**Gone with the Glory** Brian Steel Wills, 2011-10-16 From Birth of a Nation to Cold Mountain hundreds of directors actors and screenwriters have used the Civil War to create compelling cinema However each generation of moviemakers has resolved the tug of war between entertainment value and historical accuracy differently Historian Brian Steel Wills takes readers on a journey through the portrayal of the war in film exploring what Hollywood got right and wrong how the films influenced each other and ultimately how the movies reflect America s changing understandings of the conflict and of the nation *The 1931-1940: American Film Institute Catalog of Motion Pictures Produced in the United States* American Film Institute, 1993 The entire field of film historians awaits the AFI volumes with eagerness Eileen Bowser Museum of Modern Art Film Department Comments on previous volumes The source of last resort for finding socially valuable films that received such scant attention that they seem lost until discovered in the AFI Catalog Thomas Cripps Endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr **Motion Picture Herald** ,1927 **Film World and A-V World News Magazine** ,1945 *Dramatic Mirror of the Stage and Motion Pictures* ,1917 *The Judge* ,1915 **The Educational Screen** ,1923 **Germs Gone Wild** Kenneth King, 2011-12-15 A shocking expos of the reckless proliferation of bio weapon research and the threat this poses to everyday Americans Battling a new generation of corporate giants and uncovering threats right in our own backyard Kenneth King s *Germs Gone Wild* reveals the massive expansion of America s bio defense research labs and the culture of deception surrounding hundreds of facilities that have opened since 9 11 King experienced the menace of bio defense research firsthand when local government and business leaders tried to lure a new facility to his hometown in Kentucky Researching the safety claims he not only found many of them to be completely false but was also horrified by the lack of oversight and the recklessness with which these labs genetically modified pathogens like smallpox Ebola and influenza without a care for what happened to the public if there was ever a leak And yet the greed that drove the development of these labs has effectively counteracted any cautionary checks by the government and universities All have been seduced by the economic gains and corporate stipends that come with compliance and turning a blind eye But now the reality of these labs and the germs they manipulate will finally be brought to light as King examines the controversies surrounding plants from Maryland to Boston and Utah to the Department of Homeland Security s dubious National Bio and Agro Facility NBAF project and the precautions or lack thereof being taken to protect us all from a deadly pandemic *Motion Picture Story Magazine* ,1921 *Exhibitors Herald and Moving Picture World* ,1928 *Motion Picture News* ,1911 *Motion Picture Classic* ,1915 **AFI Catalog of Motion Pictures Produced in the United States** American Film Institute, 1971 *The Parade's Gone By* Kevin Brownlow, 1968 Well illustrated book on history of silent movies *Report, Chicago Motion Picture Commission, Chicago, September 1920* Chicago (Ill.). Motion Picture Commission, 1920 *Uplift Cinema* Allyson Nadia Field, 2015-05-22 In *Uplift Cinema* Allyson Nadia Field recovers the

significant yet forgotten legacy of African American filmmaking in the 1910s Like the racial uplift project this cinema emphasized economic self sufficiency education and respectability as the keys to African American progress Field discusses films made at the Tuskegee and Hampton Institutes to promote education as well as the controversial *The New Era* which was an antiracist response to D W Griffith s *The Birth of a Nation* She also shows how Black filmmakers in New York and Chicago engaged with uplift through the promotion of Black modernity Uplift cinema developed not just as a response to onscreen racism but constituted an original engagement with the new medium that has had a deep and lasting significance for African American cinema Although none of these films survived Field s examination of archival film ephemera presents a method for studying lost films that opens up new frontiers for exploring early film culture *The Railroad, Reporter and*

*Marine News* ,1913 **Starmaker** Milan Hain,2023-08-07 David O Selznick 1902 1965 was one of the most prominent film producers of the Hollywood studio era responsible for such artistic and commercial triumphs as *King Kong* *David Copperfield* *Anna Karenina* *A Star Is Born* *Gone with the Wind* *Rebecca* *Spellbound* and *The Third Man* However film production was not his only domain Starting in the late 1930s he built an impressive stable of stars within his own independent company including Ingrid Bergman Vivien Leigh Joan Fontaine Jennifer Jones and Gregory Peck In *Starmaker* David O Selznick and the Production of Stars in the Hollywood Studio System author Milan Hain reveals the mechanisms by which Selznick and his collaborators discovered and promoted new stars and describes how these personalities were marketed whether for financial gain or symbolic recognition and prestige Using a wide range of archival materials the book significantly complements and reshapes our understanding of Selznick s celebrated career by focusing on heretofore neglected aspects of his creative and business activities It also sheds light on the US film industry during the Golden Age of Hollywood studios and in the postwar period when the established order began to break down By structuring the book around Selznick and his role as a starmaker Hain demonstrates that star production and development in the Hollywood studio system was a highly organized and systematic activity though the respective strategies and procedures were often hidden from the public eye *Fan's Guide to*
