Hadewijch The Complete Works:

The Complete Works Hadewijch, 1980 Hadewijch a Flemish Beguine of the 13th century is undoubtedly the most important exponent of love mysticism and one of the loftiest figures in the western mystical tradition Hadewijch Beguine Hadewijch, Paul Mommaers, 1980 *Hadewijch, The complete works: the Classics of Western Spirituality*, 1980 The Spiritual Espousals and Other Works Jan van Ruusbroec (beato), 1985 Ecotheology Kiara Jorgenson, Alan G. Padgett, 2020-09-24 Just as God loves creation so are Christians called to care for it Now amid the accelerating degradation of our global environment that task has taken on greater urgency than ever How should Christians respond to the climate crisis and widespread pollution of earth's shared commons water and air How might Christian communities think about human responsibility to other living creatures In roundtable format Richard Bauckham Cynthia Moe Lobeda Steven Bouma Prediger and John F Haught navigate the layers of what it means for humans to live in right relationship with earth's lifecosystems After each contributor's essay the other three contributors issue a response including points of disagreement and questions thereby modeling for readers productive and respectful dialogue The ecumenical conversations in Ecotheology represent the diverse viewpoints of contributors theological and practical commitments exploring creation care through a variety of frameworks including natural science biblical studies systematic theology and Christian ethics The Insurmountable Darkness of Love Douglas E. Christie, 2022 This book is a reflection on the meaning of spiritual darkness especially those difficult places in human experience where meaning seems to elude us where we are emptied out and are compelled to dig deeper into who we truly are Douglas E Christie takes up this facet of experience in ordinary human experience but also in relation to the Christian contemplative and mystical traditions where such experience is often understood to be both painful and transformative allowing the mind and heart to open in love *The Concept of Woman* Prudence Allen, 1997 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods Touching on the thought of every philosopher who considered sex or gender identity between A D 1250 and 1500 The Concept of Woman provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility

of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500 2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others

The Mystical Presence of Christ Richard Kieckhefer, 2022-09-15 The Mystical Presence of Christ investigates the connections between exceptional experiences of Christ's presence and ordinary devotion to Christ in the late medieval West Unsettling the notion that experiences of seeing Christ's figure or hearing Christ speak are simply exceptional events that happen at singular moments Richard Kieckhefer reveals the entanglements between these experiences and those that occur through the imagery language and rituals of ordinary everyday devotional culture Kieckhefer begins his book by reconsidering the who and the how of Christ's mystical presence He argues that Christ's humanity and divinity were equally important preconditions for encounters both exceptional and ordinary which Kieckhefer proposes as existing on a spectrum of experience that moves from presupposition to intuition and finally to perception Kieckhefer then examines various contexts of Christ manifestations during prayer meditation and liturgy for example with attention to gender dynamics and the relationship between saintly individuals and their hagiographers Through penetrating discussions of a diverse set of texts and figures across the long fourteenth century Angela of Foligno the nuns of Helfta Margery Kempe Dorothea of Montau Meister Eckhart Henry Suso and Walter Hilton among others Kieckhefer shows that seemingly exceptional manifestations of Christ were also embedded in ordinary religious experience Wide ranging in scope and groundbreaking in methodology The Mystical Presence of Christ is a magisterial work that rethinks the interplay between the exceptional and the ordinary in the workings of late medieval religion

Tending the Garden Jennifer Hornyak Wojciechowski, 2025-02-11 Mysticism in an ancient and important aspect of the Christian faith yet it is highly misunderstood Due to obscure language and concepts not to mention occasionally eccentric personalities the mystics can be difficult to approach Once you peel back the layers of insider language however one begins to see a highly relatable group of people who were first and foremost concerned with tending to a personal and loving relationship with God Tending the Garden provides the reader with a basic definition of and clarity around several terms and practices of Christian mysticism as well as analyzing the lives and writings of important Christian mystics Jennifer Wojciechowski proposes some ways in which we as modern people living in an industrialized and disenchanted society can benefit from knowing Christian mystical history and engaging in spiritual practices related to Christian mysticism The book's aim is to demystify the mystics by making them understandable and relatable to modern believers In this era of disenchantment and religious decline Tending the Garden will introduce Christians to a rich and vibrant history of mystical prayer and relationship with God in order to spark curiosity and inspire a deeper spiritual life The book will serve as an accessible introduction to and thematic historical overview of Christian mysticism

Women and Gender in Medieval Europe Margaret Schaus,2006 Publisher description

[The Riddle of Christian Mystical Experience](#) Paul Mommers,2003 A

distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person's union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi's experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection

The Practice of the Presence of God Martin Laird, Sheelah Treflé Hidden, 2016-11-29 Exploring the unity of the practice of prayer and the practice of theology this book draws together insights from world class theologians including Rowan Williams Andrew Louth Frances Young Margaret R Miles Sebastian Brock and Nichola Sakharov Offering glimpses of the prayer life and witness that undergirds theological endeavour some authors approach the topic in a deeply personal way while others express the unity of prayer and the theologian in a traditionally scholarly manner No matter what the denomination of the Christian theologian Greek or Russian Orthodox Roman Catholic Anglican Methodist authors demonstrate that the discipline of theology cannot properly be practiced apart from the prayer life of the theologian The prayer of the theologian shapes her or his approach to theology Whether it be preaching teaching writing or research the deep soundings of prayer inform and embrace all

Goddesses and the Divine Feminine Rosemary Ruether, 2005-05-16 This landmark work presents the most illuminating portrait we have to date of goddesses and sacred female imagery in Western culture from prehistory to contemporary goddess movements Beautifully written lucidly conceived and far ranging in its implications this work will help readers gain a better appreciation

of the complexity of the social forces mostly androcentric that have shaped the symbolism of the sacred feminine At the same time it charts a new direction for finding a truly egalitarian vision of God and human relations through a feminist ecological spirituality Rosemary Radford Ruether begins her exploration of the divine feminine with an analysis of prehistoric archaeology that challenges the popular idea that until their overthrow by male dominated monotheism many ancient societies were matriarchal in structure governed by a feminine divinity and existing in harmony with nature For Ruether the historical evidence suggests the reality about these societies is much more complex She goes on to consider key myths and rituals from Sumerian Babylonian Egyptian and Anatolian cultures to examine the relationships among gender deity and nature in the Hebrew religion and to discuss the development of Mariology and female mysticism in medieval Catholicism and the continuation of Wisdom mysticism in Protestantism She also gives a provocative analysis of the meeting of Aztec and Christian female symbols in Mexico and of today's neo pagan movements in the United States *Dissident Women, Beguines, and the Quest for Spiritual Authority* Catherine Lambert, 2024-11-12 *Dissident Women Beguines and the Quest for Spiritual Authority* focuses on the responses of a group of twenty first century women to the lives and writings of thirteenth century beguine mystics and reveals how the struggle to discover their own inner spiritual authority connects two groups of women across centuries For contemporary women who are disenchanted with the institutional church and who seek spiritual direction models deeply rooted within the tradition may not be the most helpful The author explores the value of exemplars from the fringes ushering Hadewijch of Brabant Mechthild of Magdeburg and Marguerite Porete into the spotlight The contemporary women studied developed a relationship with the beguines that transformed and influenced their own journeys Their encounters underline the importance of remembering the beguine mystics the value of contemplative engagement with historical mystics and the need for explicit validation of the richness of the edges of tradition within spiritual direction *Dissident Women Beguines and the Quest for Spiritual Authority* will be of particular interest to scholars of mysticism and spirituality as well as practical pastoral and feminist theology
