

The top half of the slide features a background of the United States flag, with the stars and stripes waving. The title is centered over this image.

An Introduction to American Studies

RATIONALE

It has been widely accepted in the field of language teaching and learning that language competence should always go along with cultural knowledge. It is impossible to master a language without sufficient understanding of the people who use it and of the country where it is used. Thus, in order to effectively learn English at the university and successfully use it in communication as well as in their future careers, it is essential that the English majors gain an insight into one of the most influential cultures that provide the environment for its

Introduction To American Studies

Jean Yu-wen Shen Wu, Min Song

Introduction To American Studies:

A New Introduction to American Studies Howard Temperley, Christopher Bigsby, 2014-07-21 A New Introduction to American Studies provides a coherent portrait of American history literature politics culture and society and also deals with some of the central themes and preoccupations of American life It will provoke students into thinking about what it actually means to study a culture Ideals such as the commitment to liberty equality and material progress are fully examined and new light is shed on the sometimes contradictory ways in which these ideals have informed the nation s history and culture For introductory undergraduate courses in American Studies American History and American Literature New Introduction to American Studies, A. Howard Temperley, 2008 A New Introduction to American Studies 4th edition provides a coherent portrait of American history literature culture and society and also deals with some of the central themes and preoccupations of American life Using fundamental influences like the machine and the city and subjects such as imagery and iconography myth national identity ideology popular culture and painting are analysed in order to provoke students into thinking about what it actually means to study a culture For introductory undergraduate courses in American Studies American History and American Literature *American Cultural Studies* Neil C. Campbell, Alasdair Kean, 2005-08-12 Drawing on literature art film theatre music and much more American Cultural Studies is an interdisciplinary introduction to American culture for those taking American Studies This textbook introduces the full range and variety of American culture including issues of race gender and youth provides a truly interdisciplinary methodology suggests and discusses a variety of approaches to study highlights American distinctiveness draws on literature art film theatre architecture music and more challenges orthodox paradigms of American Studies This is a fast expanding subject area and Campbell and Kean s book will certainly be a staple part of any cultural studies student s reading diet **American Cultural Studies** Neil C. Campbell, Alasdair Kean, 2005-08-12 Drawing on literature art film theatre music and much more American Cultural Studies is an interdisciplinary introduction to American culture for those taking American Studies This textbook introduces the full range and variety of American culture including issues of race gender and youth provides a truly interdisciplinary methodology suggests and discusses a variety of approaches to study highlights American distinctiveness draws on literature art film theatre architecture music and more challenges orthodox paradigms of American Studies This is a fast expanding subject area and Campbell and Kean s book will certainly be a staple part of any cultural studies student s reading diet Introduction to American Studies Malcolm Bradbury, Howard Temperley, 1981 A collection of twelve interdisciplinary essays each written by two experts in history and literature They explore a central theme or preoccupation in American life presenting an integrated picture of American culture and society **Introduction to American Studies** James F. Smith, 1977 The Myths That Made America Heike Paul, 2014-08-15 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of US American

identities today These myths include the myth of discovery the Pocahontas myth the myth of the Promised Land the myth of the Founding Fathers the melting pot myth the myth of the West and the myth of the self made man The chapters provide extended analyses of each of these myths using examples from popular culture literature memorial culture school books and every day life Including visual material as well as study questions this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building

Theories of American Culture, Theories of American Studies Winfried Fluck,2003 **The American Studies Anthology** Richard P. Horwitz,2001 A rich and rewarding subject of popular imagination the United States is compellingly portrayed in this first anthology designed specifically for American studies courses Offering an indispensable introduction to the long and varied history of generalizing about America leading scholar Richard Horwitz has compiled the definitive anthology for American studies and American culture courses Brimming with imaginative selections the reader contains essays plays songs comedy legal documents speeches and poems by a rich array of authors both domestic and international whose writings echo recurring American themes Collectively the anthology identifies the ways in which scholars and popularizers have attempted to characterize America Horwitz s insightful introduction summarizes key themes in the study of American culture as he traces the history of the field as well as current controversies He avoids heavy jargon yet presents a nuanced view of the foundational works in American studies Preceding the readings with concise informative introductions Horwitz seamlessly guides the reader through this distinctive collection

American Cultural Studies Neil Campbell,1997-11-12 American Cultural Studies is an interdisciplinary introduction to American culture for those taking American Studies This textbook introduces the full range and variety of American culture including issues of race gender and youth provides a truly interdisciplinary methodology suggests and discusses a variety of approaches to study highlights American distinctiveness draws on literature art film theatre architecture music and more challenges orthodox paradigms of American Studies **American Studies: The Basics** Andrew Dix,2021-11-02 American Studies The Basics is an accessible and concise introduction that aims to unpack what American studies does and why it matters From Moby Dick to baseball Hollywood westerns to BlackLivesMatter and Disneyland to the U S Supreme Court American studies engages with a myriad of topics in its efforts to understand what the French sociologist Jean Baudrillard called social and cultural America The book begins by considering how America was studied before American studies emergence as a recognized discipline in the mid twentieth century Successive chapters then explore the rise of American studies its varied subjects its distinctive methods of research its geographical framing and its politics Throughout the book explanatory examples are drawn from across American history and culture Photographs are examined alongside novels and historical monuments discussed next to films The text offers an ideal way into an exciting academic subject of continuing growth and relevance This book is a must read for those studying and with an interest in American studies **Approaches**

to American Cultural Studies Antje Dallmann, Eva Boesenberg, Martin Klepper, 2016-05-20 Approaches to American Cultural Studies provides an accessible yet comprehensive overview of the diverse range of subjects encompassed within American Studies familiarising students with the history and shape of American Studies as an academic subject as well as its key theories methods and concepts Written and edited by an international team of authors based primarily in Europe the book is divided into four thematically organised sections The first part delineates the evolution of American Studies over the course of the twentieth century the second elaborates on how American Studies as a field is positioned within the wider humanities and the third inspects and deconstructs popular tropes such as myths of the West the self made man Manifest Destiny and representations of the President of the United States The fourth part introduces theories of society such as structuralism and deconstruction queer and transgender theories border and hemispheric studies and critical race theory that are particularly influential within American Studies This book is supplemented by a companion website offering further material for study www.routledge.com/cw/dallmann Specifically designed for use on courses across Europe it is a clear and engaging introductory text for students of American culture *A New Introduction to American Studies* C. W. E.

Biggsby, Howard Temperley, 2005-11-01 **The American Studies Curriculum Resources Guide**, 1994 [Introduction to African American Studies: A Reader \(First Edition\)](#) Stephen Balkaran, 2019-11-20 Introduction to African American Studies A Reader chronicles the experience of African Americans in the United States from their first arrival in 1619 to present day The reader demonstrates how African Americans and their experiences have shaped America's historical political economic and cultural history as well as how the black experience continues to influence American life In Part I students read about the continued significance of race in America and receive a primer on African American studies Part II examines the arrival of Africans to America the Atlantic Slave Trade slavery and states rights in the early republic and the issue of democracy in Jeffersonian America Part III contains readings about Jim Crow the roots of Plessy vs Ferguson and the Niagara Movement In Part IV students learn about the impact of African American artists on literature arts and culture from 1927-1940 Part V includes readings on the Civil Rights Movement The final part speaks to post racial America in the age of Barack Obama Gathering thought provoking and critical literature Introduction to African American Studies is an ideal resource for foundational courses within the discipline [American Studies](#) Philip J. Deloria, Alexander I. Olson, 2017-08-29 Introduction the object of American studies Why History Four American studies mixtapes An institutional history of American studies or what's the matter with mixtapes Method and methodology Texts an interpretive toolkit Archives a curatorial toolkit Genres and formations an analytical toolkit Power a theoretical toolkit A few thoughts on ideas and arguments Dispenser a case study

Introduction to African American Studies Talmadge Anderson, James Benjamin Stewart, 2007 There is an ongoing debate as to whether African American Studies is a discipline or multidisciplinary or interdisciplinary field Some scholars assert that African American Studies use a well defined common approach in examining history politics and the family in the

same way as scholars in the disciplines of economics sociology and political science Other scholars consider African American Studies multidisciplinary a field somewhat comparable to the field of education in which scholars employ a variety of disciplinary lenses be they anthropological psychological historical etc to study the African world experience In this model the boundaries between traditional disciplines are accepted and researches in African American Studies simply conduct discipline based an analysis of particular topics Finally another group of scholars insists that African American Studies is interdisciplinary an enterprise that generates distinctive analyses by combining perspectives from d

Asian American Studies Jean Yu-wen Shen Wu,Min Song,2000 This anthology is the perfect introduction to Asian American studies as it both defines the field across disciplines and illuminates the centrality of the experience of Americans of South Asian East Asian Southeast Asian and Filipino ancestry to the study of American culture history politics and society The reader is organized into two parts The Documented Past and Social Issues and Literature Within these broad divisions the subjects covered include Chinatown stories nativist reactions exclusionism citizenship immigration community growth Asia American ethnicities racial discourse and the Civil Rights movement transnationalism gender refugees anti Asian American violence legal battles class polarization and many more Among the contributors are such noted scholars as Gary Okihiro Michael Omi Yen Le Espiritu Lisa Lowe and Ronald Takaki writers such as Sui Sin Far Bienvenido Santos Sigrid Nunez and R Zamora Linmark as well as younger emerging scholars in the field
