**Improving Employee Development** Barry G. Sheckley, Morris T. Keeton, 2001-07-30 Providence The Journey the Discovery and the Destination is a true story It is an inspirational story that depicts the revelations that a man named William Francis experienced over the course of his life William came to realize how the LORD GOD was working in his life finally understanding why HE led him through what he perceived to be deserts and wildernesses at various stages of his life It demonstrates how God showed him that even when he felt abandoned and unloved that it was indeed HE the LORD GOD Almighty who had brought him through those places Along the way he makes discoveries that enhance his and his family s lives through divine revelations about where God was leading him his destination William s journey began at a very young age His was the journey of a restless soul whose destination would be the discovering of the truth about the real JESUS In the process he discovers the truth about himself and his true purpose in life William would encounter many trials tribulations and disappointments on his journey but he would ultimately come to a place of acceptance with himself And eventually he would come to experience a genuine personal relationship with GOD a relationship which produced times of happiness and joy perpetual love and internal peace of mind and relief of conscience even in times of crisis In hindsight William realized that GOD was guiding and directing his path All the while GOD was teaching him how to live a fulfilled life Though some of the lessons were hard learned it was all for his good Improving career development opportunities through rigorous career pathways research Jerry W.
