With an essay by Harold Bloom What is the society of London that I should be tempted for its sake to mortify my senses and compound with such uncleanness as my soul abhors Smollett's savage boisterously funny lambasting of eighteenth century British society charts the unfortunate journey of the gout ridden and irascible squire Matthew Bramble across Britain who finds himself everywhere surrounded by decadents pimps con men raucousness and degeneracy until the arrival of the trusty manservant Humphry Clinker promises to improve his fortunes Populated with unforgettable grotesques and written with a relish for earthy humour and wordplay and a ferocious pessimism Humphry Clinker is Smollett's masterpiece The Penguin English Library 100 editions of the best fiction in English from the eighteenth century and the very first novels to the beginning of the First World War **The Expedition of Humphry Clinker** Tobias George Smollett, 2016-01-04

The Expedition of Humphry Clinker by Tobias Smollett The Expedition of Humphry Clinker was the last of the picaresque novels of Tobias Smollett and is considered by many to be his best and funniest work Published in London on 17 June 1771 just three months before Smollett's death it is an epistolary novel presented in the form of letters written by six characters Matthew Bramble a Welsh Squire his sister Tabitha their niece and nephew Jeremy and Lydia Melford Tabitha's maid Winifred Jenkins and Lydia's suitor Wilson Much of the comedy arises from differences in the descriptions of the same events by the participants Attributions of motives and descriptions of behaviour show wild variation and reveal much about the character of the teller The setting amidst the high society spa towns and seaside resorts of the 18th century provides his characters with many opportunities for satirical observations on English life and manners The author's travels in Scotland France and Italy helped provide inspiration for the plot Matthew Bramble his family and servants are traveling through England and Scotland Although the primary motivation for the expedition is to restore the health of the gouty Matthew Bramble each member of the family uses the excursion to achieve their ends Leaving from Bramble's estate Brambleton Hall in the south western corner of England the family passes through many cities making extended or significant stops at Gloucester Bath London Harrogate Scarborough and Edinburgh The splenetic patriarch Matthew Bramble visits various

natural spas to alleviate his health problems and he corresponds primarily with his physician Dr Lewis Through his letters and those of Jeremy it is revealed that Bramble is misanthropic and something of a hypochondriac Despite his frequent complaints he is generally reasonable and extremely charitable to the people he meets on his travels as well as to his servants and wards back at home His letters introduce and ridicule significant eighteenth century concerns such as medicine the growth of urban life class the growth of periodical press and the public sphere His growing disillusion at the changing moral and social landscape of England embodies his traditionalist perspective and reveals the absurdities of contemporary culture His sister Tabitha Bramble is a foolish and cantankerous spinster who uses the expedition as an excuse to search for a husband Through her correspondence with Mrs Gwyllim the house keeper at Brambleton Hall Tabitha reveals her selfishness and lack of generosity towards servants and the impoverished Her social pretensions are rendered all the more comical by her frequent misunderstandings misuse of common idioms and atrocious spelling
