Grammatical Relations In Change

Ilja A. Serzant, Leonid Kulikov

Grammatical Relations In Change:

Grammatical Relations in Change Jan Terje Faarlund, 2001 *Language Typology* 1987 Winfred Philipp

Lehmann, 1990-01-01 These papers from the 1987 Typology Symposium a follow up to the 1985 meeting in Moscow deal with the relevance of typology for historical linguistics Its application in understanding phonological and grammatical change is examined for a variety of languages Its relevance for application of the comparative method and the method of internal reconstruction is noted with reference to the glottalic theory and problems in other language families Among the several approaches alignment typology is especially examined with languages defined as accusative ergative or stative active an approach to which linguists of the USSR have made important contributions in recent years Among specific problems examined are tonogenesis in Na Dene the origin of the genitive in ergative languages and relative pronouns of Indo European languages in the context of the Eurasiatic hypothesis Along with changes in other languages like those of East and Southeast Asia these problems are discussed in an effort to determine general and specific tendencies in language change and to contribute towards the development of diachronic typology **Connecting Grammaticalisation** Jens

Nørgård-Sørensen, Lars Heltoft, Lene Schøsler, 2011-12-21 This monograph presents a view on grammaticalisation radically different from standard views centering around the cline of grammaticality Grammar is seen as a complex sign system and as a consequence grammatical change always comprises semantic change What unites morphology topology word order constructional syntax and other grammatical subsystems is their paradigmatic organisation The traditional concept of an inflexional paradigm is generalised as the structuring principle of grammar Grammatical change involves paradigmatic restructuring and in the process of grammatical change morphological topological and constructional paradigms often connect to form complex paradigms The book introduces the concept of connecting grammaticalisation to describe the formation restructuring and dismantling of such complex paradigms Drawing primarily on data from Germanic Romance and Slavic languages the book offers both a broad general discussion of theoretical issues part one and three case studies part two *The Handbook of Lexical Functional Grammar* Mary Dalrymple, 2023-12-14 Lexical Functional Grammar LFG is a nontransformational theory of linguistic structure first developed in the 1970s by Joan Bresnan and Ronald M Kaplan which assumes that language is best described and modeled by parallel structures representing different facets of linguistic organization and information related by means of functional correspondences This volume has five parts Part I Overview and Introduction provides an introduction to core syntactic concepts and representations Part II Grammatical Phenomena reviews LFG work on a range of grammatical phenomena or constructions Part III Grammatical modules and interfaces provides an overview of LFG work on semantics argument structure prosody information structure and morphology Part IV Linguistic disciplines reviews LFG work in the disciplines of historical linguistics learnability psycholinguistics and second language learning Part V Formal and computational issues and applications provides an overview of computational and

formal properties of the theory implementations and computational work on parsing translation grammar induction and treebanks Part VI Language families and regions reviews LFG work on languages spoken in particular geographical areas or in particular language families The final section Comparing LFG with other linguistic theories discusses LFG work in relation to other theoretical approaches *The Diachronic Typology of Non-Canonical Subjects* Ilja A. Serzant, Leonid Kulikov, 2013-11-15

This volume is an important contribution to the diachrony of non canonical subjects in a typological perspective The questions addressed concern the internal mechanisms and triggers for various changes that non canonical subjects undergo ranging from semantic motivations to purely structural explanations The discussion encompasses the whole life cycle of non canonical subjects from their emergence out of non subject arguments to their expansion demise or canonicization focusing primarily on syntactic changes and changes in case marking The volume offers a number of different case studies comprising such languages as Italian Spanish Old Norse and Russian as well as languages less studied in this context such as Latin Classical Armenian Baltic languages and some East Caucasian languages Typological generalizations in the form of recurrent developmental paths are offered on the basis of data presented in this volume and in the literature

The Handbook of Language Contact Raymond Hickey, 2020-09-01 The second edition of the definitive reference on contact studies and linguistic change provides extensive new research and original case studies Language contact is a dynamic area of contemporary linguistic research that studies how language changes when speakers of different languages interact Accessibly structured into three sections The Handbook of Language Contact explores the role of contact studies within the field of linguistics the value of contact studies for language change research and the relevance of language contact for sociolinguistics This authoritative volume presents original findings and fresh research directions from an international team of prominent experts Thirty seven specially commissioned chapters cover a broad range of topics and case studies of contact from around the world Now in its second edition this valuable reference has been extensively updated with new chapters on topics including globalization language acquisition creolization code switching and genetic classification Fresh case studies examine Romance Indo European African Mayan and many other languages in both the past and the present Addressing the major issues in the field of language contact studies this volume Includes a representative sample of individual studies which re evaluate the role of language contact in the broader context of language and society Offers 23 new chapters written by leading scholars Examines language contact in different societies including many in Africa and Asia Provides a cross section of case studies drawing on languages across the world The Handbook of Language Contact Second Edition is an indispensable resource for researchers scholars and students involved in language contact language variation and change sociolinguistics bilingualism and language theory *Morphology and Universals in Syntactic Change* Brian D. Joseph, 2016-11-10 This book first published in 1990 is a study of both the specific syntactic changes in the more recent stages of Greek and of the nature of syntactic change in general Guided by the constraints and principles of Universal

Grammar this hypothesis of this study allows for an understanding of how these changes in Greek syntax occurred and so provides insight into the mechanism of syntactic change This title will be of interest to students of language and linguistics

Lexical-Functional Syntax Joan Bresnan,Ash Asudeh,Ida Toivonen,Stephen Wechsler,2015-06-18 Lexical Functional Syntax 2nd Edition the definitive text for Lexical Functional Grammar LFG with a focus on syntax is updated to reflect recent developments in the field Provides both an introduction to LFG and a synthesis of major theoretical developments in lexical functional syntax over the past few decades Includes in depth discussions of a large number of syntactic phenomena from typologically diverse languages Features extensive problem sets and solutions in each chapter to aid in self study

Incorporates reader feedback from the 1st Edition to correct errors and enhance clarity Word-Order Change as a Source of Grammaticalisation Susann Fischer,2010-06-30 This book presents a new perspective on the interaction between word order and grammaticalisation by investigating the changes that stylistic fronting and oblique subjects have undergone in Romance Catalan French Spanish as compared to Germanic English Icelandic It discusses a great deal of historical comparative data showing that stylistic fronting and oblique subjects have had a semantic effect in the Germanic and in the Romance languages and that they both appear in the same functional category The loss of stylistic fronting and oblique subjects is seen as an effect of grammaticalisation where grammaticalisation is taken to be a regular case of parameter change In contrast to previous and recent approaches to grammaticalisation however the author shows that it is not the loss of morphology that triggers grammaticalisation with subsequent word order changes but that the word order change sets off grammaticalisation in the functional categories which is then followed by the loss of morphology **Reading Minds** Mark

Turner,1994-01-16 The great adventure of modern cognitive science the discovery of the human mind will fundamentally revise our concept of what it means to be human Drawing together the classical conception of the language arts the Renaissance sense of scientific discovery and the modern study of the mind Mark Turner offers a vision of the central role that language and the arts of language can play in that adventure **Functional Grammar** Simon C. Dik,2021-03-22 No

detailed description available for Functional Grammar **Historical Syntax in Cross-Linguistic Perspective** Alice C.

Harris,Lyle Campbell,1995-09-21 In this major new work Alice Harris and Lyle Campbell set out to establish a general framework for the investigation of linguistic change Systematic cross linguistic comparison of syntactic change across a wide variety of languages is used to construct hypotheses about the universals and limits of language change more generally In particular the authors seek to move closer towards describing the range of causes of syntactic change to develop an understanding of the mechanisms of syntactic change and to provide an understanding of why some languages undergo certain changes and not others The authors draw on languages as diverse as Pipil and French Georgian and Estonian and the data presented is one of the book s great strengths Rigor and precision are combined here with a great breadth of scholarship to produce a unique resource for the study of linguistic change which will be of use to scholars and students alike

Grammaticalization Paul J. Hopper, Elizabeth Closs Traugott, 2003-07-31 This is a general introduction to grammaticalization the change whereby lexical terms and constructions come in certain linguistic contexts to serve grammatical functions and once grammaticalized continue to develop new grammatical functions The authors synthesize work from several areas of linguistics The second edition has been thoroughly revised with substantial updates on theoretical and methodological issues that have arisen in the decade since the first edition and includes a significantly expanded bibliography Particular attention is paid to recent debates over directionality in change and the role of grammaticalization in creolization

Principles of Historical Linguistics Hans Henrich Hock, 2021-10-25 Historical linguistic theory and practice consist of a large number of chronological layers that have been accepted in the course of time and have acquired a permanence of their own These range from neogrammarian conceptualizations of sound change analogy and borrowing to prosodic lexical morphological and syntactic change and to present day views on rule change and the effects of language contact To get a full grasp of the principles of historical linguistics it is therefore necessary to understand the nature of each of these layers This book is a major revision and reorganization of the earlier editions and adds entirely new chapters on morphological change and lexical change as well as a detailed discussion of linguistic palaeontology and ideological responses to the findings of historical linguistics to this landmark publication

Semantics John I. Saeed, 2022-11-30 The latest edition of the bestselling introduction to the field of linguistic semantics updated throughout and featuring a wholly new chapter on inferential pragmatics Semantics Fifth Edition is a comprehensive and well balanced introduction to the study of the communication of meaning in language Assuming no previous background in semantics and limited familiarity with formal linguistics this student friendly textbook describes the concepts theory and study of semantics in an accessible and clear style Concise chapters describe the role of semantics within contemporary linguistics cover key topics in the analysis of word and sentence meaning and review major semantic theories such as componential theory formal semantics and cognitive semantics The updated fifth edition incorporates recent theoretical developments and important research in linguistic semantics featuring an entirely new chapter examining the overlap between inferential pragmatics and Relevance Theory truth conditional meaning and other traditional areas of semantics Revised and expanded sections discuss the continuing growth and consolidation of cognitive semantics various contextual features of language conceptualization and categorization and construal and perspective This edition includes new exercises with solutions up to date references to relevant literature and additional examples with data from a wide range of different languages Covers basic concepts and methods as well as key theoretical models current lines of research and important writers Explains general concepts in semantics before gradually moving to more advanced topics in semantic description and theoretical approaches Highlights the relation between cross linguistic variation and language universals Provides students with the background necessary to understand more advanced and specialized primary semantics literature Includes a glossary of technical terms and numerous

exercises arranged by level of difficulty Highlights the relationship between semantics and cross linguistic variation language universals and pragmatics With detailed examples from a wide range of contexts and a wealth of practical exercises Semantics Fifth Edition remains the perfect textbook for undergraduate students of linguistics English language applied linguistics modern languages and computer sciences The MIT Encyclopedia of the Cognitive Sciences (MITECS) Robert A. Wilson, Frank C. Keil, 2001-09-04 Since the 1970s the cognitive sciences have offered multidisciplinary ways of understanding the mind and cognition The MIT Encyclopedia of the Cognitive Sciences MITECS is a landmark comprehensive reference work that represents the methodological and theoretical diversity of this changing field At the core of the encyclopedia are 471 concise entries from Acquisition and Adaptationism to Wundt and X bar Theory Each article written by a leading researcher in the field provides an accessible introduction to an important concept in the cognitive sciences as well as references or further readings Six extended essays which collectively serve as a roadmap to the articles provide overviews of each of six major areas of cognitive science Philosophy Psychology Neurosciences Computational Intelligence Linguistics and Language and Culture Cognition and Evolution For both students and researchers MITECS will be an indispensable guide to the current state of the cognitive sciences Ergativity in Amazonia Spike Gildea, Francisco Queixalós, 2010 This volume presents a typological theoretical introduction plus eight papers about ergative alignment in 16 Amazonian languages All are written by linguists with years of fieldwork and comparative experience in the region all describe details of the synchronic systems and several also provide diachronic insight into the evolution of these systems The five papers in Part I focus on languages from four larger families with ergative patterns primarily in morphology The typological contribution is in detailed consideration of unusual splits changes in ergative patterns and parallels between ergative main clauses and nominalizations The three papers in Part II discuss genetically isolated languages Two present dominant ergative patterns in both morphology and syntax the other a syntactic inverse system that is predominantly ergative in discourse In each the authors demonstrate that identification of traditional grammatical relations is problematic These data will figure in all future typological and theoretical debates about grammatical relations Concise History of the Language Sciences E.F.K. Koerner, R.E. Asher, 2014-06-28 This book presents in a single volume a comprehensive history of the language sciences from ancient times through to the twentieth century While there has been a concentration on those traditions that have the greatest international relevance a particular effort has been made to go beyond traditional Eurocentric accounts and to cover a broad geographical spread For the twentieth century a section has been devoted to the various trends schools and theoretical framework developed in Europe North America and Australasia over the past seventy years There has also been a concentration on those approaches in linguistic theory which can be expected to have some direct relevance to work being done at the beginning of the twenty first century or those of which a knowledge is needed for the full understanding of the history of linguistic sciences through the last half of this century The last section of this book

reviews the applications of some of these findings Based on the foundation provided by the award winning Encyclopedia of Language and Linguistics this volume provides an excellent focal point of reference for anyone interested in the history of the language sciences **The Routledge Handbook of Historical Linguistics** Claire Bowerman, Bethwyn Evans, 2015-03-24 The Routledge Handbook of Historical Linguistics provides a survey of the field covering the methods which underpin current work models of language change and the importance of historical linguistics for other subfields of linguistics and other disciplines Divided into five sections the volume encompasses a wide range of approaches and addresses issues in the following areas historical perspectives methods and models language change interfaces regional summaries Each of the thirty two chapters is written by a specialist in the field and provides an introduction to the subject an analysis of the relationship between the diachronic and synchronic study of the topic an overview of the main current and critical trends and examples from primary data The Routledge Handbook of Historical Linguistics is essential reading for researchers and postgraduate students working in this area Chapter 28 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license <https://www.routledgehandbooks.com/doi/10.4324/9781315794013.ch28> Understanding Syntax 2nd Edition Maggie Tallerman, 2014-03-18 This widely acclaimed textbook provides a complete introduction to the syntax of human languages

Reviewing **Grammatical Relations In Change**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**Grammatical Relations In Change**," an enthralling opus penned by a very acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.

Grammatical Relations In Change Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Grammatical Relations In Change PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning.

By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Grammatical Relations In Change PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Grammatical Relations In Change free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Grammatical Relations In Change Books

1. Where can I buy Grammatical Relations In Change books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Grammatical Relations In Change book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Grammatical Relations In Change books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing.

- Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
 7. What are Grammatical Relations In Change audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
 10. Can I read Grammatical Relations In Change books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
