Lodge Magic:

Inside a Magical Lodge John Michael Greer, 2021-03-24 For centuries magical lodges have been one of the most important and least understood parts of the Western esoteric traditions The traditional secrecy of lodge organizations has made it next to impossible for modern students of magic to learn what magical lodges do and how their powerful and effective traditions of ritual symbolism and organization can be put to work This updated and expanded edition of Inside a Magical Lodge reveals the foundations of lodge work on all levels from the framework of group structure that allows lodges to efficiently handle the practical needs of a working magical group through the subtle approaches to symbolism and ritual developed within lodge circles to the potent magical methods that lodges use in their initiations and other ceremonial workings It is a must read for members of existing lodges for students of magical traditions such as the Golden Dawn for practitioners of other kinds of group magical work and for all those who have wondered about the hidden world behind lodge doors **The Encyclopedia of Magic and Alchemy** Rosemary Guiley, 2006 A comprehensive illustrated reference guide with more than 400 entries on the subjects of magic and alchemy **The Canadian National Record for Swine**, 1896

Fertile Crossings Pietro Deandrea,2021-11-01 In retracing some of the routes followed by West African literature in English over the course of the last three decades this book employs an original multidimensional approach whereby the three main genres narrative poetry and drama are considered in the light of their intricate web of fecund rapport and mutual influence Authors such as Tutuola Armah Aidoo and Awoonor translated the fluid structures of orality into written prose and consequently infused their works with poetic and dramatic resonance thereby challenging the canonical dominance of social realism and paving the way for the birth of West African magical realism in Laing Okri and Cheney Coker Starting in the 1970s poetry on

stage has become a mainstream genre in Ghana thanks to performances by Okai Anyidoho and Acquah Boundaries between literary theatre and other genres have undergone a similar dissolution in the affirmation of the concept of total art from Efua Sutherland to ben Abdallah Osofisan and others Fertile Crossings offers a study of these topics from various viewpoints blending in depth textual analysis with reflections on the political import of the works in question within the context of the present state of African societies all supported by interviews with most of the authors **The Magic Wand** ,1911
