 Johnson, 2007-11-28 From the accusation of plagiarism in The Da Vinci Code to the infamous hoaxer in the Yorkshire Ripper  
 case the use of linguistic evidence in court and the number of linguists called to act as expert witnesses in court trials has  
 increased rapidly in the past fifteen years An Introduction to Forensic Linguistics Language in Evidence provides a timely  
 and accessible introduction to this rapidly expanding subject Using knowledge and experience gained in legal settings  
 Malcolm Coulthard in his work as an expert witness and Alison Johnson in her work as a West Midlands police officer the two  
 authors combine an array of perspectives into a distinctly unified textbook focusing throughout on evidence from real and  
 often high profile cases including serial killer Harold Shipman the Bridgewater Four and the Birmingham Six Divided into  
 two sections The Language of the Legal Process and Language as Evidence the book covers the key topics of the field The  
 first section looks at legal language the structures of legal genres and the collection and testing of evidence from the initial  
 police interview through to examination and cross examination in the courtroom The second section focuses on the role of  
 the forensic linguist the forensic phonetician and the document examiner as well as examining in detail the linguistic  
 investigation of authorship and plagiarism With research tasks suggested reading and website references provided at the end  
 of each chapter An Introduction to Forensic Linguistics Language in Evidence is the essential textbook for courses in forensic
