Horn, 1991-05-21 Throughout the world there has been much scholarly and general interest in French popular culture but very little has been written on the subject in English The authors of this book address that lack in a series of highly readable and well documented essays describing French life styles attitudes and entertainments as well as the writers and performers currently favored by the French public Several chapters explore French tastes in popular literature and other reading matter including comics cartoons mystery and spy fiction newspapers and magazines and science fiction Film popular music radio and television are also discussed in detail and influences from other cultures particularly American imports are assessed The remaining essays examine French sports the use of leisure time the French style of eating and drinking and relations between men and women and their attitudes toward romantic love Each chapter provides up to date historical and bibliographic information that will enable the reader to pursue subjects of particular interest Written by an international group of specialists this handbook offers the benefits of broad coverage a variety of viewpoints and solid scholarship **Valuing the Unique** Lucien Karpik, 2021-11-09 In this landmark work of economic sociology Lucien Karpik introduces the theory and practical tools needed to analyze markets for singularities Singularities are goods and services that cannot be studied by standard methods because they are multidimensional incommensurable and of uncertain quality Examples include movies novels music artwork fine wine lawyers and doctors *Valuing the Unique* provides a theoretical framework to explain this important class of products and markets that for so long have eluded neoclassical economics With this innovative theory called the economics of singularities Karpik shows that because of the uncertainty and the highly subjective valuation of singularities these markets are necessarily equipped with what he calls judgment devices such as labels brands guides critics and rankings which provide consumers with the credible knowledge needed to make reasonable choices He explains why these markets are characterized by the primacy of competition by qualities over competition by prices and he identifies the conditions under which singularities are

constructed or are in danger of losing their uniqueness After demonstrating how combinations of the numerous and multiform judgment devices can be used to identify different market models Karpik applies his analytical tools to the functioning of a large number of actual markets including fine wines movies luxury goods pop music and legal services

Wine Drinking Culture in France Marion Demossier,2010-07-15 This book provides a new interpretation of the relationship between consumption drinking culture memory and cultural identity in an age of rapid political and economic change Using France as a case study it explores the construction of a national drinking culture the myths symbols and practices surrounding it and then through a multisited ethnography of wine consumption demonstrates how that culture is in the process of being transformed Wine drinking culture in France has traditionally been a source of pride for the French and in an age of concerns about the dangers of binge drinking a major cause of jealousy for the British Wine drinking and the culture associated with it are for many an essential part of what it means to be French but they are also part of a national construction Described by some as a national product or as a totem drink wine and its attendant cultures supposedly characterise Frenchness in much the same way as being born in France fighting for liberty or speaking French Yet this traditional picture is now being challenged by economic social and political forces that have transformed consumption patterns and led to the fragmentation of wine drinking culture The aim of this book is to provide an original account of the various causes of the long term decline in alcohol consumption and of the emergence of a new wine drinking culture since the 1970s and to analyse its relationship to national and regional identity

WineSpeak Bernard Klem, 2009-07-01 If you read wine reviews you're already either amused or confused by the soaring

language wine writers often use to describe what they're smelling and tasting But do you always know what they mean Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail Have you ever savored a full bodied red only to detect the ripe acrid smell of a horse stall If not you're in for a treat because these terms and thousands more are all here to amuse dismay enlighten inspire puzzle and utterly shock you Welcome to the rich linguistic universe of wine speak a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours The author a lifelong lover of both wine and words has compiled and organized this unique thesaurus of 36 975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others May your path across the galaxy of wine be paved only with labels from the very best bottles on earth Or much more cautiously with wines that could introduce you to angel pee citronella eastern European fruit soup Godzilla iodine ladies underwear mustard gas old running shoes rawhide hot tar roads

bubblegum sweaty saddles crushed ants kitchen drains or even turpentine *Let's Talk Wine!* Marc Chapleau, 2003-01-01

By taking on more than 120 judiciously chosen questions about wine and answering them clearly and rigorously Marc Chapleau has dared to go into areas where others have feared to tread A memory aid and a research tool thanks to its comprehensive index this book is by a Canadian writer about wine available in this country *Let's Talk Wine* is an ideal companion for wine lovers whether they are beginners or connoisseurs **Corkscrewed** Robert V. Camuto, 2008-01-01

Robert V Camuto's interest in wine turned into a passion when he moved to France and began digging into local soils and cellars *Corkscrewed* recounts Camuto's journey through France's myriad regions and how the journey brought about a profound change in everything he believed about wine The world of great wines was once dominated by great Bordeaux chateaux As those chateaux were bought up by moguls and international corporations the heart of French winemaking moved into the realm of small producers whose wines reflect the stunning diversity of regional environment soil and culture *terroir* In this book we follow Camuto across France as he works harvesting grapes in Alsace learns about wine and bombs in Corsica and eats and drinks his way through the world's greatest bacchanalia in Burgundy Along the route he discovers a new generation of winemakers who have rejected chemicals additives and technologically altered wines His book charts an odyssey into this new world of French wine a world of biodynamic winegrowing herbal treatments lunar cycles and grape varieties long ago dismissed as difficult A celebration of the diversity that makes French wine more than a mere commodity Camuto's work is a delightful look beyond the supermarket to the various flavors offered by the true vintners of France

Cultural Metaphors Martin J. Gannon, 2001 This outstanding volume examines the importance and usefulness of metaphors as a way of understanding national cultures The research translations include not only limited empirical studies in which specific hypothesis are tested but also larger more expansive works published as books and groundbreaking articles The often overlooked views of political scientists and journalists who conceive of the world in terms of zero sum game theory

are explored as are the issues of the symbolism associated with cultural metaphors The book concludes with a description of specific uses of cultural metaphors or metaphorical applications **Understanding Global Cultures** Martin J.

Gannon,Rajnandini Pillai,2015-02-16 In the fully updated Sixth Edition of Understanding Global Cultures Metaphorical Journeys Through 34 Nations Clusters of Nations Continents and Diversity authors Martin J Gannon and Rajnandini Pillai present the cultural metaphor as a method for understanding the cultural mindsets of individual nations clusters of nations continents and diversity in each nation A cultural metaphor is any activity phenomenon or institution that members of a given culture consider important and with which they identify emotionally and or cognitively such as the Japanese garden and American football This cultural metaphoric approach identifies three to eight unique or distinctive features of each cultural metaphor and then discusses 34 national cultures in terms of these features The book demonstrates how metaphors are guidelines to help outsiders quickly understand what members of a culture consider important The Companion Guide to Gascony and the Dordogne Richard W. Barber,1999 The guide for the traveller as opposed to the tourist the person for whom the history of the region and its reflection in landscape buildings and culture are the essence of travel **Saveur** ,2004

An Encyclopedia of the Wines and Domaines of France Clive Coates,2000 In this detailed study of the wines of France one of the world s leading authorities on wine discusses every appellation and explains its character and the best growers He uses a star system to identify the finest estates More than 40 specially commissioned maps show the main appellations and wine villages of France *Waiter & Waitress Training* Lora Arduser,2003 These step by step guides on a specific management subject range from finding a great site for your new restaurant to how to train your wait staff and literally everything in between They are easy and fast to read easy to understand and will take the mystery out of the subject The information is boiled down to the essence They are filled to the brim with up to date and pertinent information
