a System of Evangelical Lutheran Theology Samuel Sprecher,1879 *Ever Hear of Feuerbach?* Mark Ellingsen,2020-10-13

Christianity is in decline in North America and Europe Polls indicate that in the US the fastest growing segment of the American population is the religiously unaffiliated the so called Nones Why is this happening Mark Ellingsen calls our attention to a previously overlooked reason the flawed theology and Christian education material used in most mainline churches These approaches forfeit the transcendence of God They logically fall prey to the claim of German philosopher Ludwig Feuerbach and his student Karl Marx that Christianity is nothing more than a bunch of teachings that human beings have made up Insofar as this is a message the public has been hearing little wonder Christianity in America and Europe is losing ground Though his main concern is to get church and academy talking about this problem and to prod us to do something about it Ellingsen proposes a way out of this mess Drawing on insights from the neo orthodox postliberal progressive evangelical and black church traditions he offers a proposal that succeeds in making clear that God is more than how we experience him He invites readers to explore with him the exciting possibility that a theological use of the scientific method could be employed to make a case for the plausibility of Christian faith **Theology and the Dialectics of History**

Robert M. Doran,1990-01-01 Doran draws extensively on the thought of Bernard Lonergan and the work develops Lonergan's methodological insights **Comprehensive Commentary on Kant's Religion Within the Bounds of Bare Reason**

Stephen R. Palmquist,2015-10-05 Palmquist's Commentary provides the first definitive clarification on Kant's Philosophy of Religion in English it includes the full text of Pluhar's translation interspersed with explanations providing both a detailed overview and an original interpretation of Kant's work Offers definitive sentence level commentary on Kant's Religion within the Bounds of Bare Reason Presents a thoroughly revised version of Pluhar's translation of the full text of Kant's Religion including detailed notes comparing the translation with the others still in use today Identifies most of the several hundred changes Kant made to the second 1794 edition and unearths evidence that many major changes were responses to criticisms of the first edition Provides both a detailed overview and original interpretation of Kant's work on the philosophy of religion Demonstrates that Kant's arguments in Religion are not only cogent but have clear and profound practical applications to the way religion is actually practiced in the world today Includes a glossary aimed at justifying new translations of key technical terms in Religion many of which have previously neglected religious and theological implications **Evangelical Theology, Second Edition**

Michael F. Bird,2020-10-20 Gospel Centered Theology for Today Evangelical Theology Second Edition helps today's readers understand and practice the doctrines of the Christian faith by presenting a gospel centered theology that is accessible rigorous and balanced According author Michael Bird the gospel is the fulcrum of Christian doctrine the gospel is where God meets us and where we introduce the world to God And as such an authentically evangelical theology is the working out of the gospel in the various doctrines of Christian theology The text helps readers learn the essentials of Christian theology through several key features including A What to Take Home section at end of every part that gives

readers a run down on all the important things they need to know Tables sidebars and questions for discussion to help reinforce key ideas and concepts A Comic Belief section since reading theology can often be dry and cerebral so that readers enjoy their learning experience through some theological humor added for good measure Now in its second edition Evangelical Theology has proven itself in classrooms around the world as a resource that helps readers not only understand the vital doctrines of Christian theology but one that shows them how the gospel should shape how they think pray preach teach and minister in the world

The Touch of God Charles R. Meyer, 2002-05-30 The most important matter of concern for theologians today as always is the existence of God Theologians of the past have relied upon rational proofs for God's existence especially those based on an analysis of contingency and causality These Thomistic proofs served their purpose in a culture that was permeated with philosophical orientations and metaphysical argumentation But such logical arguments seem to have lost their relevance in our technological age Many people today are looking to religion not so much for spiritual guidance counseling or psychotherapy as for some kind of experience of the mystery which is God Individuals seeking meaning and hope in their lives are not comforted by a God described as the Necessary Cause or Unmoved Mover Rather they seek to experience the presence of the personal and loving God of Biblical revelation and the Judeo Christian tradition They search for signs of the divine presence in their daily life experiences This problematic of identifying God's presence in an experience may necessitate the construction of an entirely new theological methodology radically different from the traditional one which proceeded largely by way of rational analysis Realizing this Father Meyer analyzes from the theological point of view the experience of God's presence in daily life and surveys the criteria and norms by which that experience can be identified as being of divine origin He also includes an analysis of the fundamental yet often forgotten role of the Holy Spirit in religious experience thereby exploring the basis of the current Pentecostal movement
