Leon Golub Existential Activist Painter:

Leon Golub, Existential/activist Painter Donald Burton Kuspit, Leon Golub, 1985 *The Existential/activist Painter* Donald Burton Kuspit, 1986 **Leon Golub; Existential/Activist painter** D. Kuspit, 1985 **Leon Golub** Jon Bird, 2000 Now in his late 70s Leon Golub is a leading exponent of history painting painting as a narrative symbolic expression of global social and political relations and of the realities of power In this book published to accompany a major retrospective exhibition traveling to Ireland England and the United States Jon Bird examines the artist s work from the classically influenced early paintings through depictions of conflict and masculine aggression to compelling images of the last two decades Despite the widespread critical attention his work has received the range and extent of his practice and its complex interweaving of the iconographic traditions of both high and popular art have not been properly examined As a history painter Golub is acutely aware of the antecedents to his own imagery and symbolism part of Jon Bird s critical project is to track and define the artist s relationship to modernism Making a case for Golub s practice of critical realism that also takes account of the unconscious Bird focuses on two themes that dominate Golub s work how his art figures the body as a sign for social and psychic identity and what might be termed the symbolic expression of social space **Leon Golub Powerplay** Jon Bird, 2016-04-15 Leon Golub 1922 2004 is best known for his iconic history paintings of mercenaries interrogations torture scenes and the riots of the 1980s and 90s Published to accompany an exhibition at the National Portrait Gallery in London running from March through November 2016 this collection of nearly all of Golub s political portraits from 1975 1978 almost 100 paintings offers a rich survey of his powerful style with analysis from curator Jon Bird and professor of art history Gill Perry Bird and Perry examine the ways Golub increasingly explored the effects of power upon the body through facial expressions gestures and poses and how he invested his characters with psychological tension and depth As they show Golub always derived his source material from media representations aiming to capture the way power whether political military or social is mediated through the camera lens This look of power is the dominant characteristic of the portraits included here all painted as part of his Political Portraits series of the 1970s which captured historical figures ranging from Fidel Castro and Henry Kissinger to Pinochet and Mao Tse Tung at various stages of their public office With a narrative of arrogance and venality traced clearly across the face these portraits forcefully show that power is uncompromising The result is a startling collection of faces arrestingly rendered through Golub s signature visceral style **Leon Golub** Leon Golub, 1997 Even in his earliest work Leon Golub rejected the formalism of Abstract Expressionism and countered it with and activist political approach to figurative painting This collection of his writings includes interviews with the artist **The Grove Encyclopedia of American Art** Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **From Head to Hand** David Levi Strauss, 2010-02-11 In his third book Strauss delves into the mysterious process whereby an idea is born in the mind and materialized through the hand in the expression of an artwork

How exactly does this happen It s a question so basic an act so fundamental to art making that it has rarely received attention It makes an ideal topic for Strauss a writer with an exceptional ability to animate art s philosophical dimensions in a clear persuasive manner During this time when craft and the direct manipulation of materials by the artist appear to be in eclipse Strauss comes to their defense in a spirited cri de coeur Featuring over 35 illustrations the book examines a wide variety of media and individual examples It explores the works of sculptors Martin Puryear Ursula von Rydingsvard and Donald Lipski painters Leon Golub and Ron Gorchov and writers Robert Duncan Robert Kelly Guy Davenport John Berger and Leo Steinberg In addition there are essays on Joseph Beuys s 7000 Oaks in Ireland contemporary Haida carvers Reg Davidson and Jim Hart Cecilia Vicu a s memory of the fingers and the influence of curators Harald Szeemann and Walter Hopps on the staging of contemporary art exhibitions Known primarily for his writings on photography and politics Strauss here focuses on the least mediated arts painting sculpture and writing His claims are supported by a series of close readings which succeed in recovering the immediacy of the hand and revitalizing contemporary art s connection to the past

The Transformation of the Avant-Garde Diana Crane,1987 Discusses the social aspects of art popular culture as art galleries museums and the meaning of art *Jewish-American Artists and the Holocaust* Matthew Baigell,1997 Jewish themes in American art were not very visible until the last two decades although many famous twentieth century artists and critics were and are Jewish Few artists responded openly to the Holocaust until the 1960s when it finally began to act as a galvanizing force allowing Jewish American artists to express their Jewish identity in their work Baigell describes how artists initially deflected their responses into abstract forms or by invoking biblical and traditional figures and then in more recent decades confronted directly Holocaust imagery and memory He traces the development of artistic work from the late 1930s to the present in a moving study of a long overlooked topic in the history of American art

Psychoanalytic Perspectives on Art, V.2 Mary M. Gedo,2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history

Museum Washington DC March 15 2019 to August 18 2019 **Dialectical Conversions** David Craven, Brian Winkenweder, 2013-08-15 Few art critics in Western art history have ever had the broad ranging impact over several decades of Donald Kuspit a philosopher and psychoanalyst who from 1970 until the present has been a commanding figure on the international stage A student of German thinker Theodor Adorno under whom he earned the first of his three doctorates Kuspit introduced a new type of philosophical art criticism into the art world He drew on both phenomenology and Critical Theory before he then increasingly adopted psychoanalysis Since Kuspit himself has always measured his own place in the history of art criticism by how rigorously he engages with competing approaches this book is a searching survey of Kuspit's role in triggering several historic shifts within art criticism beginning with his now legendary 1974 article in *Artforum* A Phenomenological Approach to Artistic Intention Dense and demanding yet deft and incisive Kuspit's multi faceted art criticism has become world famous for reasons that artists critics art historians and philosophers from at least ten different nations explain from various points of view Divided into three parts and introduced by a lengthy introduction the book features comments by recognized artists like Rudolf Baranik Anselm Kiefer and April Gornik as well as critical commentaries by many scholars and critics from around the world on the richness of Kuspit's insights into art **Art and Politics** Claudia Mesch, 2014-10-10 Contemporary art is increasingly concerned with swaying the opinions of its viewer To do so the art employs various strategies to convey a political message This book provides readers with the tools to decode and appreciate political art a crucial and understudied direction in post war art From the postwar works of Pablo Picasso and Alexander Deineka to the Border Film Project and web based works of Beatriz da Costa *Art and Politics a Small History of Art for Social Change* after 1945 considers how artists visual or otherwise have engaged with major political and grassroots movements particularly after 1960 With its broad definition of the political this book features chapters on postcolonialism feminism the anti war movement environmentalism gay rights and anti globalization It charts how individual artworks reverberated with enormous ideological shifts While emphasising the West *Art and Politics* takes global developments into account as well looking at art production practiced by postcolonial African Latin American and Middle Eastern artists Its case study approach to the subject provides the reader with an overview of a most complex subject This book will also challenge its readers to consider often devalued and marginalised political artworks as properly part of the history of modern and contemporary art

Art Today Edward Lucie-Smith, 1999-09-16 A survey of one of the most controversial epochs art history the Modern Movement this text combines a critical eye with a historian's insight into wider trends It reflects the changes that have swept across the art world since 1960 challenging the old assumptions and certainties **Who's Who in American Art** Marquis Who's Who, 2003-06 Judaica Americana Nathan M.
