John Cowper Powys and David Jones Jeremy Hooker, 1979-01-01 *John Cowper Powys and David Jones* Jeremy Hooker, 1979 *David Jones, Mythmaker* Elizabeth Ward, 1983 **Poet of the Medieval Modern** Francesca Brooks, 2021

The early Middle Ages provided twentieth century poets with the material to re imagine and rework local religious and national identities in their writing Poet of the Medieval Modern focuses on a key figure within this tradition the Anglo Welsh poet and artist David Jones 1895 1974 representing the first extended study of the influence of early medieval English culture and history on Jones and his novel length late modernist poem *The Anathemata* 1952 Jones s second major poetic project after *In Parenthesis* 1937 *The Anathemata* fuses Jones s visual and verbal arts to write a Catholic history of Britain as told through the history of man as artist Drawing on unpublished archival material including manuscripts sketches correspondence and most significantly the marginalia from David Jones s *Library* this volume reads with Jones in order to trouble the distinction between poetry and scholarship Placing this underappreciated figure firmly at the centre of new developments in Modernist and Medieval Studies Poet of the Medieval Modern brings the two fields into dialogue and argues that Jones uses the textual and material culture of the early Middle Ages including Old English prose and poetry Anglo Latin hagiography early medieval stone sculpture manuscripts and historiography to re envision British Catholic identity in the twentieth century long poem Jones returned to the English record to seek out those moments where the histories of the Welsh had been elided or erased At a time when the Middle Ages are increasingly weaponised in far right and nationalist political discourse the book offers a timely discussion of how the early medieval past has been resourced to both shore up and challenge English hegemonies across modern British culture **The Oxford Companion to Twentieth-Century Literature in English** Jenny Stringer, 1996-09-26 This is a unique new reference book to English language writers and writing throughout the present century in all major genres and from all around the world from Joseph Conrad to Will Self Virginia Woolf to David Mamet Ezra Pound to Peter Carey James Joyce to Amy Tan The survivors of the Victorian age who feature in *The Oxford Companion to Twentieth Century Literature in English* writers such as Thomas Hardy Olive Schreiner Rabindranath Tagore Henry James could hardly have imagined how richly diverse Literature in English would become by the end of the century Fiction plays poetry and a whole range of non fictional writing are celebrated in this informative readable and catholic reference book which includes entries on literary movements periodicals and over 400 individual works as well as articles on some 2 400 authors All the great literary figures are included whether American or Australian British Irish or Indian African or Canadian or Caribbean among them Samuel Beckett Edith Wharton Patrick White T S Eliot Derek Walcott D H Lawrence Tennessee Williams Vladimir Nabokov Wole Soyinka Sylvia Plath as well as a wealth of less obviously canonical writers from Ana s Nin to L M Montgomery Bob Dylan to Terry Pratchett The book comes right up to date with contemporary figures such as Toni Morrison Ben Okri Salman Rushdie Carol Shields Tim Winton Nadine Gordimer Vikram Seth Don Delillo

and many others Title entries range from Aaron s Rod to The Zoo Story topics from Angry Young Men Bestsellers and Concrete Poetry to Soap Opera Vietnam Writing and Westerns A lively introduction by John Sutherland highlights the various and sometimes contradictory canons that have emerged over the century and the increasingly international sources of writing in English which the Companion records Catering for all literary tastes this is the most comprehensive single volume guide to modern and postmodern literature

Writing on the Edge David T. Lloyd, 2022-06-08 Complex and controversial issues have accompanied the development of English language literature in Wales generating a continuing debate over the nature of Welsh writing in English The main issues include the claim of some Welsh language writers to represent the only authentic literature of Wales the question of whether or not an extended literary tradition in English has existed in Wales the absence until fairly recently of a publishing apparatus for English language writers the rise of a Welsh nationalism committed to preserving the Welsh language and the question of whether English language literature in Wales can be distinguished from English literature proper The primary impulse for the interviews with the thirteen writers and editors in *Writing on the Edge* was to explore these and other issues relating to the literary and cultural identity in Wales in the last decade The book s title reflects these ongoing debates about the nature and direction of contemporary Welsh literature in English which is often perceived as peripheral both to Welsh speaking Wales and to the literary culture of England As one of the contributors to the volume says This is what it is to be Welsh It s an edge There s no moment of life in Wales that hasn t got that edge unless you decide you re not Welsh
