## Killing The Blues:

A la Carte Drew K Swindells,2024-07-04 A la Carte poetry from a bipolar mind This is a debut collection of poetry thoughtful deep sometimes humorous I write mainly about mental health love and lost love I especially like emotional dark pieces that pack a punch and somewhat old fashioned romance I use a pen name sometimes the manic poet I also introduce the semi colon into my work it's a mental health symbol meaning survival i.e an author could have used a full stop but decided to carry on instead Gold and silver another metaphor also make some appearances     *Robert Plant* Dave

Thompson,2014-09-01 Robert Plant The Voice That Sailed the Zeppelin follows the iconic singer through his heights of fame with classic rock giant Led Zeppelin his second life as a multimillion selling solo artist and his more idiosyncratic pursuits A wealth of former associates lend their voices and recollections to an account that steps far beyond the tried and tested tales of Zeppelin's life and times This all new biography details Plant's early years as an unknown in Birmingham England with fresh depth and insight It likewise tells the Zeppelin story from new and unexpected angles focusing on Plant's contributions to the band's success and on the toll effect of that success on him as a performer and an individual After drummer John Bonham died in 1980 and Zeppelin broke up Plant went solo two years later in time becoming the only former band member to maintain an unbroken career to this day His single mindedness in meeting this challenge might well be his greatest personal attribute enabling him to push forward without regard for his past or any related expectations Dave Thompson shows how it is Plant's determination alone that ensured Zeppelin reunions would not become a routine part of the classic rock furniture as he created a body of work that in so many ways artistically rivals what he recorded with the band     *On Looking* Lia Purpura,2006 Purpura's beautifully wrought second collection of lyric essays addressing the ethics and aesthetics of seeing     **The Theatre of August Wilson** Alan Nadel,2018-05-17 The first comprehensive study of August Wilson's drama introduces the major themes and motifs that unite Wilson's ten play cycle about African American life in each decade of the twentieth century Framed by Wilson's life experiences and informed by his extensive interviews this book provides fresh coherent detailed readings of each play well situated in the extant scholarship It also provides an overview of the cycle as a whole demonstrating how it comprises a compelling interrogation of American culture and historiography Keenly aware of the musical paradigms informing Wilson's dramatic technique Nadel shows how jazz and particularly the blues provide the structural mechanisms that allow Wilson to examine alternative notions of time property and law Wilson's improvisational logics become crucial to expressing his notions of black identity and resituating the relationship of literal to figurative in the African American community The final two chapters include contributions by scholars Harry J Elam Jr and Donald E Pease     Works Honoré de Balzac,1901     **T Bone Burnett** Lloyd Sachs,2016-09-20 This first critical appreciation of T Bone Burnett reveals how the proponent of Americana music and producer of artists ranging from Robert Plant and Alison Krauss to B B King and Elvis Costello has profoundly influenced American music and culture T Bone Burnett
