology cultural geography tourism economics sociology and cultural studies It will also be interest to practitioners working in local authorities destination management tourism and creative business all of whom see the value of film production in attracting visitors investment and creating new networks with local economic actors The book offers much needed data and tools to translate their professional goals and potentials into effective regional strategies and activities

Environmental Problems in East-Central Europe Frank Carter, David Turnock, 2002-09-26 In this new edition the progress made in the last decade to solve the environmental problems described in the first edition is

assessed The attempts to bring environmental legislation into line with West European norms is also described Environmental Problems of East Central Europe looks at air and water pollution modern farming water supplies waste management and landscape protection These topics are placed within economic social and political profiles as spending on a clean environment must be reconciled with welfare spending and the safeguarding of jobs European Union assistance civil society and the work of environmental NGOs are also discussed All of these matters are considered within the context of the wider geographical area and then by each individual country including the previously communist states lying to the west of the Soviet Union now with the former federal states of Czechoslovakia and Yugoslavia broken up into seven different entities and a review of the former Soviet Union with particular reference to the Baltic States Environmental Problems in East Central Europe provides a wealth of up to date reference material with a vast amount of supporting literature on environmental conditions and the functioning of civil society and a map of each country The environment is being taken seriously by them all such is the influence of the Rio sustainability agenda in general and the EU environmental acquis in particular The book reveals that Eastern Europe is not a blighted area but in some respects has a higher biodiversity than Western Europe Although there is enormous waste and inefficiency in energy use people actually consume relatively little and the East therefore has some lessons for the West in terms of managing on the bases of fair share of the earth s resources

The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

Handbook of Comparative and Development Public Administration Ali Farazmand, 2019-02-21 With contributions from nearly 80 international experts this comprehensive resource covers diverse issues aspects and features of public administration and policy around the world It focuses on bureaucracy and bureaucratic politics in developing and industrialized countries and emphasizing administrative performance and policy implementation as well as political system maintenance and regime enhancement The book covers the history of public administration and bureaucracy in Persia Greece Rome and Byzantium and among the Aztecs Incas and Mayas public administration in small island states Eastern Europe and ethics and other contemporary issues in public administration

Intermarium Marek Jan Chodakiewicz, 2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is

the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture

Western Europe Hugh Clout, Mark (Reader In Geography, University Of Exeter) Blacksell, Russell (Professor Of Geography, University Of Sussex) King, David (Professor Of Economic Geography, University Of Plymouth) Pinder, 2014-09-19 Western Europe provides a balanced appraisal of common characteristics and shared problems of the eighteen states lying to the west of the former Iron Curtain

Reconstructing the Balkans Derek R. Hall, Darrick Danta, 1996-10-21 The past few years have seen the re emergence of the Balkans as the cockpit of Europe The break up of Yugoslavia the regional conflict between ethnic groups the creation of new states like Slovenia and the transformation of existing ones like Albania have made the area of prime importance in geopolitical terms once again Reconstructing the Balkans looks at the complex and rapidly changing human geography of the Balkans and considers the cultural social and political geographies of the region and its neighbours It provides both an examination of the history of the Balkans emphasising ethnicity and nationality issues and an evaluation of the historical and geographical roots of contemporary Balkan disputes from a range of national viewpoints Written by acknowledged experts in the field the book assesses some of the geographical consequences of the region s conflicts and analyses the post socialist restructuring reconstruction and reconfiguration regionwide and country by country It also gives projections of likely regional development trends This is a unique book as it represents diverse viewpoints from a wide range of ethnic national and disciplinary approaches It draws upon expertise from the USA the UK and everyone concerned with the Balkan regions making it essential reading for analysts and consultants in banks funding agencies and government departments It will also be of interest to advanced students of European Studies Geography International Relations Politics Development and History

Re-imagining Western European Geography in English Renaissance Drama M. Matei-Chesnoiu, 2012-07-25 Matei Chesnoiu examines the changing understanding of world geography in sixteenth century England and the concomitant involvement of the London theatre in shaping a new perception of Western European space Fresh readings are offered of Shakespeare Jonson Marlowe Middleton Dekker Massinger Marston and others

British Environmental Policy and Europe Philip Lowe, Stephen Ward, 2005-08-10 Explores the effectiveness of British organisations and groups in the environmental field in responding to the challenge of European integration

Continuity And Change In Rural Russia A Geographical Perspective Gregory Ioffe, Tatyana

Nefedova,2018-02-23 Contrary to the viewpoint of many Western scholars the authors of this penetrating analysis argue that private farming is not a viable option in Russia s future Instead a convergence of Soviet style subsidiary farming with traditional and reorganized collective farms is the most plausible path of evolution in most rural areas Grigory Ioffe and Tatyana Nefedova arrive at this conclusion by a careful examination of ongoing reform efforts in Russian agriculture against the backdrop of European and Russian agrarian history and rural spatial development since the late nineteenth century The comparisons at the national level are then filled in with consideration of a number of Russian provinces oblasti and regions raiony Their research reveals the substantial negative impact of rural depopulation on the Russian agrarian economy Seventy original maps richly complement and support the narrative

World Regions in Global Context Sallie A. Marston,Paul L. Knox,Diana M. Liverman,2002 This explicitly global approach to world regional geography emphasizes global connections and the stories behind the maps and offers lively discussions of how these forces and processes play themselves out in individual places The authors make the most current and powerful ideas in geography accessible to the introductory student Emphasis on core regions key cities and distinctive landscapes accommodates a global connections approach as well as the course s traditional focus on places at the local scale

The Geography of Western Europe Paul L Knox,2015-11-19 This book provides a comprehensive survey of the social geography of Western Europe It begins by outlining the character of the region nad proceeds with an exploration of demographic and cultural features including migration and ethnic groups The political organisation of nations and regions are analysed along with regional change and development The study concludes with a consideration of key issues central to the geography of social well being such as regional convergence divergence and the impact of public expenditure patterns

Religion in Fortress Europe Morteza Hashemi,Christopher R. Cotter,2023-02-23 How does religion maintain or challenge discourses on national identity What are the roles that religion plays on all sides from Islamophobia of the radical right to the Christian alliances on both sides of the Atlantic to the Islamic beliefs and practices of European citizens as well as migrant communities in the constitution of Fortress Europe Are there any alliances shaping between belief and unbelief on either side of the battle for the future of Europe These questions and more motivate the chapters in this timely interdisciplinary collection with contributions focusing on diverse contexts throughout Europe involving a broad range of religious identifications and actors

The Top Books of the Year European Scene A Geographic Perspective The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. European Scene A Geographic Perspective : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. European Scene A Geographic Perspective : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
