, 2010-12-29 The timeless insight of Islam's sacred writings can enrich your own spiritual journey For many in the West the
teachings of the Qur'an often are enshrouded in mystery and fear Yet Islam's holy book gave birth to one of the most
powerful and enlightened civilizations the world has ever seen By the sixteenth century Muslim culture stretched from India
to Africa to Europe preserving with it the ancient learning that helped spawn the Renaissance With its interwoven ideas of
faith and reason justice and mercy the path of Islam which literally means surrendering to God's will offers a uniquely
focused and balanced approach to living life with a profound awareness of God With gentleness and insight Sohaib N Sultan
leads you through the central themes of both the Qur'an and the collected sayings of Prophet Muhammad known as hadith
These teachings dispel common misconceptions about Muslim beliefs and offer practical guidance for your own spiritual
journey from understanding the merciful nature of God to cultivating peace and justice in the self family and society to
answering questions about the afterlife and how to attain it Now you can experience the wisdom of Qur'anic teachings even if
you have no previous knowledge of Islam or Muslim writings Insightful yet unobtrusive facing page commentary explains the
texts for you allowing you to enter into the path of surrender to God **Quran, Hadith, and Islam** Rashad Khalifa, 2001
Masnawi Sacred Texts of Islam Mawlana Rumi, 2014 The Composition of this Masnavi has been delayed for a season Time
is needed for blood to become milk Till thy fortune comes forth as a new born babe Blood becomes not milk sweet and
pleasant to the mind When that light of God Husamu'd Din Turned his course down from the summit of heaven This Masnavi
which is the polisher of spirits Its recommencement occurred on the day of Opening The commencement date of this precious
work Was the year six hundred and sixty two of the Flight The Bulbul started on this date became a hawk Yea a hawk to hunt
out these mysteries May the wrist of the King be the resting place of this hawk And may this door be open people for ever
Masnawi is Rumi's major work in form of Spiritual Couplets a six volume poem regarded by some Sufis as Persian language
Qur'an Essential Islamic Knowledge Muḥammad Ṣanā'ullāh Pānīpatī, 2003 *The Qur'an: Essential Teachings* Abdur
Raheem Kidwai, 2015-05-14 This work is intended to help readers gain a clear idea of the Qur'anic worldview particularly the
articles of Islamic faith God-man relationship religious duties and Islamic value system bringing into sharper focus the God
oriented life as prescribed by Islam **Islam and Aaqeel** Abu al-J Ellison, 2014-07-28 Though Aaqeel is the premiere and
primary means by which God communicates the correctness and incorrectness of every aspect of Mankind's lives since Adam

and Eve there are more Muslims who are virtually oblivious to it and thus neglect to give it the true recognition that it deserves or even practice it the way God means for it to be practiced Those who abandon its use are highly condemned by God in The Qur'an who refers to them as The worst of moving living creatures Al Anfal 8:22 The Aaqeel is the sense common sense or six sense that was given to all regardless of race nationality geographic location intelligence religion and age after discernment etc It is balanced analytical and ultra precise in determinations and judgments It works in association with the other five senses which are subject to submission to it but its common sense is no match for the free will of Mankind and though it may put up a fight the free will has the ability to subdue it and all the other senses The Aaqeel calculates most matters with the twinkling of an eye swiftness and it is jam packed with alarms warning signals for the purpose of securing or attempting to secure our best interest in a way that has survival written all over it It is steadfast in its duties and it doesn't lie Using of one's Aaqeel sense with The Qur'an is paramount for maximum effectiveness in reaching the highest levels of obedience to and understanding of God's The Final Revelation God sternly warns and condemns Mankind for neglecting to use their Aaqeel throughout The Qur'an and reveals how people and nations have fallen as a result The Qur'an is truly the simplest reading of God's Revelations It evolves with its reader in accordance with the reader's spiritual growth By way of it one is able to establish a unique and personal relationship with God but it doesn't come without a price which is patience I wrote the book because far too many of us are discarding our Aaqeel and replacing them external systems of determination that have the desires of man as their main system of support Thus we are failing as the last round of representative for our Lord How important is the use of our Aaqeel And they will say Had we but listened or used our intelligence naAAqilu we would not have been among the dwellers of the blazing Fire Al Mulk 67:10 Muslims are more subject to that verse than non Muslims as it is in The Qur'an

The Path to Paradise: Principles of Good Character & Appreciation of the Hereafter
Muhammad Salman Mansurpuri, 2016-01-01 Imam Tirmidhi narrates that the Prophet ordered people to Be modest before Allah as is His due The Prophet then explained that Modesty before Allah means protecting the head and all that is in it and protecting the stomach and all that is inside it Furthermore you should remember death and decay for one whose eyes are set on the Hereafter keeps away from worldliness One who accomplishes all of this is one who is modest before Allah as is His due This work is an elaborate commentary on the aforementioned hadith It covers Divine and Prophetic injunctions as well as scholarly discussions relating to a variety of subjects such as having pure belief in Allah the various facets of spiritual purification how to use the bodily parts in a lawful manner maintaining honest financial transactions the rules of good social conduct and the remembrance of death and rulings connected to it The treatise ends with a detailed outline of the substantial events heralding the End of Time and the events of the life after death in the grave and on the Day of Judgement and a description of the final abodes of Heaven and Hell
