Global spending on health World Health Organization, 2022-12-06
The results of the report clearly show that in 2020 a year dominated by the emergence of COVID 19 and its associated health and economic crises governments around the world rose to the challenge Sharp increases in government spending on health at all country income levels underpinned the rise in health spending to a new high of US 9 trillion approximately 11% of global GDP Government health spending generally increased and offset declines in out of pocket spending Importantly the rise in government health spending was part of a much broader fiscal response to the pandemic In high income and upper middle income countries social protection spending also increased sharply in as governments attempted to cushion populations from the economic impacts of COVID 19 In contrast to health and social protection growth in education spending was relatively subdued Countries face the further challenge of sustaining increased public spending on health and other social sectors in the face of deteriorating macroeconomic conditions and rising debt servicing This also includes the challenge of sustaining external support for low income countries which is essential for reducing ensuring poverty ensuring

access to health services and strengthening pandemic preparedness

Growth and Variability in State Tax Revenue

Randall G. Holcombe, Russell S. Sobel, 1997-10-28 During recessions state government fiscal crises are widespread as states find their revenues inadequate to meet their expenditure demands This volume shows that state fiscal crises have only one significant cause revenue downturns associated with recessions Other analysts have argued that fiscal crises are the result of an interaction of many complex causes including inadequate tax bases increasing expenditure demands and limits placed on state governments by voters This analysis examines these other factors and shows that while they present significant challenges to state policymakers they are not the cause of fiscal crises The book presents an improved methodology for measuring cyclical variability of revenues and uses this methodology to show that there is no way to restructure state tax systems in order to appreciably reduce the fiscal stress associated with recessions Fiscal stress can be lessened by setting aside revenues during prosperous years in a rainy day fund but current rainy day funds are not large enough to eliminate the fiscal stress caused by recessions

The Saudi Arabian Economy Mohamed A Ramady, 2005-12-05 In this unique text Mohamed Ramady develops a framework for studying fundamental challenges to the modern Saudi Arabian economy Public and private sector topics include The hydrocarbon and minerals sector including a new model of mining privatization and cooperation The impact of small and medium sized businesses The evolving role of family businesses The growing role of women in the Saudi economy Shifting trade patterns The Saudi offset technology transfer program The author offers an analysis of key challenges facing the Saudi economy including the potential costs and benefits of privatization globalization and eventual membership in the WTO Employment education economic and social stability and Saudi Arabia's place in the Gulf Cooperation Council are offered as keys to the consensus building needed to ensure the Kingdom's healthy economic future Mohamed Ramady teaches in the Department of Finance and Economics King Fahd University of Petroleum and Minerals

Problems of Government

The Federal Democratic Republic of Ethiopia International Monetary Fund, 2004-03-18 Ethiopia showed commendable performance under the Poverty Reduction and Growth Facility PRGF Arrangement Executive Directors appreciated this development and emphasized the need to strengthen fiscal and monetary policies enhance revenues strengthen public expenditure management and introduce poverty related activities They welcomed the restructuring plan for the Commercial Bank of Ethiopia and stressed the need to strengthen the organizational structure and finances of the National Bank of Ethiopia They agreed that Ethiopia has successfully completed the fifth review under the PRGF program and approved further financial assistance

Public Spending in the 20th Century Vito Tanzi, Ludger Schuknecht, 2000-06-05 After a detailed account of reform experiences in several countries and the public debate regarding government reform the study closes with an outlook on the future role of the state a period when globalization may require and people may want leaner but not meaner states Jacket
