

And so I enter into evidence  
My tarnished coat of arms  
My muses, acquired like bruises  
My talismans and charms  
The tick,

tick,

tick

of love bombs

My veins of pitch black ink

All's fair in love and poetry...

Sincerely,

The Chairman

**Poems Containing History** Gary Grieve-Carlson, 2013-11-08 Ezra Pound's definition of an epic as a poem containing history raises questions how can a poem contain history And if it can does it help us to think about history in ways that conventional historiography cannot **Poems Containing History** Twentieth Century American Poetry's Engagement with the Past by Gary Grieve Carlson argues that twentieth century American poetry has contained and helped its readers to think about history in a variety of provocative and powerful ways Tracing the discussion of the relationship between poetry and history from Aristotle's Poetics to Norman Mailer's The Armies of the Night and Hayden White's Metahistory the book shows that even as history evolves into a professional academic discipline in the late nineteenth century and as its practitioners emphasize the scientific aspects of their work and minimize its literary aspects twentieth century American poets continue to take history as the subject of their major poems Sometimes they endorse the views of mainstream historians as Stephen Vincent Benét does in John Brown's Body but more often they challenge them as do Robert Penn Warren in Brother to Dragons Ezra Pound in The Cantos or Charles Olson in The Maximus Poems In Conquistador Archibald MacLeish illustrates Aristotle's claim that poetry tells more philosophical truths about the past than history does while in Paterson William Carlos Williams develops a Nietzschean suspicion of history's value Three major American poets T S Eliot in Four Quartets Hart Crane in The Bridge and Carolyn Forché in The Angel of History present different challenges to professional historiography's assumption that the past is best understood in strictly material terms **Poems Containing History** devotes chapters to each of these poets and offers a clear sense of the seriousness with which American poetry has engaged the past as well as the great variety of those engagements , **Teaching Modernist Poetry** N. Marsh, P. Middleton, 2010-01-27 This book recognizes that modernist poetry can be both difficult and rewarding to teach Leading scholars and poets from the UK and the US offer practical innovative up to date strategies for teaching the reading and writing of modernist poetry across its long diverse histories taking in experimentation performance hypertext and much more Thinking with the Poem Andrew R. Mossin, 2024-12-15 Broad ranging and pluralistically investigative the essays in Thinking with the Poem document Rachel Blau DuPlessis's authorial interventions as a poet scholar and cultural critic steeped in the linguistic and political frames of her time The writers included in this volume engage root level questions at the heart of DuPlessis's praxis as posed by her in a recent essay What is a poem what is a poet what is an oeuvre what is the poetic Inventive and noncanonical these essays offer substantive responses to these and other questions providing new routes of inquiry into the poetry and poetics of this preeminent figure of new writing **H.D. and Poets After** Donna Krolik Hollenberg, 2000 From her work's first appearance under the Imagist label to its later development in innovative long poems and prose H D's excellence was recognized by her peers as well as her successors H D and Poets After is the first book to explore her influence on contemporary American poetry Twenty essays half by eminent American poets writing about their literary engagement with H D and half by critics

writing about H D in relation to these same poets provide a fruitful exchange of perceptions and interpretations The dialogue between these two perspectives the first autobiographical testimony and the second critical analysis by scholars attuned to both modern and contemporary poetries and poetics calls into question both traditional notions of literary criticism and earlier theories of literary influence The volume includes a range of contemporary responses to H D s work from Alicia Ostriker s radical eroticism to Brenda Hillman s epistemological restlessness to Carolyn Forch s response to moral disasters of the century H D and Poets After demonstrates key aspects of the poet s continuing importance as a poet s poet in the best sense

Kinkley, 2020-03-17 This book analyzes the unprecedented diversity and the new literary forms that burst forth in the aftermath of the Cultural Revolution The interdisciplinary approach of these studies reveals much about the society politics and popular culture of the post Mao era

*Blue Studios* Rachel Blau DuPlessis, 2006-09-03 Publisher description

**"Nancy Spero, Encounters "** Joanna S. Walker, 2017-07-05 An original and valuable intervention in the fast growing field of feminist and new art histories Nancy Spero Encounters offers a sophisticated interpretation of the work of a highly original and under represented woman artist The study proposes a new model of comparatism within the field of visual studies mirroring and complementing Spero s dialogic manner of working Basing her analyses on extensive research and multiple face to face interviews with the artist Joanna Walker examines how a selection of the artists and art forms Spero cited offer significant points of comparison with her work Walker presents Spero s encounters with the art of Ana Mendieta with the poetry of the American poet H D with the dance of Isadora Duncan and turning the lens back on Spero as subject with the

portraits of the artist by Abe Frajndlich Also included are transcripts of Walker's interviews with the artist and a listing of the books contained in Spero's personal library which informed her practice Not only does this book cast well deserved light on an artist who spent most of her career on the margins of the mainstream it reverses genealogies and revises the traditional remit of the art historical monograph through both its structure and content

**American Poetry after Modernism** Albert Gelpi, 2015-03-09 Albert Gelpi's *American Poetry after Modernism* is a study of sixteen major American poets of the postwar period from Robert Lowell to Adrienne Rich Gelpi argues that a distinctly American poetic tradition was solidified in the later half of the twentieth century thus severing it from British conventions In Gelpi's view what distinguishes the American poetic tradition from the British is that at the heart of the American endeavor is a primary questioning of function and medium The chief paradox in American poetry is the lack of a tradition that requires answering and redefining redefining what it means to be a poet and likewise how the words of a poem create meaning offer insight into reality and answer the ultimate questions of living Through chapters devoted to specific poets Gelpi explores this paradox by providing an original and insightful reading of late twentieth century American poetry

**Figures of Time** David Ben-Merre, 2018-02-01 *Figures of Time* proposes radically new ideas about the very poetic ground of culture Presenting unique close readings of six modern poets Wallace Stevens W B Yeats H D Hilda Doolittle Ezra Pound Langston Hughes and T S Eliot David Ben Merre brings recent theoretical questions about the rhetoric of modernism and poetic figuration into current discussions in critical theory He argues that poetic spaces often disjunctions of sound and sense disrupt our culturally inherited notions of time reimagining with an often irrational and anachronistic backward glance what we take to be historical chronologies psychological perceptions of time and collective scripts about causality

**Networking Women** Marina Camboni, 2004 **Poets at Play** Sarah Bay-Cheng, Barbara Cole, 2010-09-30 Beginning with Stevens's *Three Travelers Watch a Sunrise* 1916 as a dynamic introduction to the modernist transformation of poetry into performance the collection also includes Millay's biting anti war satire *Aria da Capo* 1920 and H D's *Hippolytus Temporizes* 1927 loosely adapted from the Euripides play Both plays demonstrate the Greek poets enduring legacy in modern poetic drama

**Mysticism in Postmodernist Long Poems** Joe Moffett, 2014-10-28 Written from a literary critic's perspective *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman's *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary

Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine

**The Poetry of American Women from 1632 to 1945** Emily Stipes Watts, 2014-09-10 American women have created an especially vigorous and innovative poetry beginning in 1632 when Anne Bradstreet set aside her needle and picked up her poet's pen The topics of American women poets have been various their images their own and their modes of expression original Emily Stipes Watts does not imply that the work of American men and that of American women are two different kinds of poetry although they have been treated as such in the past It is her aim rather to delineate and define the poetic tradition of women as crucial to the understanding of American poetry as a whole By 1850 American women of all colors religions and social classes were writing and publishing poetry Within the critical category of female poetry developed from 1800 to 1850 these women experimented boldly and prepared the way for the achievement of such women as Emily Dickinson in the second half of the nineteenth century Indeed at times for example from 1860 through 1910 it was women who were at the outer edge of prosodic experimentation and innovation in American poetry Moving chronologically Professor Watts broadly characterizes the state of American poetry for each period citing the dominant male poets she then focuses on women contemporaries singling out and analyzing their best work This volume not only brings to light several important women poets but also represents the discovery of a tradition of women writers This is a unique and invaluable contribution to the history of American literature
