Half Sun Of The Columbia Chief Moses:

Half-Sun on the Columbia Robert H. Ruby, 1995 Winner of the Pacific Northwest Booksellers Association Regional Award Chief Moses Sulkalthscosum or Half Sun was chief of the Columbias a Salish speaking people of the mid Columbia River area in what is now the state of Washington This award winning biography by Robert Ruby and John Brown situates Moses in the opening of the Northwest and subsequent Indian white relations between 1850 and 1898 Early in life Moses had won a name for himself battling whites but with the maturity and responsibilities of chieftainship he became a diplomat and held his united tribe at peace in spite of growing white encroachment He resisted the call to arms of his friend Chief Joseph of the Nez Perc s whose heroic campaign ended in defeat and exile to Indian Territory Their friendship persisted however and after Joseph s return to the Northwest the two lived out their lives on the reservation sharing their frustrations and uniting their voices in complaint

The Chinese and the Iron Road Gordon Chang,Shelley Fisher Fishkin,2023-05-25 Essays examining the Chinese worker experience during the construction of America s Transcontinental Railroad The completion of the transcontinental railroad in May 1869 is usually told as a story of national triumph and a key moment for American Manifest Destiny The Railroad made it possible to cross the country in a matter of days instead of months paved the way for new settlers to come out west and helped speed America s entry onto the world stage as a modern nation that spanned a full continent It also created vast wealth for its four owners including the fortune with which Leland Stanford would found Stanford University some two decades later But while the Transcontinental has often been celebrated in national memory little attention has been paid to the Chinese workers who made up 90 percent of the workforce on the Western portion of the line The Railroad could not have been built without Chinese labor but the lives of Chinese railroad workers themselves have been little understood and largely invisible This landmark volume explores the experiences of Chinese railroad workers and their place in cultural memory The Chinese and the Iron Road illuminates more fully than ever before the interconnected economies of China and the US how immigration across the Pacific changed both nations the dynamics of the racism the workers encountered the conditions under which they labored and their role in shaping both the history of the railroad and the development of the American West Praise for *The Chinese and the Iron Road* This timely and essential volume preserves the humanity of the often ignored and forgotten immigrant worker while also uncovering just how important Chinese American railroad workers were in the making of America and its place in the world Erika Lee author of *The Making of Asian America* Gordon H Chang and Shelley Fisher Fishkin s meticulously researched and beautifully written book fills a critical gap in our nation s history *The Chinese and the Iron Road* brings to life the stories of workers who defied incredible odds and gave their lives to unite these states into a nation David Henry Hwang Tony Award winning playwright of
