If We Shadows:

The Plays and Poems of William Shakspeare William Shakespeare, 1821 *The Art of Authorial Presence* Gary Richard Thompson, 1993 The critical literary world has spent a wealth of thought and words on the question of Hawthorne himself Where does he stand in his works In history In literary tradition In this major new study G R Thompson recasts the Hawthorne question to show how authorial presence in the writer s works is as much a matter of art as the writing itself The Hawthorne who emerges from this masterful analysis is not as has been supposed identical to the provincial narrator of his early tales instead he is revealed to be the skillful manipulator of that narrative voice an author at an ironic distance from the tales he tells By focusing on the provincial tales as they were originally conceived as a narrative cycle Thompson is able to recover intertextual references that reveal Hawthorne s preoccupation with framing strategies and variations on authorial presence The author shows how Hawthorne deliberately constructs sentimental narratives only to deconstruct them Thompson s analysis provides a new aesthetic context for understanding the whole shape of Hawthorne s career as well as the narrative ethical and historical issues within individual works Revisionary in its view of one of America s greatest authors *The Art of Authorial Presence* also offers invaluable insight into the problems of narratology and historiography ethics and psychology romanticism and idealism and the cultural myths of America **Illustrator CC** Elaine Weinmann, Peter Lourekas, 2013 Learn Illustrator the quick and easy way Two ways to learn Now you can curl up with the book or learn the core features of Illustrator CC on the mobile device of your choice This book includes an eBook version for the same price Concise steps and explanations let you get up and running in no time Essential reference guide keeps you coming back again and again Whether you re an illustrator newbie or an experienced veteran this book will teach you all you need to know including the Touch type tool multi file placement touchscreen controls Kuler apps font and swatch searches images in brushes auto corners in Pattern brushes file packaging syncing via the Creative Cloud and other new features Visit the companion Web site at peachpit.com/illustratorccvqs to download 73 illustrations so you can work along with the authors back cover **The Dramatic Works of William Shakespeare** William Shakespeare, 1817 "The" Plays of William Shakspeare William Shakespeare, Alexander Chalmers, 1823 **The Plays of William Shakespeare** William Shakespeare, 1805 *The Plays and Poems of William Shakespeare: Merchant of Venice.
