Dictionary of Data Processing James W. Cortada,1987-06-04 Product information not available *Historical Dictionary of Data Processing* James W. Cortada,1987-08-12 This dictionary offers a ready reference to the biographies of more than 160 individuals prominent in the history of data processing It includes scientists engineers government officials executives of major computer manufacturing companies and users of data processing technology and extends in time from antiquity through the 1980s In an attempt to inform readers at all levels of specialization the volume gives basic information to the general reader while providing reference materials that will serve the specialist as a starting point for further research

Historical Dictionary of Data Processing ,1987 Historical Dictionary of Thailand Gerald W. Fry,Gayla S.

Nieminen,Harold E. Smith,2013-08-08 Throughout its history Thailand has shown remarkable resiliency adaptability and creativity in responding to serious threats and crises and this since much earlier times when it was known as Siam This book while focusing on the modern period does reach back to ancient kingdoms but also shows the impressive rise to a modern democracy although still endowed with a king and even more impressively an economic tiger Moreover it has become a prime tourist destination and is thus known to vast numbers of foreigners as a sort of instant Asia The Historical Dictionary of Thailand now in its third edition covers this amazing story in various ways First the chronology traces the most significant events from year to year The introduction then provides a good overview of the land and people the history and traditions and where it now seems to be heading The dictionary which by now has hundreds of detailed and cross referenced entries looks more closely at important persons places institutions and events as well as more generally its politics economy society culture and religion So this is an excellent reference work not only for scholars but many others who have visited the country and were fascinated by it **1979-1990** Henryk Sawoniak,2012-02-14 No detailed description available for 1979 1990

Historical Dictionary of Science and Technology in Modern China Lawrence R. Sullivan,Nancy Liu-Sullivan,2015-03-19

The Historical Dictionary of Science and Technology in Modern China provides the most up to date information on science and technology in China from the late nineteenth century to the present Special attention is given to the historical factors scientists and historical figures behind each scientific development In particular this book pays attention to the scientists who were persecuted to death or tortured during the Cultural Revolution 1966 1976 and whose scientific research was therefore tragically cut short The historical dictionary provides information on science and technology in China from the late nineteenth century to the present including a chronology introduction extensive bibliography over 700 cross referenced dictionary entries on major scientific and technological fields and sub fields entries on western scholars and educators who also impacted scientific achievements in China This book is an excellent access point for students researchers and anyone

wanting to know more about the science and technology in China *Historical Dictionary of Cold War Intelligence* Nigel West,2021-04-15 The Cold War was a sophisticated conflict fought by the west principally the United States Great Britain Canada Australia and New Zealand with support from NATO CENTO and SEATO to confront the Kremlin and its Warsaw Pact satellites The battlegrounds extended from Latvia Lithuania Estonia Byelorussia and Albania to Czechoslovakia Poland and Hungary and resulted in conventional proxy wars fought in Vietnam Egypt and Korea Only now thirty years after the fall of the Berlin Wall can these issues be examined through the prism of the secret files generated by the intelligence agencies on both sides which have been declassified This Historical Dictionary of Cold War Intelligence contains a chronology an introduction and an extensive bibliography The dictionary section has hundreds of cross referenced dictionary entries on crucial operations spies defectors moles double and triple agents and the tradecraft they apply This book is an excellent resource for students researchers and anyone wanting to know more about intelligence during the Cold War Historical Information Science Lawrence J. McCrank,2001 Here is an extensive review and bibliographic essay backed by 5 000 citations about developments in information technology since the advent of personal computing and the convergence of the disciplines Its focus is on the access preservation and analysis of historical information primarily in electronic form and the relationships between new methodology and instructional media technique and research trends in library special collections digital libraries electronic and data archives and museums **Historical Dictionary of Chinese Foreign Affairs**

Lawrence R. Sullivan,2018-09-18 In an act of totally unnecessary and wanton destruction British forces in China during the Second Opium War 1856 1860 looted and destroyed much of the Old Imperial Summer Palace Yuanmingyuan including three imperial gardens and hundreds of halls pavilions and temples stock full of ancient artwork antiquities and literary works More than a hundred years later President Xi Jinping 2013 of the People s Republic of China PRC proclaimed the rejuvenation of the Chinese nation with the economic and especially military power to prevent any such recurrence of national humiliation Though not yet a superpower equal in global stature to the United States the PRC is undoubtedly poised to become the equal if not the superior power in the Asia Pacific region expanding its territorial claims in the South China Sea and asserting undisputed economic dominance With government business and academic leaders debating how regional and global powers should respond to a rising China Historical Dictionary of Chinese Foreign Affairs contains a chronology an introduction a glossary appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on major events national institutions foreign nations and personages impacting Chinese foreign affairs along with the many institutions of the post World War II international order that the PRC has engaged especially since the 1970s This book is an excellent resource for students researchers and anyone wanting to know more about Chinese foreign affairs

Historical Dictionary of German Intelligence Jefferson Adams,2009-09-01 No country can rival the sheer diversity of intelligence organizations that Germany has experienced over the past 300 years Given its pivotal geographical and political

position in Europe Germany was a magnet for foreign intelligence operatives especially during the Cold War As a result of this it is no wonder that during certain periods of history Germany was probably busier spying on its own citizens than on its enemies Because of the Gestapo and the SS of Nazi Germany to the Stasi of the German Democratic Republic the fear of domestic abuse by security agencies with police powers runs far deeper in German society than elsewhere in the West The Historical Dictionary of German Intelligence presents the turbulent history of German intelligence through a chronology a bibliography and hundreds of cross referenced dictionary entries on the agencies and agents the operations and equipment the tradecraft and jargon and many of the countries involved No military reference collection is complete without it

Historical Dictionary of the Financial System in China Lawrence R. Sullivan, Nancy Liu-Sullivan, 2024-10-21 Major themes in the history of finance in China reflect the persistent tension between a powerful state guiding the economy versus vibrant market forces operating according to basic commercial principles Included is the continuity and discontinuity of financial developments in imperial and modern history creation of a modern banking system beginning in the late nineteenth century and emergence of complex and sophisticated financial institutions and products since the introduction of economic reforms in the People's Republic of China in 1978 1979 The Historical Dictionary of the Financial System in China contains a chronology an introduction and an extensive bibliography The dictionary section has more than 300 cross referenced entries on important financiers entrepreneurs and government officials involved in finance large state owned banks SOBs state owned enterprises SOEs hedge funds exchange traded funds and asset management companies This book is an excellent resource for students researchers and anyone wanting to know more about the Chinese financial system Manufacturing David O. Whitten, Bessie E. Whitten, 1990-09-27 Overall this first volume in the series should render business research in manufacturing a good deal easier by bringing together insightful industry histories and detailed critical bibliographies This series has much to recommend it Future volumes will be eagerly awaited Reference Books Bulletin This historical and bibliographical reference work is the first volume of Greenwood Press's Handbook of American Business History a series intended to supplement current bibliographic materials pertaining to business history Devoted to manufacturing this work uses the Enterprise Standard Industrial Classification ESIC to divide the subject into distinct segments from which contributors have developed histories and bibliographies of the different types of manufacturing Though authors were given sets of guidelines to follow they were also allowed the flexibility to work in a format that best suited the material Each contribution in this volume contains three important elements a concise history of the manufacturing sector a bibliographic essay and a bibliography Some contributions appear in three distinct parts while others are combined into one or two segments all build on currently available material for students and scholars doing research on business and industry The contributors who include business economic and social historians as well as engineers and lawyers have covered such topics as bakery products industrial chemicals and synthetics engines and turbines and household appliances Also included are an

introductory essay that covers general works and a comprehensive index This book should be a useful tool for courses in business and industry and a valuable resource for college university and public libraries *Historical Dictionary of the Olympic Movement* John Grasso,Bill Mallon,Jeroen Heijmans,2015-05-14 The Olympic Movement began with the Ancient Olympic Games which were held in Greece on the Peloponnesus peninsula at Olympia Greece It is not clear why the Greeks instituted this quadrennial celebration in the form of an athletic festival The recorded history of the Ancient Olympic Games begins in 776 B C although it is suspected that the Games had been held for several centuries by that time The Games were conducted as religious celebrations in honor of the god Zeus and it is known that Olympia was a shrine to Zeus from about 1000 B C In modern time The Olympic Movement attempts to bring all the nations of the world together in a series of multisport festivals the Olympic Games seeking to use sport as a means to promote internationalism and peace This fifth edition of Historical Dictionary of The Olympic Movement covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on the history philosophy and politics of the Olympics major organizations the various sports the participating countries and especially the athletes This book is an excellent access point for students researchers and anyone wanting to know more about The Olympic Movement **Inventing the Electronic Century** Alfred Dupont CHANDLER,Takashi Hikino,Andrew Von Nordenflycht,Alfred D Chandler,2009-06-30 Consumer electronics and computers redefined life and work in the twentieth century In *Inventing the Electronic Century* Pulitzer Prize winning business historian Alfred D Chandler Jr traces their origins and worldwide development From electronics prime mover RCA in the 1920s to Sony and Matsushita s dramatic rise in the 1970s from IBM s dominance in computer technology in the 1950s to Microsoft s stunning example of the creation of competitive advantage this masterful analysis is essential reading for every manager and student of technology A *Bibliography of the Personal Computer* Roy A. Allan,2006 This eBook bibliography on the history of the personal computer and the industry contains over 280 book notations and over 250 periodical notations It also contains a reprint of an article by the author entitled What Was the First Personal Computer *Birth of Modern Facts* James W. Cortada,2023-01-09 For over twenty years James W Cortada has pioneered research into how information shapes society In this book he tells the story of how information evolved since the mid nineteenth century Cortada argues that information increased in quantity became more specialized by discipline e g mathematics science political science and more organized Information increased in volume due to a series of innovations such as the electrification of communications and the development of computers but also due to the organization of facts and knowledge by discipline making it easier to manage and access He looks at what major disciplines have done to shape the nature of modern information devoting chapters to the most obvious ones Cortada argues that understanding how some features of information evolved is useful for those who work in subjects that deal with their very construct and application such as computer scientists and those exploring social media and most recently history The

Birth of Modern Facts builds on Cortada's prior books examining how information became a central feature of modern society most notably as a sequel to *All the Facts A History of Information in the United States since 1870* OUP 2016 and *Building Blocks of Society History Information Ecosystems and Infrastructures* R L 2021 **History Of Science In The U.S.** Clark A. Elliott, 2021-11-18 First published in 1996 The intention of this volume is two fold first to give a chronologically arranged overview of selected data on the history of science in the United States and second to orient the reader to the substantial reference literature and research sources as guidance to further study of the topic The subject areas that are covered include astronomy biology chemistry geology mathematics physics and their related disciplines areas such as anthropology and psychology are covered to a lesser extent Science is the central focus but the content of the work recognizes that the boundaries between subjects or activities are not absolute and certainly not when coverage spans several centuries **Book Review Digest** ,1912

Historical Dictionary Of Data Processing Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such may be the essence of the book **Historical Dictionary Of Data Processing**, a literary masterpiece that delves deep into the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
