The Khasi Milieu H. Onderson Mawrie, 1981 On the Khasi people of Northeastern India Khasi Milieu (the)/ Also An Introduction To The Study Of Tribal Religions H.O. Mawrie, Sujata Miri, 1981 *Decolonizing Ecotheology* S. Lily Mendoza, George Zachariah, 2022-02-18 Decolonizing Ecotheology Indigenous and Subaltern Challenges is a pioneering attempt to contest the politics of conquest commodification and homogenization in mainstream ecotheology informed by the voices of Indigenous and subaltern communities from around the world The book marshals a robust polyphony of reportage wonder analysis and acumen seeking to open the door to a different prospect for a planet under grave duress and a different self assessment for our own species in the mix At the heart of that prospect is an embrace of soils and waters as commons and a privileging of subaltern experience and marginalized witness as the bellwethers of greatest import Of course decolonization finds its ultimate test in the actual return of land and waters to precontact Indigenous who yet have feet on the ground or paddles in the waves and who conjure dignity and vision in the manifold of their relations in spite of ceaseless onslaught and dismissal Their courage is the haunt these pages hallow like an Abel never entirely erased from the history May the moaning stop and the re creation begin Forest in the Life of the Khasis Rekha M. Shangpliang, 2010 Study based on the tribal communities of Meghalaya India Revisiting Traditional Institutions in the Khasi-Jaintia Hills Charles Reuben Lyngdoh, 2016-12-14 Traditional institutions in the Khasi Jaintia society are living organisms which have existed for centuries and internally evolved from one phase to another Despite having come into contact with newer and more modern forms of administration they continue to exist backed by local public opinion that has called for their continuity amidst diminishing responsibility and utility This collection of papers explores the landscapes of traditional institutions that exist in the present Khasi and Jaintia Hills in Meghalaya India The chapters blend oral tradition with historical records and available sources from secondary literature They examine the interplay of power and functions between the constitutional authorities such as the state government and the Autonomous District Councils and traditional authorities represented by the traditional institutions **Placing the Frontier in British North-East India** Reju Ray, 2023 This book is about the entanglements of colonial law space and place in regions defined as frontiers in British India **Terrorism in India's North-east** Ved Prakash, 2008 **Philosophie asiatique/Asian philosophy** Guttorm Fløistad, 2012-12-06 The present publication is a continuation of two earlier series of chronicles Philosophy in the Mid Century Firenze 1958 59 and Contemporary Philosophy Firenze 1968 edited by Raymond Klibansky As with the earlier series the present surveys purport to give a survey of significant trends in contemporary philosophical discussion The need for such surveys has I believe increased rather than decreased over the last years The philosophical scene appears for various reasons rather more complex than ever before The continuing process of specialization in most branches the emergence of new schools of thought particularly in philosophical logic in the philosophy of language and in social and political philosophy the increasing attention being paid to the history of

philosophy in discussions of contemporary problems as well as the increasing interest in cross cultural philosophical discussion are the most important contributory factors Surveys of the present kind are a valuable source of knowledge about this complexity and may as such be of assistance in renewing the understanding of one's own philosophical problems The surveys it is to be hoped may help to strengthen the Socratic element of modern philosophy the world wide dialogue or Kommunikationsgemeinschaft So far six volumes have been prepared for the new series The present surveys in Asian Philosophy Vol 7 follow the surveys in the Philosophy of Language and Philosophical Logic Vol I Philosophy of Science Vol 2 Philosophy of Action Vol 3 Philosophy of Mind Vol 4 African Philosophy Vol 5 and Medieval Philosophy Part 1 2 Vol 6

Welsh missionaries and British imperialism Andrew May, 2017-02-01 In 1841 the Welsh sent their first missionary Thomas Jones to evangelise the tribal peoples of the Khasi Hills of north east India This book follows Jones from rural Wales to Cherrapunji the wettest place on earth and now one of the most Christianised parts of India As colonised colonisers the Welsh were to have a profound impact on the culture and beliefs of the Khasis The book also foregrounds broader political scientific racial and military ideologies that mobilised the Khasi Hills into an interconnected network of imperial control Its themes are universal crises of authority the loneliness of geographical isolation sexual scandal greed and exploitation personal and institutional dogma individual and group morality Written by a direct descendant of Thomas Jones it makes a significant contribution in orienting the scholarship of imperialism to a much neglected corner of India and will appeal to students of the British imperial experience more broadly
