Code to Greed Encrypted ,2016-02-29 One of my fantasies in life was to go to Alaska and hunt big game as many other hunters here in Mississippi would like to do I also dreamed of flying there for a living but it never materialized I thought to myself if I ever did go to Alaska what would I like to happen during the trip or what would anyone like to happen if it was them so I came up with an

ultimate fantasy I used many of my own life's experiences to build the characters of the book and you will find a little of me in each one of them The rest of the story is still waiting to happen

Life's Little Annoyances Ian Urbina, 2007-04-01 What can you do when the world is pushing you over the edge More than you think For some of us it's the automated voice that answers the phone when we'd rather talk to a real person For others it's the fact that Starbucks insists on calling its smallest sized coffee tall Or perhaps it's those pesky subscription cards that fall out of magazines Whatever it is each of us finds some aspect of everyday life to be particularly maddening and we often long to lash out at these stubborn irritants of modern life In *Life's Little Annoyances* Ian Urbina chronicles the lengths to which some people will go when they have endured their pet peeves long enough and are not going to take it any more It is a compendium of human inventiveness by turns juvenile and petty but in other ways inspired and deeply satisfying We meet the junk mail recipient who sends back unwanted business reply envelopes weighted down with sheet metal so the mailers will have to pay the postage We commiserate with the woman who was fed up with the colleague who kept helping himself to her lunch cookies so she replaced them with dog biscuits that looked like biscotti And we revel in the seemingly endless number of tactics people use to vent their anger at telemarketers loud cellphone talkers spammers and others who impose themselves on us A celebration of the endless variety of passive aggressive behavior *Life's Little Annoyances* will provide comfort and inspiration to everyone who has ever gritted his teeth and dreamed of sweet retribution against the slings and arrows of outrageous people

Logical Conclusions James E. Dustin, 2021-12-15 Chapters include the following Lawsuits These are actual lawsuits allowed into our nation's courts The only way this chapter would be stranger is if it listed lawsuits so absurd they were not allowed into the courts Hunting and Fishing I live in a small drinking town with a hunting and fishing problem Weather This includes a column on the benefits of climate change a subject that most news reports ignore and why we in Walden Colorado are in favor of global warming Politics The first column is my abortive attempt to run for president of the United States Another is on what we should learn from the Greeks and another on state stereotyping Yes that happened Internet English This is the Age of the Text So why do so many of these texters not know basic English Sadly examples abound Technology I've suggested a number of new inventions You'll like the Fleshomatic EEKs Hope you're not one Health You don't realize the value of an eye until you've lost one Advertising Dilbert once observed that if marketing worked it would be illegal But it must work on some of us Bureaucracies If learning about what our government workers are actually doing doesn't drop you into a state of depression you might be heavily medicated Human Behavior None of these columns seemed to fit anywhere else like what if the passage of an asteroid made us all smarter
