## **Logotherapy In Action:**

Psychotherapy with Dignity Elisabeth Lukas, Heidi Schönfeld, 2021-09-09 Founded by Viktor E Frankl logotherapy is a form of psychotherapy that has proven itself over decades through periods of war and prosperity to work for the happiness and mitigate the unhappiness of all sorts of people It has an impressive track record of success It helps people to remain mentally supple in crisis situations and opens up new possibilities for discovering meaning Its sophisticated methods all rely on the inalienable dignity of the unique person who is trusted in the interplay of freedom and responsibility to outgrow his or her own problems and weaknesses In this book two experts in logotherapy report on their experiences Through real case histories and expert discussion readers discover for themselves just how beneficial this form of psychotherapy can be

**Logotherapy in Action** Joseph B. Fabry, Reuven P. Bulka, William S. Sahakian, 1979 *The International Forum for Logotherapy*, 1999 **Existential Therapies** Mick Cooper, 2003-05-27 One can only applaud the bravery of an author who gently send up Kierkegaard's wilful obscurantism and cleans out the acrid smoke of Gaulois from the room With welcome clarity and sanity Mick Cooper efficiently lays out the concepts techniques and directions adopted by several key figures in the broad field of existentially informed psychotherapy In an excellent first chapter Mick Cooper pointed out my ontic from my ontological and I could see behind the long words with dashes the true resonance of these ideas with real human and therapeutic issues dilemmas and goals Clinical Psychology This book proves to be a real treasure chest what you always wanted to know about existential psychotherapy but failed to find anywhere else in such a comprehensive clear and concise manner In that sense this publication provides a missing link One merit of the book is its systematic structure As extensive and in part as heterogeneous as existential philosophy and therapy also maybe Mick Cooper had nevertheless been able to build convincing clusters with on the one hand an enormous understanding of details and on the other a far sightedness that like a map provides orientation in the diversity of existential therapy I really appreciate this publication and can recommend it very strongly Person Centred and Experiential Psychotherapies Existential Therapies will I suspect suddenly make existentialism come alive The author Mick Cooper loves his subject it fascinates and enthralls him and we get to experience some of that even though the book is academic The connections and overlaps with person centred psychology are there for us to be but so are the differences Person Centred Practice As an overview of a number of different existential therapies the book is extremely welcome and manages in a relatively short space to cover a wide arena Overall I rate the book highly To pull together a large and somewhat disparate literature then make sense of it and finally retains the reader's interest is difficult Existential Analysis Mick Cooper has done an impressive job in writing a much needed current and user friendly survey of the field of existential therapies If I were to teach this course I would use this book I applaud Mick Cooper for having admirably achieved the aim he set out to achieve All this makes Mick Cooper's book a must read for anyone wishing to explore the topic of existential therapy Society for Laingian Studies Website What makes this book unique is that all the

different strands of Existential philosophy are always clearly linked to practice Counselling and Psychotherapy Journal This is a very fresh book not treading well worn paths and genuinely informing us about a small but important field This is really an indispensable book for anyone who wants to understand existentialist approaches to therapy Self and Society This publication marks a milestone providing an excellent clear and critical overview of the contrasting forms of the approach as it is currently practised Emmy van Deurzen New School of Psychotherapy and Counselling Schiller University London This is a book of superb thoroughness and scholarship an unprecedented guide to existential therapy's chief positions and controversies Kirk J Schneider President of the Existential Humanistic Institute USA Combines scholarship with a writing style that makes difficult concepts accessible This book should be required reading on any course where the existential tradition plays a part and that includes person centred courses and all sympathetic to the idea that psychotherapy is in essence a human encounter where warmth understanding and a deep respect for the individual are key values Tony Merry University of East London What does it mean to practice in an existential way What are the different existential approaches What are their strengths and limitations Existential Therapies addresses these key questions and more by providing students and practitioners with an invaluable introduction to the diverse and multifaceted world of existential therapeutic practices Focusing on practical face to face work with clients the book introduces readers to six key existential therapies discusses key figures and their contributions including Irvin Yalom Emmy van Deurzen Ernesto Spinelli Viktor Frankl and R D Laing compares and contrasts the various approaches highlighting areas of commonality and difference outlines key debates within the existential therapy field provides detailed suggestions for further reading Existential Therapies offers students and practitioners of all orientations much that they can incorporate into their own therapeutic work and each approach is vividly brought to life through therapist client dialogues and case studies Written in an accessible warm and engaging manner Existential Therapies is an essential introduction to this rich vibrant and stimulating field **Applied Logotherapy** Stephen J. Costello, 2019-03-29 This book is a seminal contribution to applied and clinical logotherapy and existential analysis from a philosopher who is also a practitioner It covers twelve essential topics and themes drawing on Dr Viktor Frankl's Viennese School of philosophical psychology from therapeutic techniques such as dereflection paradoxical intention and Socratic dialogue to the mass neurotic triad of aggression addiction and depression It also discusses the cultural malaise of anger anxiety and boredom and the theory and therapy of mental disorders such as neuroses and psychoses criminality and suicidality This unique publication which is both theoretical and practical is intended primarily for psychotherapists philosophers psychologists and psychiatrists but will also appeal to parents teachers students and indeed anyone who wishes to live a life of meaning and mental health **Meaning-Centered Therapy Workbook** Marie Dezelic, 2014-04-30

*Comprehensive Handbook of Psychotherapy, Interpersonal/Humanistic/Existential* Florence W. Kaslow, Robert F. Massey, Sharon Davis Massey, 2004-01-30 Now available in paperback In this volume theoretical frames modalities and

applications are examined for Interpersonal Humanistic Existential psychotherapy Topics range from Culturally Sensitive Psychotherapy with Children to Spiritually Sensitive Therapy and Existential Treatment with HIV AIDS clients

**Self-Action Leadership: the Key to Personal & Professional Freedom** Jordan R. Jensen, 2015-10-09 Self Action Leadership The Key to Personal Professional Freedom is a groundbreaking personal leadership manual that introduces a metaphysical or self help Theory of Everything In the book Dr Jensen interweaves nearly three decades of personal experiences literature reviews and action research into an original Theory and Model of personal leadership called Self Action Leadership In the narrative sections of his book Dr Jensen describes the life and career challenges he has faced and overcame while struggling to manage obsessive compulsive disorder OCD and depression Self Action Leadership is the most comprehensive personal leadership handbook to hit the market since Dr Stephen R Covey's 7 Habits of Highly Effective People

**Viktor Frankl and the Book of Job** Marshall H. Lewis, 2020-01-01 As a Holocaust survivor neurologist and psychiatrist Dr Viktor E Frankl had a personal stake in the effectiveness of his approach to psychology he lived the suffering about which he wrote With this new reading of the Book of Job Lewis further develops Frankl's concept of Logotherapy as a literary hermeneutic presenting readers with the opportunity to discover unique meanings and clarify their attitudes toward pain guilt and death Key issues emerge from the discussion of three different movements which address Frankl's concept of the feeling of meaninglessness and his rejection of reductionism and nihilism the dual nature of meaning and his ideas of ultimate meaning and self transcendence Discovering meaning through participation with the text enables us to see that Job's final response can become a site for transcending suffering

Point of Origin Eric Jon Thomas PhD, 2012-02-15 The Point of Origin investigates the evolution of religious consciousness as an integral reality in the human person The evolution of religious consciousness is an experience found throughout human history beginning with the earliest known human species the Cro Magnon In this work Dr Thomas identifies empirical data that lends itself to his theory that spirituality is not a byproduct of the human phenomena but an essential characteristic of being human The author delves into conscious acknowledgement of the natural law as a universal norm guiding human activity in the wake of the plurality of religious expressions Atheism Buddhism Christianity Islam etc In a crescendo effect of his work Dr Thomas illustrates how mysticism becomes the ultimate expression of religious consciousness in the human experience

*Paradoxical Psychotherapy* Gerald R. Weeks, Luciano L'Abate, 2013-05-24 First published in 1982 Paradoxical psychotherapy has rapidly become one of the most important approaches to family therapy and psychotherapy during the past few years The aim of this book is to present an overview of paradoxical therapy Paradoxical Psychotherapy Theory and Practice with Individuals Couples and Families Is designed for all clinical psychologists Applications are offered for the individual marital and family therapist

The Philosophy Clinic Stephen J. Costello, 2017-01-06 This collection of essays and interviews highlights the modern movement of philosophical practice Taking their cue and call from Socrates summons to know thyself contemporary philosophical

counsellors and practitioners have returned to the ancient understanding of philosophy as consolation and contemplation as a life directed to the loving search for wisdom and clarity Socrates and the Stoics continued this tradition seeing philosophy primarily as a practical way of living in alignment with oneself and the logos Thus interpreted philosophy is a path teaches a method more than pronounces a thesis and issues a living praxis devoted to daily spiritual exercises whose aim is nothing less than the transformation of the self a metamorphosis of the personality This conception of philosophy s essence was lost but was later retrieved by certain philosophers such as Viktor Frankl and Ludwig Wittgenstein in the twentieth century who have unleashed and uncovered philosophy s original therapeutic impulse and intent As such this book will prove of inestimable value to philosophers psychologists psychotherapists psychiatrists counsellors clients and students of these disciplines

**The Doctor and the Soul: from Psychotherapy to Logotherapy** Viktor Emil Frankl, 1965 Emphasizing spiritual values and the quest for meaning in life in its approach to the neurotic behavior by the founder of logotherapy Copyright Libri GmbH All rights reserved

Man's Search For Meaning Viktor E. Frankl, 1985 Frankl s elaboration of his theory that man s primary motivational force is the search for meaning

**Logotherapy and Existential Analysis** Charles L. McLafferty, Jr., Jay Levinson, 2024-04-13 The second volume in the series presents groundbreaking advances of Viktor Frankl s logotherapy and existential analysis with emphasis on the discovery of meaning as central to coping resilience and growth Noted contributors from around the world present empirical and case study evidence for the importance of meaning in diverse populations and settings as well as theoretical and philosophical perspectives on Frankl s body of thought The book opens with a historical perspective of the development of logotherapy and personal experiences of those close to Frankl A section on the amelioration of suffering provides insights into moral injury and finding meaning in blows of fate unavoidable suffering death the injustice of poverty and international conflict Powerful case studies address Frankl s tragic triad guilt suffering death facing the end of life PTSD childhood sexual abuse neglect and suicide prevention Empirical studies address the search for purpose in life qualities of meaning among the gifted and service

motivation in college students Meaning centered approaches are applied to working with youth and adults in schools and the workplace Philosophical applications of logotherapy connect Frankl s theory with Buddhist thought and a flaw in the nature vs nurture theory the dimensional ontology is expanded into four dimensions Book reviews evaluate topics of interest to logotherapists Topics include Case studies using logotherapy in diverse settings Meaning centered programs and interventions in the workplace Innovative approaches to finding meaning with at risk children and young adults Applications of logotherapy in military and childhood PTSD Cross disciplinary collaboration of logotherapy with rational emotive therapy cognitive behavior therapy positive psychology and Therav da Buddhism Philosophical applications and extensions of logotherapy Empirical studies on processes and measures of logotherapy Volume II of Logotherapy and Existential Analysis is intended for caregivers practitioners researchers and students in the fields of logotherapy mental health education workplace management industrial psychology and laypeople interested in finding meaning *Logotherapy* Neil A. Soggie,2016-08-30 Following World War II Viktor Frankl revolutionized the field of psychotherapy with the inception of logotherapy With Logotherapy Viktor Frankl Life and Work Soggie offers a compelling and comprehensive introduction to both the man and his contribution to psychotherapy Through the examination of Frankl s life as a boy to his days in a concentration camp and his post war work Soggie paints a rich portrait of Frankl and the origins of logotherapy Complete with in depth explanations of logotherapy s key concepts including dimensionalism love responsibility and freedom of the will this book serves as a great complement to Frankl s own works and a valuable resource to practitioners and therapists in training alike *Man's Search For Ultimate Meaning* Viktor E. Frankl,2018-09-11 Viktor Frankl bestselling author of Man s Search for Meaning explains the psychological tools that enabled him to survive the Holocaust Viktor Frankl is known to millions as the author of Man s Search for Meaning his harrowing Holocaust memoir In this book he goes more deeply into the ways of thinking that enabled him to survive imprisonment in a concentration camp and to find meaning in life in spite of all the odds He expands upon his groundbreaking ideas and searches for answers about life death faith and suffering Believing that there is much more to our existence than meets the eye he says No one will be able to make us believe that man is a sublimated animal once we can show that within him there is a repressed angel In Man s Search for Ultimate Meaning Frankl explores our sometimes unconscious desire for inspiration or revelation He explains how we can create meaning for ourselves and ultimately he reveals how life has more to offer us than we could ever imagine [Guideposts to Meaning: Discovering What Really Matters](#) Joseph B. Fabry,2021-10-22 Now in its second edition in English Guideposts to Meaning has numerous exercises scales and profiles for examining your values and beliefs The book offers each person an opportunity to discover meaning and purpose in life **Bodies of Knowledge in Psychosocial Practice** Roann Barris,Gary Kielhofner,Janet Hawkins Watts,1988
