Getting Mine:

Ghost in a Coal Mine Johnny Napier, 2013-04-23 A Ghost in the Coal Mine is a mixture of past and present good against evil It pushes the limit on the supernatural and what we feel could exist giving us a look inside the coal mines and the dangers that even today the men working the mines face with cave ins and explosions The mines are dark dangerous places to work or even to walk into When you add the unthinkable unnatural evils of demons and ghosts and our everyday fight with good and evil it sends chills down your spine Would you put your life on the line to go into the darkness of the underground to bring men dead or alive back to their families Could you fight the unthinkable to do what is right *Coal Mine Safety* United States.
