 Mrs. Oliphant (Margaret),1895     **Saving the City** Malcolm Schofield,2003-09-02 Saving the City provides a detailed  
 analysis of the attempts of ancient writers and thinkers from Homer to Cicero to construct and recommend political ideals of  
 statesmanship and ruling of the political community and of how it should be founded in justice Malcolm Schofield debates to  
 what extent the Greeks and Romans deal with the same issues as modern political thinkers     **Neighbors and Strangers**  
 William R. Polk,2008-04-15 How important are foreign affairs in the grand scheme of civilization Do defenses against the  
 invasion of strangers influence the evolution of culture Drawing on decades of experience in government as well as in the  
 academy William R Polk offers a uniquely informed comprehensive view of foreign relations Bridging academic disciplines he  
 treats foreign affairs as they occur in the real world Instead of separating diplomacy intelligence and espionage defense and  
 warfare trade and aid intervention and law from one another he shows how they interact and together form a whole pattern  
 with which we must deal if we are to move safely into the 21st century But Neighbors and Strangers is not just a guide to the  
 future Polk draws upon all recorded history and indeed upon studies of animal and primitive social behavior and from the  
 entire world for vivid examples to illuminate for the general reader the underlying principles and consistencies that  
 characterize relations with foreigners Indeed going deeper into the human experience Polk documents fear of the foreigner  
 as a visceral response so deep seated and so pervasive that it transcends human memory individual experience and even  
 logical analysis More generally he shows that the tension created by having to live as neighbors with those who in the  
 definition of contemporaries were irredeemably alien has been one of the major causes of the rise of civilizations Accessible  
 and engaging Neighbors and Strangers is a revelatory look at how foreign affairs are a profound reflection of human nature
