**Five Go Off in a Caravan** Enid Blyton, 2020-04-21 Just when the Five were wondering what to do for their summer holiday a circus with all its gay caravans and performing animals came along the road This gave them the thrilling idea of going off in a caravan themselves And thrilling they found it for when at last they caught up with the circus it was plain that some of the characters had more sinister ways of passing their time than clowning in the Big Top Without Timmy and Pongo the chimpanzee the criminals would never have got their deserts and even Anne who had wanted an ordinary holiday not too exciting was sorry when their adventure was all over This is the Five's fifth adventure

**Ghost Hunting** Michael Clarkson, 2015-07-15 Poltergeists mischievous spirits ghosts of the dead or other strange energies are said to be responsible for a good deal of unexplainable phenomena However often the only clues they leave to their existence are floating objects broken or missing household items strange noises and other minor disturbances always rendering the investigations of such claims inconclusive Leaving room for both believers and skeptics the author of this volume examines a smattering of reported poltergeist activity from spooky to thrilling to playful from around the world to better understand the nature of poltergeists and the likelihood of these seemingly paranormal occurrences

*BullyProof* Rob Fazio, PhD, 2022-05-24 *BullyProof* explains how to win when interacting with alpha personalities All bullies are alphas but not all alphas are bullies Alphas are people who take charge of situations whether they are the expert or identified

leaders More often than not alphas are perceived as bullies and it s not always intentional The challenge is that when interacting with alphas the reaction is often emotional and results in two actions 1 punch back harder fight or 2 avoid and run flight This results in a cycle of dysfunction and losing People are programmed to hate people who push them around and that hate cloud strategy The best approach is to find a fit which will give someone a better chance of getting what they want Amazingly it also breaks the cycle of dysfunction fighting and avoidance and allows alphas to see the value in partnering and not winning at all costs BullyProof is not a book about giving up giving in or losing Contrary to popular belief power is something anyone can build in themselves and others Dr Fazio explains that there are ways to win that don t focus on making sure someone loses People love the underdog Dr Fazio has spent the last 20 years advising underdogs and the top dogs What he has found through his original research client experience and life experience has revealed that strength is the critical factor for success It helps the powerless gain power and the powerful be more mindful of the impact of their power More specifically an underused but incredibly effective approach to influence is leveraging subtle strength This is an intentional influence that demonstrates calm confidence backbone and respect
