D'Ooge, 2017-09-12 Excerpt from Latin for Beginners What Is Latin If you will look at the map of Italy on the opposite page you will find near the middle of the peninsula and facing the west coast a district called Latium and Rome its capital The Latin language meaning the language of Latium was spoken by the ancient Romans and other inhabitants of Latium and Latin was the name applied to it after the armies of Rome had carried the knowledge of her language far beyond its original boundaries As the English of today is not quite the same as that spoken two or three hundred years ago so Latin was not always the same at all times but changed more or less in the course of centuries The sort of Latin you are going to learn was in use about two thousand years ago And that period has been selected because the language was then at its best and the greatest works of Roman literature were being produced This period because of its supreme excellence is called the Golden Age of Roman letters About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
