Hunger For Significance:

The Hunger for Significance R. C. Sproul, 2001 Explores the human cry for dignity significance love and respect Touches the aching void in the home school church workplace hospital and prison Foreword by Charles Colson **The Hunger for Significance** R. C. Sproul, 1992-06-04 *The Hunger for Significance* Robert Charles Sproul, 2020 Formerly published as *In Search of Dignity* Regal Books 1983 **Leadership in the Way of the Cross** Sherwood G.

Lingenfelter, 2018-05-16 This book is for people who are serious about leading people men and women who have accepted big challenges who have passed through the fire of tough decisions who have acknowledged they at times have failed and have recovered for the next challenge but do not want to repeat the past The thesis of the book is that the journey of leadership takes us deep into the dangers of both authority and risk and our attempts to avoid one or the other of these dangers will precipitate crisis As a leader who desires to flourish it is critical to ask is anyone following And are we following Jesus as we invite others to follow us In this book I invite you into my journey and the journeys of other ministry leaders through the deep waters of crisis and the challenge of learning to lead so that people are following This process begins with self discovery disclosing default habits fears and hungers followed by trusting the Holy Spirit to work God's transformation within us and then to engaging the hard work of mobilizing his body the people of God so that every part is doing his work

The Social Significance of Telematics Lars Qvortrup, 1984-01-01 The assumption underlying this book is that we are facing a societal transformation a silent revolution in fact with consequences at least as far reaching as those of the Industrial Revolution The author of this book wants to intervene in the current discussion about this revolution a discussion which is normally colored by a resigned determinism maintaining that the transformation will come about all by itself as an automatic consequence of the development of technology As opposed to this the author wants to politicize the debate by insisting on the fact that this silent revolution is not inextricably tied to the automatically whirring computer discs of technological development but is dependent on a number of political choices

Jesus Among Other Gods Ravi Zacharias, 2002-02-06 In a world with so many religions why Jesus We are living in a time when you can believe anything as long as you do not claim it to be true In the name of tolerance our postmodern culture embraces everything from Eastern mysticism to New Age spirituality But as Ravi Zacharias points out such unquestioning acceptance of all things spiritual is absurd All religions plainly and simply cannot be true *Jesus Among Other Gods* provides the answers to the most fundamental claims about Christianity such as Aren't all religions fundamentally the same Was Jesus who He claimed to be Can one study the life of Christ and demonstrate conclusively that He was and is the way the truth and the life In each chapter Zacharias considers a unique claim that Jesus made and then contrasts the truth of Jesus with the founders of Islam Hinduism and Buddhism with compelling insight and passionate conviction In addition to an impressive breadth of reading and study he shares his personal journey from despair and meaninglessness to his discovery that Jesus is who He said He is In Jesus

Among Other Gods Ravi Zacharias demonstrates that he is one of the most intellectually gifted as well as spiritually sensitive writers of today's leading apologists for the Christian faith Zacharias brings alive the unique power of the claims of Jesus about himself and the utter relevance of his message today for the human condition David Aikman author of Great Souls

The Universe Is on Our Side Bruce Ledewitz, 2022 In *The Universe Is On Our Side* Bruce Ledewitz argues that there has been a breakdown in American public life that no election can fix Americans struggle to even converse about politics and the usual explanations for our condition have failed to make things better America's future requires that we begin a new story by each of us asking a question posed by theologian Bernard Lonergan Is the universe on our side According to Ledewitz when we commit to live honestly and fully by our answer to that question even if our immediate answer is no America can begin to heal

The Living Church, 1948 *Zacharias 2 in 1-Jesus Among Other Gods & Deliver Us from Evil* Ravi Zacharias, 2009-09-10 *Jesus Among Other Gods* In his most important work to date apologetics scholar and popular speaker Ravi Zacharias shows how the blueprint for life and death itself is found in a true understanding of Jesus With a simple yet penetrating style Zacharias uses rich illustrations to celebrate the power of Jesus Christ to transform lives *Jesus Among Other Gods* contrasts the truth of Jesus with founders of Islam Hinduism and Buddhism strengthening believers and compelling them to share their faith with our post modern world *Deliver Us From Evil* With clarity and insight Zacharias shows how many of today's most popular ideas thoughts and beliefs are vandalizing our culture He shows how it is there in the depths of our innermost being That the work of God changes what we want to do This is not an ethical system calling us to civility This is the transforming work of the grace of God who calls us His children He shows how Secularization has led us to a loss of shame generating evil even against those we love Pluralization has led us to a loss of reason generating evil toward those we choose to hate Privatization has led us to loss of meaning generating evil against ourselves

Research in Social Movements, Conflicts and Change Patrick G. Coy, 2008-06-16 Presents a series of papers focused on the complex dynamics of coalitions and the interorganizational relations within social movements This volume includes a section which focuses on strategic decision making in social movements including with regard to strategic alliances

Internment in Concentration Camps and Its Consequences P. Matussek, 2012-12-06 It remained for Nazi Germany to design the most satanic psychological experiment of all time the independent variables consisting of brutality bestiality physical and mental torture on an unprecedented scale What were the effects of this massive assault on the human spirit on man's ability to assimilate such experiences if he survived physically While the terror of the Nazi concentration camps has been indelibly engraved in the history of Western civilization as its most shameful chapter little systematic study has been addressed to the subsequent lives of that minority of inmates who were fortunate enough to escape physical annihilation and lived to tell about their nightmare Dr PAUL MATUSSEK a respected German psychiatrist aided by a small group of collaborators performed the task of identifying a group of victims mostly Jews but also political prisoners who following their liberation had settled in

Germany Israel and the United States By careful interviews questionnaires and psychological tests he brought to bear the methods of sensitive clinical inquiry on the experiences of those who dared to reminisce and who were sufficiently trusting to share their feelings and memories with clinical investigators It is a telling commentary that many people even after the passage of years refused to respond

The Significance of Psychoanalysis for the Mental Sciences Otto Rank, Hanns Sachs, Charles Rockwell Payne, 1916

Personification Walter Melion, Bart Ramakers, 2016-03-11 Personification or prosopopeia the rhetorical figure by which something not human is given a human identity or face is readily discernible in early modern texts and images but the figure's cognitive form and function its rhetorical and pictorial effects have rarely elicited sustained scholarly attention The aim of this volume is to formulate an alternative account of personification to demonstrate the ingenuity with which this multifaceted device was utilized by late medieval and early modern authors and artists in Italy France England Scotland and the Low Countries Personification is susceptible to an approach that balances semiotic analysis focusing on meaning effects and phenomenological analysis focusing on presence effects produced through bodily performance This dual approach foregrounds the full scope of prosopopoeic discourse not just the what but also the how not only the signified but also the signifier

The Medical Brief, 1901 *Faith or Frustration* Paul Murray, 2019-05-30 We begin the second part of this four part series on the Gospel of John called Meet Messiah In Part 1 Behold the Man we saw the introduction of the Messiah to both the human family and the nation of Israel In Part 2 Faith or Frustration we will join His disciples as they walk in the footsteps of the Master from chapter 5 through chapter 12 Here opposition to Jesus and His ministry begins in earnest Up through chapter 4 of John's gospel the leadership of Israel was curious about whom this new rabbi really was The ministry of John the Baptist had captured the attention of the nation with his proclamation that the kingdom of God was at hand and that folks needed to repent of their sins in preparation of the coming Messiah At first the Jews just dismissed Jesus as another new rabbi on the block But His popularity had grown rapidly outstripping even that of the Baptizer The signs that He was doing had caught the attention of the masses as well as the Jews When He cleansed the temple and chased out all the vendors which was a primary source of income for the priests He became a regular topic of conversation in the Great Sanhedrin We will begin to see that the curiosity of the Jews turned to frustration their frustrations turned to anger and their anger turned to hatred until finally a plot was devised to have Him killed That was the only way they would ever stop Him and save their positions of power and control over the people Strap in for the ride It's going to get really really bumpy Who ever said being a Christian and being bold in your faith would ever be easy The truth is it could get you killed and history has demonstrated that many have died for their faith Let's follow along with the One they have all been willing to die for

Federal Register, 1992-04-27, **Rorty and the Prophetic** Jacob L. Goodson, Brad Elliott Stone, 2021-02-11 Rorty and the Prophetic interrogates and provides a constructive assessment to the American neo pragmatist philosopher Richard Rorty's critiques of Jewish ethics Rorty dismisses the public applicability of

Jewish moral reasoning because it is based on the will of God through divine revelation As a self described secular philosopher it comes as no surprise that Rorty does not find public applicability within a divinely ordered Jewish ethic Rorty also rejects the French Jewish philosopher Emmanuel Levinas's ethics which is based upon the notion of infinite responsibility to the Face of the Other In Rorty's judgment Levinas's ethics is gawky awkward and unenlightening From a Rortyan perspective it seems that Jewish ethics simply can't win either it is either too dependent on the will of God or over emphasizes the human Other The volume responds to Rorty's criticisms of Jewish ethics in three different ways first demonstrating agreements between Rorty and Jewish thinkers second offering reflective responses to Rorty's critiques of Judaism on the questions of Messianism prophecy and the relationship between politics and theology third taking on Rorty's seemingly unfair judgment that Levinas's ethics is gawky awkward and unenlightening While Rorty does not engage the prophetic tradition of Jewish thought in his essay Glorious Hopes Failed Prophecies he dismisses the possibility for prophetic reasoning because of its other worldliness and its emphasis on predicting the future Rorty fails to attend to and recognize the complexity of prophetic reasoning and this book presents the complexity of the prophetic within Judaism Toward these ends and more Brad Elliott Stone and Jacob L Goodson offer this book to scholars who contribute to the Jewish academy those within American Philosophy and those who think Richard Rorty's voice ought to remain in conversations about religion and conversations among the religious
