"Non-canonical" Religious Texts in Early Judaism and Early Christianity Lee Martin McDonald,James H.

Charlesworth,2012-03-29 This volume draws attention to ancient religious texts especially the so called non canonical texts by focusing on how they were used or functioned in Early Judaism and Early Christianity The contributors are biblical scholars who have chosen one or more Jewish or Christian apocryphal or pseudepigraphical texts with the aim of describing their ancient functions in their emerging social settings These show the fluidity of the notion of scripture in the early centuries of the Church and in Judaism of late antiquity but they also show the value of examining the ancient religious texts that were not included in the Jewish or Christian biblical canons These chapters show that there is much that can be learned from examining and comparing these texts with canonical literature and evaluating them in their social context No ancient text was created in a vacuum and the non canonical writings aid in our interpretation not only of many canonical writings but also shed considerable light on the context of both early Judaism and early Christianity **The Wiley Blackwell**

Orlov,2021-11-11 This book explores the early

Jewish understanding of divine knowledge as divine presence which is embodied in major biblical exemplars such as Adam Enoch Jacob and Moses The study treats the concept of divine knowledge as the embodied divine presence in its full historical and interpretive complexity by tracing the theme through a broad variety of ancient Near Eastern and Jewish sources including Mesopotamian traditions of cultic statues creational narratives of the Hebrew Bible and later Jewish

mystical testimonies Orlov demonstrates that some biblical and pseudepigraphical accounts postulate that the theophany expresses the unique corporeal nature of the deity that cannot be fully grasped or conveyed in some other non corporeal symbolism medium or language The divine presence requires another presence in order to be transmitted To be communicated properly and in its full measure the divine iconic knowledge must be written on a new living body which can hold the ineffable presence of God through a newly acquired ontology Embodiment of Divine Knowledge in Early Judaism will provide an invaluable research to students and scholars in a wide range of areas within Jewish Near Eastern and Biblical Studies as well as those studying religious elements of anthropology philosophy sociology psychology and gender studies Through the study of Jewish mediatorial figures this book also elucidates the roots of early Christological developments making it attractive to Christian audiences

Ancient Israelite and Early Jewish Literature Vriezen, Adam van der Woude, 2005-09-01 Ancient Israelite and Early Jewish Literature offers more than simply an introduction to the Old Testament Hebrew Bible The Hebrew Bible remains not only the primary quantitative source for our knowledge of the literature of Ancient Israel it also enjoys decisive religious and cultural significance for both Judaism and Christianity However increased interest in Early Judaism as successor to the religion of Ancient Israel and background to the New Testament demands an introduction that guides the reader through the maze of Jewish literature dating from the Hellenistic and Early Roman periods This introduction primarily offers a literary and historical critical approach to the material it treats Given the nature of certain Ancient Israelite inscriptions the books of the Hebrew bible and the texts of Early Judaism however it contains some religious historical or theological explanations where appropriate In particular the literary historical analysis found in this volume underlines the canonical character of the Hebrew Bible The book concludes with a helpful appendix that briefly explains technical concepts and exegetical methods
