Kill The Witch:

How to Kill a Witch Claire Mitchell, Claire Mitchell & Zoe Venditozzi, 2025-05-15 Fascinating and illuminating this book tempers the justifiable rage with sharp and funny pinpricks to the pompous VAL MCDERMID author of *Past Lying* As well as highly entertaining read *How To Kill A Witch* is a tour de force of research understanding and compassion PROFESSOR SUE BLACK author of *All That Remains* Serious and angry but so completely accessible *How To Kill A Witch* is a work of real historical investigation and a fierce warning for our times MALCOLM GASKILL author of *The Ruin Of All Witches* At a time when women s rights are once again being threatened across the globe this book could not be a more timely read if it tried SHIRLEY MANSON *Garbage Two* of Scotland s most vivid storytellers THE TIMES As a woman if you lived in Scotland in the 1500s there was a very good chance that you or someone you knew would be tried as a witch Witch hunts ripped through the country for over 150 years with at least 4 000 accused and with many women s fates sealed by a grizzly execution of strangulation followed by burning Inspired to correct this historic injustice campaigners and writers Claire Mitchell KC and Zoe Venditozzi have delved deeply into just why the trials exploded in Scotland to such a degree In order to understand why it happened they have broken down the entire horrifying process step by step from identification of individuals to their accusation pricking torture confessions execution and beyond With characteristically sharp wit and a sense of outrage they attempt to inhabit the minds of the persecutors often men revealing the inner workings of exactly why the Patriarchy went to such extraordinary lengths to silence women and how this legally sanctioned victimisation proliferated in Scotland and around the world With testimony from a small army of experts pen portraits of the women accused trial transcripts witness accounts and the documents that set the legal grounds for the hunts *How to Kill A Witch* builds to form a rich patchwork of tragic stories helping us comprehend the underlying reasons for this terrible injustice and raises the serious question could it ever happen again **To Kill a Witch** Bill Knox, 1971 **To Kill a Witch** Drew G. Myers, 1985-05-01 *Power of the Witch* Laurie Cabot, Tom Cowan, 2013-12-18 The earth the moon and the magical path to enlightenment Written by a practicing witch who conducts classes and seminars on witchcraft the oldest Western religion a means of power and enlightenment and a healing art Laurie Cabot has written a fascinating account of a beautiful and sadly misunderstood religion witchcraft She has with her life and work done a great deal to legitimize this ancient pagan form of worship I am among the ecumenical Christians who have discovered the truth about witchcraft that it is neither demonic nor evil *Power of the Witch* is a marvelous introduction to the magical and highly ethical world of wicca Whitley Strieber [Murder, Witchcraft and the Killing of Wildlife](#) Stephen Rabey Matthews, 2020-02-19 This was the time of the Belgian Congo debacle where ethnic cleansing coincided with Steve s first police posting near the Northern Rhodesia border with the Congo at the age of 21 He graphically describes being knifed ambushed stoned wounded by bow and arrow and shotgun and had his hand broken several times He saved the life of President Kaunda from a potential assassination attempt and acted as a driver and

bodyguard to President Tsombe of the breakaway state of Katanga Steve was solely responsible for exposing and tracking down a dangerous British Army deserter and communist spy working in the Congo and Northern Rhodesia Zambia seeing him neutralised and his operation disbanded Throughout the book he gives full credit to his African police colleagues for their immense courage humour loyalty and total dedication The book will stand out because it depicts unique true stories of dealing with witchcraft murders and cannibalism in all its repugnant forms Steve personally thwarted an ambush on a group of famous Congo mercenaries known as the Wild Geese He describes incidents of black magic kidnapping arson gunrunning and people trafficking He successfully detected the first computer fraud in the territory and later for the first time brought back a European fugitive in a series of fraud cases to face justice from the atrocious apartheid country of South Africa of being given a government award for his part in combatting the slaughter of wildlife and in taking part in the search for the downed aircraft of the United Nations Secretary General Dag Hammarskjöld still the subject of much controversy today Steve's life was saved several times by his courageous Doberman Alex regarded as a witch doctor by local tribes This is the true action packed unadulterated stories of those frantic and dangerous years where a young police inspector found himself confronted by fearsome actions and events well beyond his complete understanding while serving in the elite police force in Northern Rhodesia now Zambia which was then a British Protectorate prior to independence Steve has strived not to duplicate any of these true stories which provides an indication of just how involved and energises his dedicated years of service really were Nevertheless he pushed on regardless with the realisation that he was doing an important and necessary job for the benefit of the unprivileged peoples of the country yet the police were fighting on two fronts trying to protect the vulnerable citizens and at the same time endeavouring to stop the slaughter of the country's wildlife **Witch~Vamp**
