HIGHER CRITICISM OF THE PENTATEUCH IN THE TWENTIETH CENTURY

PERHAPS THE MOST helpful way to present the trends of Old Testament scholarship between 1890 and 1950 is to arrange the effect of their contributions upon the structure of the Graf-Wellhausen Hypothesis. Hence the order followed will be topical rather than strictly chronological.

Jedp Lectures On The Higher Criticism Of The Pentateuch:

JEDP Allan Alexander MacRae, Stephen T. Hague, Robert Chapman Newman, 1994 **Plundering the Egyptians** John J. Yeo, 2009-11-16 *Plundering the Egyptians* focuses on the study of the Old Testament at Westminster Theological Seminary from 1929 to 1998. More specifically, it presents the lives and academic labors of Robert Dick Wilson (1929-1930), Edward Joseph Young (1936-1968), Raymond Bryan Dillard (1969-1993), and Tremper Longman III (1981-1998). These featured scholars were highly influential in changing the shape of Old Testament studies at Westminster through the introduction of novel scholarly tools and ideas that reveal methodological and theological development. Their individual historical contexts, scholarly contributions, and interactions with historical critical scholarship are presented and analyzed. Modifications in their respective methodologies are highlighted and often indicate significant shifts within the Old Princeton Westminster trajectory from an anti-critical stance toward a position of openness toward historical critical methodology and its conclusions. The implications of these shifts within Westminster are important because they mirror the current changes and challenges in evangelicalism today.

Three Views on Creation and Evolution Zondervan, 2010-06-01 For Christians, the issues raised by the different views on creation and evolution are challenging. Can a young earth be reconciled with a universe that appears to be billions of years old? Does scientific evidence point to a God who designed the universe and life in all its complexity? *Three Views on Creation and Evolution* deals with these and similar concerns as it looks at three dominant schools of Christian thought. Proponents of young earth creationism, old earth creationism, and theistic evolution each present their different views, tell why the controversy is important, and describe the interplay between their understandings of science and theology. Each view is critiqued by various scholars, and the entire discussion is summarized by Phillip E. Johnson and Richard H. Bube. The *Counterpoints* series provides a forum for comparison and critique of different views on issues important to Christians. *Counterpoints* books address two categories: Church Life and Bible and Theology. How Do We Know the Bible Is True?, Volume 1 Ken Ham, Bodie Hodge, 2011 Unless otherwise noted, Scripture quotations are from the New King James Version of the Bible. T p verso Already Compromised Dr. Greg Hall, Steve Ham, Todd Hillard, 2011-05-01 Will a Christian college build a student's faith or tear it down? Parents and students sacrifice large sums of money for a Christian college education. Why? They are purchasing a guarantee: their child's faith in God and the Bible will be guarded and developed. But is the Bible being taught? Will they graduate believing in the inerrancy of Scripture, the Flood of Noah's Day, and a literal six-day creation? Apologetics powerhouse Ken Ham and Dr. Greg Hall reveal an eye-opening assessment of 200 Christian colleges and universities. In an unprecedented 2010 study by America Research Group, college presidents, religion and science department heads were polled on critical areas of Scripture and core faith questions. Ken Ham is an accomplished author of some of the most popular and effective apologetics research on the market. He is the founder of *Answers in Genesis U.S.* and the president of the Creation

Museum I have no doubt that the average church member would be shocked and outraged to discover how many supposedly evangelical colleges and universities have more or less given up their commitment to biblical inerrancy and the authority of Scripture especially when dealing with the early chapters of Genesis I m grateful for this important work by Ken Ham and Greg Hall documenting the many compromises that have ravaged the Christian academy Already Compromised is a much needed wake up call and a summons to arms for faithful courageous Bible believers We need to stand up declare our faith and defend the truth of Scripture courageously The stakes are high and the battle may be more fierce than ever but God will bless those who honor His Word May He bless us with clear unwavering voices John MacArthur **Philosophia Christi**,2001 The Cumulative Book Index ,1996 A world list of books in the English language Perspectives on Science and Christian Faith ,2007 The Higher Criticism of the Pentateuch William Henry Green,1997-10-30 In the author s words this historic volume was written to show as briefly and compactly as possible that the faith of all past ages in respect to the Pentateuch has not been mistaken The author said colleague John D Davis shortly after Green s death did more than any one man of hi s time to rally and steady and inspire the church under the shock of a sudden and mighty assault on the trustworthiness of Scripture Green shows that the Pentateuch is the basis or foundation of the entire Old Testament that it has one theme which is treated with orderly arrangement and upon a carefully considered plan suggestive of a single author that its author was Moses that the various forms of opposition to Mosaic authorship are in error and that the hypotheses concerning the composite nature of the Pentateuch are baseless He concludes by defending the genuineness of the Pentateuch s laws against the development hypothesis and by showing this hypothesis to be radically unbiblical *Subject Guide to Children's Books in Print* 1997 Bowker Editorial Staff,R R Bowker Publishing,1996-09 **Subject Guide to Books in Print** ,1997 *The Higher Criticism in Relation to the Pentateuch* Edouard Naville,1923 **Literary Study of the Bible** Christopher Hodgkins,2019-03-04 The most comprehensive and accessible introduction to scriptural art yet written *Literary Study of the Bible An Introduction* approaches each book of the Bible including several of the apocrypha with non sectarian literary questions exploring the meanings that the Bible reveals when we read it like a poem narrative or play As a unique hybrid of introductory guide essential handbook historical survey and absorbing commentary this book fills a gap in literary Bible study with its fresh perspectives on the biblical writers many arts Readers will engage in wide range of textual approaches and interpretive traditions through this broadly informed accessibly written text Dr Christopher Hodgkins has taught *Literary Study of the Bible* for 25 years over which time he has field tested the many lenses of genre image language characterization plot and craft used throughout this book Tracing the sources composition and influences of the Biblical text this book places the Bible in a tradition of ancient near eastern Hebrew and Hellenistic literary art giving new depth to the way we understand the familiar stories of scripture Unlike other literary introductions to the Bible this book uniquely combines these elements Approaches the Bible as a richly collaborative and coherent work of literary art exploring how

earlier books influence the creation and interpretation of later ones Provides illuminating commentary supplemented by explanatory textboxes maps illustrations and study questions to enhance interest and expand learning Introduces poetic and narrative devices like doubling juxtaposition and irony within the context of scriptural art and editorial design Gives extensive attention to each biblical book resulting in the most comprehensive introduction to literary Bible study to date Presents these materials through an accessible and lively text permeated with references to both high and popular culture Literary Study of the Bible will be a welcome addition to personal school college and congregational libraries as well as an excellent text for students of the Bible in both secular and faith based settings

Vital Issues in the Inerrancy Debate F. David Farnell, Norman L. Geisler, Joseph M. Holden, William C. Roach, Phil Fernandes, 2016-01-14 The inerrancy of God's Word has been attacked throughout church history Today's assaults are unique since neo evangelicals now surrender to post modernistic ideas of history and historical critical ideologies that assault this vital doctrine They seek to redefine the orthodox meaning of inerrancy Since the signing of the Chicago Statements troubling signs have once again appeared in recent years among many who either did not fight the battles for the inerrancy of Scripture as did the International Council on Biblical Inerrancy or who do not remember the troubling times that caused their development The nature and definition of inerrancy are now being changed to include ideas of fallibility History is forgotten The need arises for sounding the alarm for Vital Issues in Inerrancy Evangelical schools and churches that broke away earlier to defend inerrancy surrender now to academic prestige and scholarly fads instead of faithfulness to God's inerrant Word The contributors pray that the Lord will raise up a new generation with the spiritual fervency of the International Council on Biblical Inerrancy to uphold the inerrancy of God's Word Isaiah 40:8 The grass withers the flower fades But the word of our God stands forever

Historical Theology Gregg Allison, 2011-04-19 Historical Theology presents the key pillars of the contemporary church and the development of those doctrines as they evolved from the history of Christian thought Most historical theology texts follow Christian beliefs in a strict chronological manner with the classic theological loci scattered throughout various time periods movements and controversies making for good history but confusing theology This companion to the classic bestseller Systematic Theology is unique among historical theologies Gregg Allison sets out the history of Christian doctrine according to a topical chronological arrangement one theological element at a time instead of committing to a discussion of theological thought according to its historical appearance alone This method allows you to Contemplate one tenet of Christianity at a time along with its formulation in the early church through the Middle Ages Reformation and post Reformation era and into the modern period Become familiar with the primary source material of Christian history's most important contributors such as Cyprian Augustine Aquinas Luther Calvin Barth and others Understand the development of evangelical doctrine with a focus on the centrality of the gospel Discern a sense of urgent need for greater doctrinal understanding in the whole church Historical Theology is an easy to read textbook for any Christian who wants to know how the church has come to believe

what it believes today Gregg Allison's clear and concise structure make this resource an ideal introduction to Christian doctrine *Reclaiming the Old Testament for the Christian Pulpit* Donald E. Gowan, 1980 **Books In Print 2004-2005**
Ed Bowker Staff, Staff Bowker, Ed, 2004 **South African Perspectives on the Pentateuch Between Synchrony and Diachrony** Jurie Hendrik Le Roux, Eckart Otto, 2007 This book examines the importance of both the synchronical and the traditional historical critical approaches to the Pentateuch **The Fall Reconsidered** Igal German, 2016-05-27 The sin narratives of Genesis 3 and 4 have been scrutinized by biblical interpreters throughout the centuries Some exegetical traditions have separated the story of Cain Abel from the preceding Edenic narrative thus undermining the unity of the Primeval History The book synthesizes the sin narratives of Adam Eve and Cain Abel and examines a wide range of premodern biblical interpretations attesting to their literary and theological unity This study makes a case for reading these primordial narratives as one familial saga that conveys to the reader the origins of human defiance against God
