Christian Drosten

Into Their Labours:

Pig Earth John Berger, 1992-10-27 With this haunting first volume in his Into Their Labours trilogy John Berger begins his chronicle of the eclipse of peasant cultures in the twentieth century Set in a small village in the French Alps Pig Earth relates the stories of skeptical hard working men and fiercely independent women of calves born and pigs slaughtered of summer haymaking and long dark winters of rest of the message of forgiveness from a dead father to his prodigal son and of the marvelous Lucie Cabrol exiled to a hut high in the mountains an inexorable part of the lives of men who have known her Above all this masterpiece of sensuous description and profound moral resonance is an act of reckoning that conveys the precise wealth and weight of a world we are losing

Lilac and Flag John Berger, 2011-07-13 As Dickens and Balzac did for their time so John Berger does for ours rendering the movement of a people and the passing of a way of life in his masterwork the Into Their Labours trilogy With Lilac and Flag the Alpine village of the two earlier volumes has been forsaken for the mythic city of Troy Here amidst the shantytowns factories and opulent hotels fading heritages and steadfast dreams the children and grandchildren of rural peasants pursue meager livings as best they can And here two young lovers embark upon a passionate desperate journey of love and survival and find transcending hope both for themselves and for us as their witnesses

Once in Europa John Berger, 2014-08-30 A collection of interwoven stories this is a portrait of two worlds a small Alpine village bound to the earth and by tradition and the restless future driven culture that will invade it at their moment of collision The instrument of entrapment is love Lives are lost and hearts broken

In ancient Israel the production of food was a basic concern of almost every Israelite Consequently there are few pages in the Old Testament that do not mention food and food provides some of the most important social political and religious symbols in the biblical text Not Bread Alone is the first detailed and wide ranging examination of food and its symbolism in the Old Testament and the world of ancient Israel Many of these symbols are very well known such as the forbidden fruit in the Garden of Eden the abominable pig and the land flowing with milk and honey Nathan MacDonald demonstrates that the breadth biblical symbolism associated with food reaches beyond these celebrated examples providing a collection of interrelated studies that draw on work on food in anthropology or other historical disciplines The studies maintain sensitivity to the literary nature of the text as well as the many historical critical questions that arise when studying it Topics examined include the nature and healthiness of the ancient Israelite diet the relationship between food and memory in Deuteronomy the confusion of food sex and warfare in Judges the place of feasting in the Israelite monarchy the literary motif of divine judgement at the table the use of food in articulating Israelite identity in the post exilic period The concluding chapter shows how some of these Old Testament concerns find resonance in the New Testament A Critical Commentary and Paraphrase on the Old and New Testament and the Apocrypha: Genesis, Exodus, Leviticus, Numbers, Deuteronomy.
