## Leon Trotsky On China:

**Leon Trotsky on China** Leon Trotsky, 1976 Articles and letters on the Chinese revolution of the 1920s recording the fight to reverse Stalin's disastrous course of subordinating the Communist Party there to an alliance with the capitalist Chinese Nationalist Party Kuomintang

**The Hidden Dynamics of Chinese Revolution** Leon Trotsky, 2009 Problems of the Chinese Revolution Leon Trotsky, 1967

**Problems of the Chinese Revolution** Leon Trotsky, 2011

**China's Urban Revolutionaries** Gregor Benton, 1996 Many workers writers and veteran revolutionaries who had been alienated from the CCP after 1927 by the policies of Stalin and his Chinese followers were also drawn into the Trotskyist ranks

**The Bolsheviks and the Chinese Revolution 1919-1927** Alexander Pantsov, 2013-10-23 Based mainly on unknown Russian archival sources which have previously been unobtainable this book analyses the Bolshevik concepts of the Chinese revolution and their reception in China Issues include the role of the three Bolshevik leaders Lenin Stalin and Trotsky in trying to lead the Chinese Communists to victory the real nature of the Trotsky Stalin split in the Comintern and a dramatic history of the Chinese Oppositionist movement in Soviet Russia

**Prophets Unarmed** Gregor Benton, 2015-09-01 Prophets Unarmed is an authoritative sourcebook on the Chinese Communist Party's main early opposition the Chinese Trotskyists who emerged from the Chinese Communist Party in China and Moscow in reaction to its 1927 defeat In spite of being Trotskyism's main section outside Russia they were crushed by Stalin in Moscow and by Chiang Kai shek and Mao Zedong in China thus becoming China's most persecuted party Their strategy in the Japan war when they failed to take up arms was short sighted and doctrinaire and they had scant impact on the revolution Even so their association with Chen Duxiu and Wang Shiwei their attachment to democracy and their critique of Mao's bureaucratic socialism brought them a scintilla of recognition after Mao's death Their standpoints and proposals and their association with the democratic movement are not without relevance to China's present crisis of morals and authority

**Leon Trotsky on China. Introd. by Peng Shutse. Ed. by Les Evans and Russell Block** Lev Davidovič Trockij, Peng Shutse, Les Evans, Russell Block, 1976 Literature and Revolution in Modern China Yuzo Nagahori, 2025-05-19 This book reconstructs Lu Xun's literary theory and political position within its historical context It considers the influence on Lu Xun of Leon Trotsky's literary theory and Lu Xun's relationship with the Chinese Trotskyists and the Chinese Communist Party It corrects errors and shortcomings in conventional studies on Lu Xun and shows how Lu Xun was used for political purposes by the Chinese Communists and Mao Zedong beginning in the Yan'an years and culminating during the Cultural Revolution It seeks to rescue Lu Xun from the distortion of his legacy by the Chinese Communist literary establishment Mao Zedong and Stalinism

The Tragedy of the Chinese Revolution Harold Isaacs, 2010 The story of contemporary China typically dates back to Mao's 1949 revolution But in this classic work of Marxist scholarship historian Harold Isaacs uncovers how workers and peasants struggled for a different kind of revolution one built from the bottom up in the 1920s The defeat of their heroic efforts profoundly shaped the further course of modern

Chinese history Harold Isaacs was an acclaimed Marxist historian who identified with Leon Trotsky's critique of the Soviet Union's degeneration under Stalinism during the 1920s *The Tragedy* his major work is dedicated to the martyrs of the 1925-1927 revolution who fought for a truly democratic society      **Confucian Marxism** Weigang Chen, 2013-09-25 Buttressed by an autocratic system China's colossal economic growth over the past decades seems to have had the paradoxical effect of undermining the foundation of Western domination but at the same time invigorating Eurocentricism In particular it highlights the current relevance of the central conviction of Weber's *Orient* the absence of civic roots in non-Western societies will create a kind of uncivic capitalist system in which one has no choice but to seek to compensate for instabilities through authoritarian institutions Does this mean that the West may alone afford to harmonize political stability with the universalistic ideal of justice as the basic structure of society If not how then is it possible to develop a notion of the primacy of social justice that transcends the limits of liberal democracy This book aims at addressing these timely questions by drawing on Confucian Marxism a distinctive perspective on civil society      [Is China Capitalist?](#) ,      [Chinese Discourses on the Peasant, 1900-1949](#) Xiaorong Han, 2012-02-01 Xiaorong Han explores how Chinese intellectuals envisioned the peasantry and its role in changing society during the first half of the twentieth century Politically motivated intellectuals both Communist and non-Communist believed that rural peasants and their villages would be at the heart of change during this long period of national crisis Nevertheless intellectuals saw themselves as the true shapers of change who would transform and use the peasantry Han uses intellectuals' writings to provide a comprehensive look at their views of the peasantry He shows how intellectuals with varying politics created images of the peasant a supposed contemporary image and an ideal image of the peasant transformed for political ends how intellectuals theorized on the nature of Chinese rural life and how intellectuals conceived their own relationships with peasants      *Trotsky and the Russian Revolution* Geoffrey Swain, 2014-02-24 Supporters of Stalin saw Trotsky as a traitor and renegade Trotsky's own supporters saw him as the only true Leninist In *Trotsky and the Russian Revolution* Geoffrey Swain restores Trotsky to his real and central role in the Russian Revolution In this succinct and comprehensive study Swain contests that In the years between 1903 and 1917 it was the ideas of Trotsky rather than Lenin which shaped the nascent Bolshevik Party and prepared it for the overthrow of the Tsar During the autumn of 1917 workers supported Trotsky's idea of an insurrection carried out by the Soviet rather than Lenin's demand for a party orchestrated coup d'état During the Russian Civil War Trotsky persuaded a sceptical Lenin that the only way to victory was through the employment of officers trained in the Tsar's army As well as examining Trotsky's critique of Stalin's Russia in the 1930s this seminar reader probes deeper to explore the ideas which drove Trotsky forward during his years of influence over Russia's revolutionary politics exploring such key concepts as how to construct a revolutionary party how to stage a successful insurrection how to fight a revolutionary war and how to build a socialist state      **The Nationalist Revolution in China, 1923-1928** C. Martin Wilbur, 1984-11-29 This lively history of China's

Nationalist revolution tells the story of a small group of Chinese patriots headed by Sun Yat sen until his death in 1925 They mobilised men money and propaganda to create a provincial base from which they launched a revolutionary military campaign to unify the country end imperialist privilege and bring the Kuomintang to power Soviet Russia induced the fledgling Chinese Communist Party to join the effort and sent money arms military and political experts to guide the revolution But there was a fatal flaw in this co operation and when the fighting was over the remnant Communist Party had been driven underground the Russian experts had been expelled and a faction riven Nationalist Party led by Chiang Kai shek could claim to be China s new government This study of a key period in China s history reprinted from Volume 12 of The Cambridge History of China is solidly based in Chinese Russian and Western languages sources

**What Was Neoliberalism?** Neil Davidson,2023-10-24 Eminent scholar activist Neil Davidson s brilliance is on full display in this posthumous work a timely and prescient introduction to the neoliberal era While it is widely agreed that neoliberalism arose in the wake of the global economic crisis of the 1970s there remains much debate about how to understand its significance and even how to define it Is it best seen as an ideology of free market fundamentalism a series of policy decisions gutting the public sector and breaking unions or as an era of capitalist development with its own logic Bringing his considerable intellectual breadth and characteristic generosity to bear on this question Neil Davidson shows that to truly appreciate what is unique about neoliberalism and what marks it out as a continuation of capitalism more generally it is necessary to examine its social dimensions What Was Neoliberalism holds fast to Davidson s conviction that thoroughly understanding the past means being better prepared for the struggles of the future

**Trotsky** Geoffrey Swain,2014-05-22 Without Trotsky there would have been no Bolshevik Revolution but Trotsky was no Bolshevik Providing a full account of Trotsky s role during the Russian Civil War and concentrating on his time as an active participant in Russian revolutionary politics rather than his ideological writings of emigration Swain gives the student a very different picture of the Bolshevik Commissar of War This radically new interpretation of Trotsky s career spanning 1905 1917 incorporates the tense relationship between Trotsky and Lenin until 1917 and pays particular attention to the Russian Civil War and Trotsky s military organisation and contribution to the war Swain argues critically that Trotsky achieved where Lenin would have failed suggesting that Trotsky was in the main part responsible for the Bolshevik Revolution

The Chinese Revolution in the 1920s Roland Felber,A.M. Grigoriev,Mechthild Leutner,M.L. Titarenko,2013-10-11 Uses previously unavailable archive material Presents perspectives on the Chinese revolution from independent outlooks Chinese Russian European and US Covers a crucial period in Chinese modern history

*China and Russia* Philip Snow,2023-04-25 A compelling expansive history of the relationship between China and Russia from the seventeenth century to the present Russia and China the largest and most populous countries in the world respectively have maintained a delicate relationship for four centuries In addition to a four thousand kilometer border they have periodically shared a common outlook on political and economic affairs But they are in essence profoundly

different polities and cultures and their intermittent alliances have proven difficult and at times even volatile Philip Snow provides a full account of the relationship between these two global giants Looking at politics religion economics and culture Snow uncovers the deep roots of the two nations alignment We see the shifts in the balance of power from the wealth and strength of early Qing China to the Tsarist and Soviet ascendancies and episodes of intense conflict followed by harmony He looks too at the experiences and opinions of ordinary people which often vastly differed from those of their governments and considers how long the countries current amicable relationship might endure Wilson and China Bruce A. Elleman, 2002 Using sources in Japanese Chinese and American archives this text reassesses Woodrow Wilson s agenda at the Paris Peace Conference It argues Wilson did not betray China but negotiated a compromise with the Japanese to ensure that China s sovereignty would be respected in Shandong Province
