Linguistic Engineering Language And Politics In Maos China:

Linguistic Engineering Ji Fengyuan, 2003-11-30 When Mao and the Chinese Communist Party won power in 1949 they were determined to create new revolutionary human beings Their most precise instrument of ideological transformation was a massive program of linguistic engineering They taught everyone a new political vocabulary gave old words new meanings converted traditional terms to revolutionary purposes suppressed words that expressed incorrect thought and required the whole population to recite slogans stock phrases and scripts that gave correct linguistic form to correct thought They assumed that constant repetition would cause the revolutionary formulae to penetrate people s minds engendering revolutionary beliefs and values In an introductory chapter Dr Ji assesses the potential of linguistic engineering by examining research on the relationship between language and thought In subsequent chapters she traces the origins of linguistic engineering in China describes its development during the early years of communist rule then explores in detail the unprecedented manipulation of language during the Cultural Revolution of 1966 1976 Along the way she analyzes the forms of linguistic engineering associated with land reform class struggle personal relationships the Great Leap Forward Mao worship Red Guard activism revolutionary violence Public Criticism Meetings the model revolutionary operas and foreign language teaching She also reinterprets Mao s strategy during the early stages of the Cultural Revolution showing how he manipulated exegetical principles and contexts of judgment to frame his alleged opponents The work concludes with an assessment of the successes and failures of linguistic engineering and an account of how the Chinese Communist Party relaxed its control of language after Mao s death

Law and Politics in Modern China Sharron Gu, 2009 This is an original interdisciplinary study of Chinese law its language and political institution Evolving within a complex literary framework over thousands of years Chinese language has lost its conceptual distinctiveness to its multilevel and overlapping meanings and connotations Chinese law has become inflated with contrary rulings and exceptions This mass of rules requires an extra lingual legal authority to redefine boundaries and specify applications This book follows and continues the author s *The Boundaries of Meaning and the Formation of Law* McGill University Press by illustrating how language shapes the formation application and administration of law in various cultural environments *Law and Politics in Modern China* is an important book for those interested in Chinese history culture law and politics It also provides refreshing insights about the way that law continues to function after its language matures and creates contradictions and loopholes within its system of rules one of the most important issues facing Western legal administration in the immediate future

The Rhetoric of Mao Zedong Xing Lu, 2022-04-13 This thorough examination of Mao s speeches and writings and how they reshaped a nation is critical to an understanding of modern China Choice Mao Zedong fundamentally transformed China from a Confucian society characterized by hierarchy and harmony into a socialist state guided by communist ideologies of class struggle and radicalization It was a transformation made possible largely by Mao s rhetorical ability to attract persuade and mobilize millions of Chinese people In this book Xing Lu analyzes Mao s speeches and writings over a span of sixty years tracing the sources and evolution of his discourse analyzing his skills as an orator and mythmaker assessing his symbolic

power and continuing presence in contemporary China and observing that Mao's rhetorical legacy has been commoditized culturally consumed and politically appropriated since his death Applying both Western rhetorical theories and Chinese rhetorical concepts to reach a more nuanced and sophisticated understanding of his rhetorical legacy Lu shows how Mao employed a host of rhetorical appeals and strategies drawn from Chinese tradition and how he interpreted the discourse of Marxism Leninism to serve foundational themes of his message She traces the historical contexts in which these themes his philosophical orientations and his political views were formed and how they transformed China and Chinese people Lu also examines how certain ideas are promoted modified and appropriated in Mao's rhetoric His appropriation of Marxist theory of class struggle his campaigns of transforming common people into new communist advocates his promotion of Chinese nationalism and his stand on China's foreign policy all contributed to and were responsible for reshaping Chinese thought patterns culture and communication behaviors

Signifying the Local Jin Liu, 2013-09-27 In *Signifying the Local* Jin Liu examines contemporary cultural productions rendered in local languages and dialects fangyan in the fields of television cinema music and literature in Mainland China This ground breaking interdisciplinary research provides an account of the ways in which local language media have become a platform for the articulation of multivocal complex and marginal identities in post socialist China Viewed from the uniquely revealing perspective of local languages the mediascape of China is no longer reducible to a unified homogeneous and coherent national culture and thus renders any monolithic account of the Chinese language Chineseness and China impossible

Planning Chinese Characters Shouhui Zhao, Richard B. Jr. Baldauf, 2007-10-30 One of the remarkable things about Chinese language policy over the millennia has been the power of the writing system to unite what are disparate if related spoken varieties We have already published one book on PRC language policy in this series a collection edited by Minglang Zhou that covered the full range of topics including the development of Putonghua common speech the status of minority languages and some interesting chapters on the reform of the writing system This last subject is of such complexity and importance to justify adding to the series a book going into more detail on developments in efforts to manage and cultivate the writing system in the last 50 years taking into account the rapid growth of the Chinese economy and the technological developments associated with computers and the web It is important we feel to back up the common generalizations about language policy with detailed studies of specific topics where one can observe at close hand the plans and activities of language managers the problems they set out to solve and their successes and failures This is precisely what Zhao and Baldauf set out to do in this full account and analysis of the challenges met by recent efforts to adjust the Chinese writing system to new demands We would like to express our thanks to the authors and to the others who contributed to the production of this volume

Africa-China Cooperation Philani Mthembu, Faith Mabera, 2020-10-01 This book offers a range of perspectives on the Africa China partnership in the context of the Forum on China and Africa Cooperation FOCAC Incorporating historical political social and cultural dimensions it offers

innovative views on the Africa China relationship that combine theory and practice and critically examines the prospects of a Pan African policy towards China complementary to China's comprehensive African policy The chapters address a number of key questions including What steps are being taken to achieve a more coordinated approach and policy towards China on the African continent Does Africa even need a collective strategy in the first place How would a coherent policy framework affect Africa's relations with Europe and other external partners How do the pillars of the partnership align with the African Union's Agenda 2063 and the United Nations 2030 Agenda for Sustainable Development

Formulaic Language Roberta Corrigan, Edith A. Moravcsik, Hamid Ouali, Kathleen Wheatley, 2009-05-20 This book is the first of the two volume collection of papers on formulaic language The collection is among the first ones in the field The book draws attention to the ritualized repetitive side of language which to some estimates make up over 50% of spoken and written text While in the linguistic literature the creative and innovative aspects of language have been amply highlighted conventionalized pre fabricated off the shelf expressions have been paid less attention an imbalance that this book attempts to remedy The first of the two volumes addresses the very concept of formulaic language and provides studies that explore the grammatical and semantic properties of formulae their stylistic distribution within languages and their evolution in the course of language history Since most of the papers are readily accessible to readers with only basic familiarity with linguistics besides being a resource in linguistic research the book may be used in courses on discourse structure pragmatics semantics language acquisition and syntax as well as being a resource in linguistic research

American Catholic Bishops and the Politics of Scandal Meaghan O'Keefe, 2019-04-18 This book explores the rhetoric and public communication of the Catholic Church in the United States in the wake of the sexual abuse scandals and offers a demonstration of how large organizations negotiate a loss of public trust while retaining political power While the Catholic Church remains a major political force in the United States recent scandals have undoubtedly had an adverse effect on both its reputation and moral authority This has been exacerbated by the public responses of Catholic clergy which have often left supporters of the Church let alone critics profoundly unsatisfied Drawing on documents voting guides pastoral letters sermons press releases and other materials issued by the United States Conference of Catholic Bishops USCCB as well as American nuns the book explores Catholic political statements issued after the sexual abuse crises entered the public consciousness Using approaches from linguistics and rhetoric it analyses how these statements compare to similar materials issued before this time This comparison demonstrates that for the American Catholic Church persuasion is less important than maintaining the impression that there has been no loss of authority This is a timely study of the Catholic Church's handling of the recent revelations of abuse within the Church As such it will be of keen interest to scholars of religious rhetoric contemporary Catholicism linguistics rhetoric communication and religious studies

The Death of Truth Michiko Kakutani, 2018-07-17 NEW YORK TIMES BESTSELLER

From the Pulitzer Prize winning critic comes an impassioned critique of America's retreat from reason. We live in a time when the very idea of objective truth is mocked and discounted by the occupants of the White House. Discredited conspiracy theories and ideologies have resurfaced, proven science is once more up for debate, and Russian propaganda floods our screens. The wisdom of the crowd has usurped research and expertise, and we are each left clinging to the beliefs that best confirm our biases. How did truth become an endangered species in contemporary America? This decline began decades ago, and in *The Death of Truth*, former New York Times critic Michiko Kakutani takes a penetrating look at the cultural forces that contributed to this gathering storm. In social media and literature, television, academia, and politics, Kakutani identifies the trends originating on both the right and the left that have combined to elevate subjectivity over factuality, science, and common values. And she returns us to the words of the great critics of authoritarianism, writers like George Orwell and Hannah Arendt whose work is newly and eerily relevant. With remarkable erudition and insight, Kakutani offers a provocative diagnosis of our current condition and points toward a new path for our truth-challenged times.
