## **Gramsci And Marxist Theory:**

Gramsci and Marxist Theory (RLE: Gramsci) Chantal Mouffe, 2014-04-24 This book familiarizes the English speaking reader with the debate on the originality of Gramsci's thought and its importance for the development of Marxist theory. The contributors present the principal viewpoints regarding Gramsci's theoretical contribution to Marxism focussing in particular on his advances in the study of the superstructures and discussing his relation to Marx and Lenin and his influence in Eurocommunism. Different interpretations are put forward concerning the elucidation of Gramsci's key concepts namely hegemony, integral state, war of position and passive revolution. **Gramsci and Marxist Theory** Chantal Mouffe, 1979

**Gramsci and Marxist Theory (RLE: Gramsci)** Chantal Mouffe, 2014-04-24 This book familiarizes the English speaking reader with the debate on the originality of Gramsci's thought and its importance for the development of Marxist theory. The contributors present the principal viewpoints regarding Gramsci's theoretical contribution to Marxism focussing in particular on his advances in the study of the superstructures and discussing his relation to Marx and Lenin and his influence in Eurocommunism. Different interpretations are put forward concerning the elucidation of Gramsci's key concepts namely hegemony, integral state, war of position and passive revolution. **Antonio Gramsci: Marxism, philosophy and politics**

James Martin, 2002 *The Sociology of Political Praxis (RLE: Gramsci)* Leonardo Salamini, 2014-04-24 This volume analyses the philosophical nature of Gramsci's Marxism and its Hegelian source, the radical critique of the economic tradition and the original analyses of the role of superstructures, ideology, consciousness and subjectivity in the revolutionary process. It relates the central themes of Gramsci's writings such as hegemony, historical blocs, the role of intellectuals and political praxis to the more peripheral ones such as science, language, literature and art. The introduction includes a brief intellectual biography of Gramsci. *The Gramscian Moment* Peter Thomas, 2009-07-31 Winner of the Premio internazionale Giuseppe Sormani 2011 awarded by the Fondazione Istituto Piemontese Antonio Gramsci in Turin for the best book/article on Gramsci in the period between 2007-2011 internationally. Antonio Gramsci's Prison Notebooks are today acknowledged as a classic of the human and social sciences in the twentieth century. The influence of his thought in numerous fields of scholarship is only exceeded by the diverse interpretations and readings to which it has been subjected, resulting in often contradictory images of Gramsci. This book draws on the rich recent season of Gramscian philological studies in order to argue that the true significance of Gramsci's thought consists in its distinctive position in the development of the Marxist tradition. Providing a detailed reconsideration of Gramsci's theory of the state and concept of philosophy, *The Gramscian Moment* argues for the urgent necessity of taking up the challenge of developing a philosophy of praxis as a vital element in the contemporary revitalisation of Marxism. **The Revolutionary Marxism of Antonio Gramsci** Frank Rosengarten, 2013-12-11 Antonio Gramsci was not only one of the most original and significant communist leaders of his time but also a creative thinker whose contributions to the renewal of Marxism remain pertinent today. In *The Revolutionary Marxism of Antonio Gramsci* Frank

Rosengarten explores Gramsci's writings in areas as diverse as Marxist theory the responsibilities of political leadership and the theory and practice of literary criticism He also discusses Gramsci's influence on the post colonial world Through close readings of texts ranging from Gramsci's socialist journalism in the Turin years to his prison letters and Notebooks Rosengarten captures the full vitality of the Sardinian communist's thought and outlook on life     *Gramsci's Democratic Theory* Sue Golding, Susan R. Golding, 1992-01-01 An in depth study of Antonio Gramsci's prison notebooks Quaderni del carcere and his specific contributions to radical democratic theory The book encompasses English Italian and French debates on the subject as well as political and philosophical discussions concerning the limitations of liberal and socialist democratic theory     Hegemony and Revolution Walter L. Adamson, 1983-01-01 As a result of his inquiry into the nature of class culture and the state Antonio Gramsci became one of the most influential Marxist theorists Hegemony and Revolution is the first full fledged study of Gramsci's Prison Notebooks in the light of his pre prison career as a socialist and communist militant and a highly original Marxist intellectual Walter Adamson shows how Gramsci's concepts of revolution grew out of his experience with the Turin worker councils of 1919 1920 as well as his experience combatting the Fascist movement For Gramsci revolution meant the steady ascension of a mass based educated and organized collective will in which the final seizure of power would be the climax of a broader educative process Success depended on countering not just the coercive power of the existing economic and political order but also the cultural hegemony of the state A counter hegemony for Gramsci required the leadership of an organized political party but at its core lay his conviction that the common people were capable of self enlightenment and could produce an alternative conception of the world that challenged the prevailing hegemonic culture Adamson shows how these ideas which Gramsci developed prior to his imprisonment led him to a highly original concept of subaltern class movements that cohere not just on the basis of economic interest but by virtue of religious ideological regional folkloric and other sorts of cultural ties as well These ideas of Gramsci have had enormous influence on a wide variety of subsequent cultural theories including postcolonialism and Foucault style analyses of discursive practices     Gramsci's Philosophy Thomas Nemeth, 1980     *Gramsci's Politics* Anne Showstack Sassoon, 2019-11-19 First published in 1980 This book analyses Gramsci's political theory and the consequences of his ideas for the theory of the state and of the political party Using the new tools of analysis which have been developed in Italy the book presents Gramsci's political theory as part of the attempt to develop further a Marxist theory of politics The book also serves as a basis for considering the theoretical foundations of political developments such as Eurocommunism and the author argues that Gramsci's political thought provides useful instruments for both a critique of Stalinism and of social democracy and offers a grounding for conceptualising democratic forms of socialism which did not simply reinforce the State This title will be of interest to students of politics philosophy and history     **Gramsci** Michael Ekers, Gillian Hart, Stefan Kipfer, Alex Loftus, 2012-12-26 This unique collection is the first to bring attention to Antonio Gramsci's work within geographical debates Presenting a

substantially different reading to Gramsci scholarship the collection forges a new approach within human geography environmental studies and development theory Offers the first sustained attempt to foreground Antonio Gramsci s work within geographical debates Demonstrates how Gramsci articulates a rich spatial sensibility whilst developing a distinctive approach to geographical questions Presents a substantially different reading of Gramsci from dominant post Marxist perspectives as well as more recent anarchist and post anarchist critiques Builds on the emergence of Gramsci scholarship in recent years taking this forward through studies across multiple continents and asking how his writings might engage with and animate political movements today Forges a new approach within human geography environmental studies and development theory building on Gramsci s innovative philosophy of praxis      *Hegemony and Class Struggle* Juan Dal Maso,2022-07-09 Leon Trotsky and Antonio Gramsci are two of the most important Marxist thinkers of the 20th century This book explores the similarities and the differences between their philosophical and political theories The first and second chapters deal with a still under investigated aspect of Trotsky s thought i e his reflections on the issue of hegemony The third chapter focuses on Gramsci s critique of Trotsky in his Prison Notebooks analysing Gramsci s knowledge of Trotsky s positions as well as the scope and limits of Gramsci s critique The fourth chapter consists of a critical rereading of Perry Anderson s essay Antinomies of Antonio Gramsci originally published in 1976 and republished in 2017 and an analysis of the book Gramsci and Trotsky in the Shadow of Stalinism by Emanuele Saccarelli The result is an investigation that offers new insight into both Trotsky s and Gramsci s thought while proposing a new point of view from which to interpret revolutionary theory and strategy in the contemporary scenario One of the main topics addressed throughout the three essays is the specific position of the problem of hegemony in a theory of permanent revolution demonstrating that Trotsky had a particular understanding of the question of hegemony and that Gramsci in turn introduced a concept of hegemony that is closely associated with an idea of permanent revolution such that the dynamics of the relationship between democratic struggles and socialist struggles presented in both theories are very similar      **Praxis and Method (RLE: Gramsci)** Richard Kilminster,2014-04-24 This sociological critique of the philosophy of praxis looks at the importance of the concept in the social theory of leading influential Western Marxists such as Luk cs Gramsci Korsch Horkheimer Marcuse and Adorno in the inter war period It offers a detailed critique of Marx and Hegel and explores the validity and implications for sociology of two of Marx s ideas which the later theorists made the centre piece of their social theory first that true theory is authenticated by praxis and second its corollary that certain major social transformations should and would in practice render sociology redundant      **Gramsci's Political Analysis** J. Martin,1998-06-17 In this new introduction to Antonio Gramsci s thought James Martin reconstructs the central analytical themes of the Italian Marxist s famous Prison Notebooks the organic intellectuals the relation between state and civil society and the revolutionary party The contemporary relevance of his concept hegemony to the analysis of state legitimacy is critically considered and the limitations of Gramsci s historicist

Marxism to understanding social complexity are outlined The book will be of interest to undergraduates and teachers in the social sciences

**A Marxist Theory of Ideology** Andrea Sau, 2020-06-10 This work explores the question of defining ideology from a Marxist perspective Advancing beyond the schemas of discussion presented in current Marxist literature the author offers an account of how the concept of ideology should be defined and what role it plays within historical materialism Through a close reading of Karl Marx's relevant writings this volume demonstrates that while there is no coherent single account of ideology in Marx's work his materialist framework can be reconstructed in a defensible and non deterministic way The definition of ideology presented is then articulated through a close reading of Antonio Gramsci's Prison Notebooks Efforts are also made to demonstrate that Gramsci's interpretation of historical materialism is indeed consistent and compatible with Marx's A systematic articulation of a theory of ideology that combines the works of Marx and Gramsci as well as adding elements of Pierre Bourdieu's social theory and William James's psychology this volume will appeal to scholars of social and political theory with interests in political economy and Marxist thought

**False Consciousness and Ideology in Marxist Theory** Ron Eyerman, 1981

**The Oxford Handbook of Karl Marx** Matt Vidal, Tony Smith, Tomás Rotta, Paul Prew, 2019-03-26 Karl Marx is one of the most influential writers in history Despite repeated obituaries proclaiming the death of Marxism in the 21st century Marx's ideas and theories continue to guide vibrant research traditions in sociology economics political science philosophy history anthropology management economic geography ecology literary criticism and media studies Due to the exceptionally wide influence and reach of Marxist theory including over 150 years of historical debates and traditions within Marxism finding a point of entry can be daunting The Oxford Handbook of Karl Marx provides an entry point for those new to Marxism At the same time its chapters written by leading Marxist scholars advance Marxist theory and research Its coverage is more comprehensive than previous volumes on Marx in terms of both foundational concepts and state of the art empirical research on contemporary social problems It also provides equal space to sociologists economists and political scientists with substantial contributions from philosophers historians and geographers The Oxford Handbook of Karl Marx consists of six sections The first section Foundations includes chapters that cover the foundational concepts and theories that constitute the core of Marx's theories of history society and political economy This section demonstrates that the core elements of Marx's political economy of capitalism continue to be defended elaborated and applied to empirical social science and covers historical materialism class capital labor value crisis ideology and alienation Additional sections include Labor Class and Social Divisions Capitalist States and Spaces Accumulation Crisis and Class Struggle in the Core Countries Accumulation Crisis and Class Struggle in the Peripheral and Semi Peripheral Countries and Alternatives to Capitalism

*Gramsci's Political Thought* Carlos Nelson Coutinho, 2012-07-20 Coutinho offers an analysis of the evolution of the political thought of Antonio Gramsci Focusing on central concepts of the Prison Notebooks and relating them to the history of modern political ideas this book also demonstrates that his ideas continue to be relevant

resources for understanding the present controversies

**Routledge Encyclopedia of International Political Economy**

R. J. Barry Jones, 2002-09-11 This three volume Encyclopedia offers the first comprehensive and authoritative survey of the rapidly developing field of international political economy. Its entries cover the major theoretical issues and analytical approaches within the field. The set also provides detailed discussion of the contributions of key individuals and surveys a wide range of empirical conditions and developments within the global political economy including its major institutions. The Encyclopedia has been designed to be eclectic in approach and wide ranging in coverage. Theoretical entries range from discussions of the definition and scope of the field through core methodological questions such as rationalism and the structure agent problem to surveys of the major theories and approaches employed in the study of the international political economy.
