Trade Unions and the Coming of Democracy in Africa J. Kraus, 2007-12-09 In this book top scholars look at the efficacy of trade union and worker protest in overthrowing authoritarian governments in Africa The analytical introduction and case studies from major African countries argue that unions were often the most important single social force in the democratization process *The Namibians*, 1985-06-01 A Trust Betrayed There are few peoples who have suffered as long and as bitterly as the Namibians For the past century they have been a minority people under the domination of an alien occupying power first the Germans and then the South African regime itself an oppressor of its own majority people who have illegally occupied Namibia for over 70 years The Namibian people have been murdered imprisoned and tortured their country has been turned into a battleground for contending armies their land and natural resources have been stolen and exploited Yet Namibia has been on the international agenda for many years first under a League of Nations mandate and later as a UN Trust Territory It has been the subject of numerous resolutions from the UN and other international bodies and yet no international political action has brought nearer any tangible moves towards true independence Instead the South African government has procrastinated manipulated and perverted any attempts to reach a peaceful yet just settlement The Namibians Minority Rights Group report 19 gives a detailed account of Namibian history and the present situation Written by Peter Fraenkel and Roger Murray it contains new sections on the international diplomacy which has surrounded the Namibian question internal political developments the war and human rights abuses It focuses on evidence of the exploitation of Namibian land resources and labour by outsiders It reports also the continued resistance of Namibians to South African domination and their support for the liberation movement of SWAPO and its allies in that struggle An invaluable guide to the complexities of a horrifying situation The Namibians is essential reading for the media academics

students aid agencies and all interested in international affairs and current events Swapo's Struggle for Namibia, 1960-1991 Lauren Dobell, 1998 *Law Reform in Developing and Transitional States* Timothy Lindsey, 2007 Law reform in developing countries has become an increasingly topical subject in recent years A critical issue is why so many law reform projects in developing economies are regarded by their sponsors and recipients as unsuccessful This informative book examines examples of law reform projects in post socialist and post authoritarian states in Asia identifies common problems proposes analytical frameworks for understanding the problems identified Though parallels between Asian models and those in developing states elsewhere in the world are strong the book has been developed to avoid suggestion that the issues covered are somehow peculiarly Asian indeed it is shown that cultural relativist approaches to Asia are unsustainable This is an invaluable reference for those involved in the areas of development economics Asian studies and comparative politics

The Labor Movement and the Prospects for Democracy in Namibia Gretchen Merry Bauer, 1994 **Studies in the Economic History of Southern Africa** Z.A. Konczacki, Jane L. Parpart, Timothy M. The Agricultural Sector of Namibia Kurt R. Anschel, Russell H. Brannon, 1978 Prepared in cooperation with the South East Consortium for International Development this is a substantial paper It concentrates mainly on capitalist stock farming and peasant agriculture appears only incidentally Brief mention is also made of the fishing industry The analysis framed in terms of orthodox market economics proceeds from a general geographical and political introduction to a survey of the present situation in agriculture The data presented although competently arranged are limited by reliance on the small and often out of date range of published English language literature The report concludes with a brief assessment of constraints and priorities in post independence agricultural development concentrating on technical institutional and environmental factors rather than political issues such as land tenure and income distribution It advocates greater stock farming output and the commercialization of crop production in the northern bantustans Eriksen Moorsom 1989 Geography and Political Power Peter M. Slowe, 2015-11-19 Focusing on the relationship between geography and power this book originally published in 1990 isolates five sources of political power might right nationhood legality and legitimacy and demonstrates the centrality of geography to the argument of each case The author stresses the value of geographical expertise to political decision making and illustrates this through the use of case studies His analysis of the sources of power goes deep into an understanding of politics and explores the implications for geography of political thought **Official Records**, 1979

Namibia, the Last Colony Reginald Herbold Green, Kimmo Kiljunen, Marja-Liisa Kiljunen, 1981 The Namibian Issue, 1920-1980 Elna Schoeman, 1982 This substantial bibliographical work focuses mainly on international relations diplomacy and legal proceedings but also includes minor sections on economics politics resources labour administration and the role of the churches It contains close to 1500 entries covering books documents as well as articles from a wide range of periodicals

Most of the entries are annotated but the annotations are brief and not very informative South African and Western viewpoints are covered extensively while coverage of African opinion is thin and SWAPO material and anti apartheid publications are scarcely touched For many students the sections on UN documents and International Court of Justice material will however provide a useful working resource The author who is a librarian at the University of Witwatersrand restricted her research to library resources available in Johannesburg and Pretoria The bibliography includes a chronology 1883 1980 a subject guide and an author index This work is an expansion and updating of a previous publication South West Africa Namibia An international issue 1920 1977 A Select Bibliography Johannesburg South African Institute of International Affairs 1978 See also two bibliographies which concentrate on UN and South Africa's foreign relations Gail L Rogaly South Africa's Foreign Relations 1961 1979 A select and partially annotated bibliography Johannesburg SAIIA 1980 462 p and Elna Schoeman South Africa and the United Nations Johannesburg SAIIA 1981 244 p Elna Schoeman is also the co author of a more recent bibliography on Namibia Eriksen Moorsom 1989

History of Namibia Marion Wallace, 2014-01-16 In 1990 Namibia gained its independence after a decades long struggle against South African rule and before that against German colonialism This book the first new scholarly general history of Namibia in two decades provides a fresh synthesis of these events and of the much longer pre colonial period A History of Namibia opens with a chapter by John Kinahan covering the evidence of human activity in Namibia from the earliest times to the nineteenth century and for the first time making a synthesis of current archaeological research widely available to non specialists In subsequent chapters Marion Wallace weaves together the most up to date academic research in English and German on Namibian history from the mid eighteenth century to the present She explores histories of migration production and power in the pre colonial period the changes triggered by European expansion and the dynamics of the period of formal colonialism The coverage of German rule includes a full chapter on the genocide of 1904 8 Here Wallace outlines the history and historiography of the wars fought in central and southern Namibia and the subsequent mass imprisonment of defeated Africans in concentration camps The final two chapters analyse the period of African nationalism apartheid and war between 1946 and 1990 The book's conclusion looks briefly at the development of Namibia in the two decades since independence A History of Namibia provides an invaluable introduction and reference source to the past of a country that is often neglected despite its significance in the history of the region and indeed for that of European colonialism and international relations It makes accessible the latest research on the country illuminates current controversies puts forward new insights and suggests future directions for research The book's extensive bibliography adds to its usefulness for scholar and general reader alike

Record of Proceedings - International Labor Conference ,1987 *The Reconstruction of Post-War Labour Markets in The Southern African Development Community* Saint José Inaka, Christopher Changwe Nshimbi, Leon Mwamba Tshipaka, 2023-08-12 This book provides a comprehensive overview of post war labour market reconstructions in the context of a regional bloc whose

member states have experienced conflict Focusing on the Southern African Development Community SADC region the book explores how major conflicts often expose shortcomings in affected countries particularly on their post war labour market reconstruction processes The authors discuss how countries in the SADC region in particular are equipped to navigate such processes This key question drives the overview of relationships between labour market issues and wars of liberation from colonial rule and apartheid rights to self determination and racial in equality and the need to succinctly explain how labour market issues shaped civil wars in some post independent SADC member states The book examines the role of the state in reconstruction processes of post war labour markets and the contribution of labour market institutions to these reconstructions It further analyses private sector participation in remaking labour markets and workers experiences in finding employment in labour markets under reconstruction The book provides specific insights from experiences in the Democratic Republic of the Congo DRC
